<b>Number</b> :		<b>6270.01</b>
<b>Approved</b> :		<b>04/08/92</b>
<b>Reference</b> :		

The function of education is to present the student with materials which will enable wise and intelligent choices. It is imperative that the student be provided with a sufficient variety of materials upon which to make those choices. The public function, however, necessarily limits that material in respect to the rights of minors and non-consenting adults. Individuals or groups desiring to display materials or to perform in College facilities shall be expected to respect these rights.

Challenges shall be presented in writing to College's Chief Academic Officer for dissemination to the Lyceum Committee and shall address, at a minimum, the following:
