## Scholarship selection process for Fall Semester starting students.

Scholarship applications are reviewed around mid to late march. Award notification begins mid-April.

Scholarship awards for the upcoming year (2019-20) are selected and students notified around mid-April.

If students are selected for any academic scholarship, they are notified via their Monster Mail.

If students are <u>not</u> selected for scholarship, there is <u>no</u> notification. If you have not received scholarship notification by the end of May, you should make your financial plans <u>without</u> the assistance of an academic scholarship.

There is not a formal selection process for Spring Semester starting students. Students seeking spring scholarships should visit the EAC Admissions/Scholarship office for information about spring scholarship opportunities.
