

60404 THEATRE ARTS AA

PROGRAM LEARNING OUTCOMES

- Students will demonstrate appreciation for participation in theatre as both an artist and spectator.
- Students will integrate personal strategies for working collaboratively with others in theatrical contexts.
- Students will foster a hard work ethic, self-discipline, creative problem solving skills, and a sense of artistic integrity when working independently.
- Students will identify how theatre reflects the cultural values of society and how drama played a part in each age's enhancement of its cultural growth.
- Students will apply discipline-specific skills to the creation of a performance.
- Students will investigate and apply critical thinking to understand the human condition.
