WORK STUDY JOB POSITION

Lab Assistant
ITE
Mark Andreason

Position Summary:

The electrical and instrumentation professor needs a talented, hardworking individual that isn't afraid of doing some work in the classroom and throughout the Industrial Technology Building. The ideal candidate will have the E&I certificate, and can be in pursuit of the Electrical Associate's Degree. Duties will include helping with labs with small, supervised lab maintenance repair and upkeep, grading papers and tutoring on occasion building and running lab work and small maintenance issues in the building. This position will not require the individual to the maximum earnings of other work study students since the hours are minimal. It will be an excellent opportunity for the selected individual to get some real experience while earning a little walking around money. Must fill out and submit a work study application to the work study department supervisor. Once you have been hired, a copy of your work study application must be turned in to the Financial Aid Office and all necessary documents, including a payroll packet, need to be submitted to the Human Resources Department.
