Some universities offer a 4 year Sociology degree that does not require a foreign language. Check with the university you are interested in transferring to for more information.

For universities that do require a foreign language select from the following options:

- If you have no foreign language coursework completed, take the French or Spanish 101, 102, 201, 202 course sequence offered at EAC.
- If you have completed two years of high school French or Spanish courses, take the 201, 202 course sequence at EAC. These two courses will fulfill your foreign language requirement.
- If you have completed four years of high school foreign language courses or have obtained foreign language ability at the 202 course level in some other manner, testing options are available to demonstrate your proficiency. Contact the Records and Registration Office for more information.

-
- Any foreign language at the 202 course level may be transferred from an accredited college or university.
