

Position Opening Notice

Electrical and Instrumentation Technology Associate Professor

College and Area Information:

Eastern Arizona College's District Offices are located in Thatcher, Arizona, a beautiful rural area with easy access to arid as well as mountainous recreation. The College is located approximately 125 miles northeast of Tucson and 165 miles southeast of Phoenix. EAC is a comprehensive community college offering five associate degrees across nearly 50 programs of study. Eastern Arizona College is the oldest member of the Arizona Community College system and is fully accredited by The Higher Learning Commission of NCA.

Organizational Relationship:

The Electrical and Instrumentation Technology AP reports to the Chairperson of the Industrial Technology Education Division.

Required Qualifications:

- Minimum five years recent occupational experience in electrical and instrumentation technology or an appropriate related field plus a minimum two years occupational experience in a supervisory or training capacity.
- Current industry recognized licenses or certifications in the field(s) to be taught.
- Ability to teach Electrical and Instrumentation Technology courses in an intensive occupational certification program to include AC and DC systems, conduits and raceways, process control, microprocessors, and instrumentation.
- Ability to relate well to students from diverse backgrounds and varying levels of education and experience.
- Ability to model, develop and maintain safe classroom and operational processes and environments while adapting to emerging operational conditions and technologies.
- Ability to work closely with industry partners to develop relevant curricula and supervise student internships.

Preferred Qualifications:

- Bachelor's degree in Electronics, Industrial Education, or related field; or, an Associate Degree including 64 credit hours plus five or more years of experience in the field and industry certifications.
- Experience in the mining industry.
- Ability to work well within a departmental structure.
- Ability to use computers to supplement instruction.
- Ability to teach introductory welding and/or hydraulics courses.
- A clear understanding of and commitment to the community college philosophy and goals.

Responsibilities:

- Teach a variety of community college occupational electrical and instrumentation technology courses.
- Teach a minimum of 32 adjusted load hours per year. Up to six adjusted load hours of overload may be required per semester.
- Maintain a minimum accountability week of 35 hours on campus for teaching, advising, helping students, class preparation, consultation with colleagues, and other related activities.
- Be responsible for updating course outlines and pre-and post-tests and developing curriculum.
- Serve on institutional committees as assigned.
- Serve as a faculty advisor to students.
- Perform other duties as assigned.

Application Information:

Applicants should send a letter of application addressing each of the required and preferred qualifications and describing experience related to the position responsibilities, a vita, transcripts (if copies are sent, official transcripts must be on file prior to the date of hire), a signed copy of the EAC application form, and a minimum of three written confidential letters of professional references, to:

Eastern Arizona College is in compliance with Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, and the Rehabilitation Act of 1973, and does not discriminate on the basis of race, creed, color, national origin, disability, age, or sex in any of its policies, practices, or procedures. This includes, but is not limited to, admissions, employment, financial aid, educational services, programs and activities. Eastern Arizona College is in compliance with the Crime Awareness and Campus Security Act of 1990 as revised. The Annual Security and Fire Safety Report that includes all reported campus crimes is available on the EAC website and can be accessed at http://www.eac.edu/About_EAC/Consumer_Information/report.pdf. A paper copy of the report will be provided upon request.

A daily crime log is available from the EAC Police Department upon written request.
