- Scholarship

PRESIDENT'S WELCOME

The faculty, staff, and students of Eastern Arizona College welcome you!

Eastern is the oldest member of the Arizona Community College system and enjoys a rich tradition of educational excellence, achievement, and commitment. Even though we have a long history and are located in a rural area, our technology is cutting-edge and our faculty is qualified and caring. This is the best place to get a good start. Fully accredited by the North Central Association, Eastern offers numerous

Associate degree and Certificate programs. Students are prepared for immediate entry into the job market or successful transfer to a university of their choice. Our campus is the most beautiful in the state of Arizona.

Remember, the will to succeed is nothing without the will to prepare. We are committed to helping you become a champion at life. We sincerely hope that your visit with us is joyful and rewarding.

Futures begin at Eastern Arizona College!

HISTORY

Eastern Arizona is a public community college. Founded as St. Joseph Stake Academy in 1888, it provided education for the youth of the Gila Valley from 1890 until 1933. The institution introduced junior college courses in the early 1920s.

On March 25, 1933, it became a public county institution under the authority of the Arizona State School Code and was renamed Gila Junior College. On July 1, 1950, the name of the College was changed from Gila Junior College to Eastern Arizona Junior College.

In 1962, the College became the first official state junior college in the newly formed Arizona State System of Community and Junior Colleges. In 1966, the word "Junior" was dropped from the name of the institution.

EAC ALUMNI ASSOCIATION

The Eastern Arizona College Alumni Association was organized by President Emil Maeser, fourth President (1898-1903) of the Latter-day Saint Academy during the spring term in 1900.

The EAC Alumni Association has played a significant role in the history of Eastern Arizona College. Beginning with Old Main, down through the completion of the Memorial Bell Tower, Eastern's alumni have contributed to the growth and development of the College.

Today, the Alumni Association boasts a membership of over 30,000 individuals. The Alumni Association has a Board of Directors and three standing committees to assist in fulfilling its purposes. The Alumni Association provides scholarships, reunions, and other alumni events to support current students and alumni.

Together, we are building a bright and vibrant future for all who come and experience Eastern Arizona College.

EAC FOUNDATION

The Eastern Arizona College Foundation is a non-profit corporation that is fiscally and organizationally separate from the College. The Foundation is empowered to receive gifts, bequests and endowments, which are tax deductible to the donor.

Through the EAC Foundation, a variety of ways have been developed for individuals and businesses to support Eastern Arizona College.

These gifts come to the Foundation in the form of cash, marketable securities, real property, bequests, and gifts-in-kind. Special gift provisions can also be made through a will, by gifts of insurance policies, or the establishment of an endowment or a trust.

Gifts to the Foundation may be given for a specific purpose or given without restriction. Donations can also be arranged to obtain the maximum tax benefit to the donor while at the same time providing support for the mission of the College. The Foundation staff, with the assistance of your attorney or accountant, can provide additional information on the donor plan that is best for you.

For over 100 years, support for Eastern Arizona College and its educational mission has come in many forms. It is the continued generosity and commitment of alumni, businesses, and friends of the College that has been instrumental in helping Eastern produce students ready for success and achievement in the world of tomorrow. If you would like more information, please contact the executive director of the EAC Foundation at (928) 428-8295 or 1-800-445-2472.

gila county campuses

In association with Eastern Arizona College

MISSION STATEMENT

The Gila Community College District creates and continuously improves affordable, accessible, effective, and safe learning environments for the lifelong educational needs of the diverse communities we serve. Our campuses fulfill this mission through:

- University Transfer Education
- Developmental Education
- Workforce Development
- Continuing Education
- Community Education
- Community Services
- Cultural Activities
- Economic Stimulation Activities
- Adult Literacy Activities

The College is dedicated to providing individual attention and assessment as well as instructional and developmental courses to ensure that each student has access to the skills needed to achieve academic success. As a leading partner in community development, we contribute to the advancement of individual, social, economic and cultural interests in the region. We measure our success in fulfilling our mission by:

- Student enrollment
- The academic success of our students
- Community response to our program offerings
- The degree to which we satisfy the needs of community business/industry for skilled workforce

GILA COUNTY SCHOLARSHIPS

Departmental, Scholar, Preferential, Senior Citizen, and Resident/Community Involvement Scholarships are available at Gila Community College. Both new and returning full-time students are eligible for scholarships. Scholarship applications will begin to be reviewed and awards made after the March 1st priority date for the following academic year. Applications should be submitted as early as possible; however, applications received after March 1 will be considered as long as scholarship funds are available. If you're selected to receive a scholarship you will be notified by mail and must acknowledge your acceptance in writing within 15 days of the date of notification. You may request Gila Pueblo scholarship application forms from the Scholarship/Financial Aid Office, Gila Community College (Globe: 928-425-8481, Payson: 928-468-8039, and San Carlos: 928-475-5981).

The Scholarship Officer has, as a matter of official policy, the right and obligation to discontinue any award made by or through the College upon receipt of verified evidence that a recipient of such an award has, either on the campus or in the community, demonstrated citizenship incompatible with standards of the College. This policy applies to all varieties of aid, as well as to academic, music, athletic, or special scholarships.

enrollment

EASTERN ARIZONA COLLEGE IS A PLACE where you'll make friends easily and feel at home instantly. Small class sizes and highly qualified, committed instructors ensure a quality education. And outside the classroom, opportunities for personal growth and enrichment abound. Whatever direction you take, there's no better starting point than Eastern.

EAC's ethnically diverse student body represents more than 36 states and territories and 11 foreign countries.

HOW DO I ENROLL FOR THE FIRST TIME AT EAC?

Becoming a student at EAC is easy! If you've never attended Eastern Arizona College, you are admitted by establishing a record at EAC. There are three convenient ways to do this.

You may complete and submit the Admissions Form over the Web at www.eac.edu, or

Call Operator Assisted Registration during business hours at (928) 428-8270 or 1-800-678-3808, Ext. 8270 and we'll take the information over the phone, or

Complete the Admissions Form which is found in each printed class schedule and:

- Mail it to: EAC Records and Registration, Thatcher, AZ 85552-0769
- Fax it to: EAC Records and Registration, (928) 428-3729
- Bring it to the Records and Registration Office in the College Student Services Building between 8:30 a.m. and 4:30 p.m., Monday through Friday.

Contact the Records and Registration Office at (928) 428-8270 or 1-800-678-3808, Ext. 8270 for more information.

The act of enrolling in courses at the College indicates you agree to be subject to all the requirements, policies, and regulations in the College Catalog, Schedule of Classes and Student Handbook, and agree to establish a permanent college academic record. You further acknowledge that in order to be admitted to other colleges or universities you may be required to send this academic record to those institutions. Your enrollment also certifies your understanding that the content of EAC courses is designed for adult students and if you are a younger student you may feel constrained from participating in class discussions due to the maturity and age of other students, in addition to the subject matter being discussed.

If you are a resident of Apache, Greenlee, or Santa Cruz County in Arizona and you plan on enrolling in classes on the Thatcher Campus or at any other Graham County site, you need to complete an Out-of-County Residence Affidavit. The Affidavit form is available from the Records and Registration Office. We will be glad to mail the form to you.

We will be happy to evaluate your credits earned at other colleges or universities. You will need to have an evaluation completed if you:

- Want to receive credit for prior college work, or
- Need to show that prerequisites have been met, or
- Will be participating in intercollegiate athletics at EAC and need to establish eligibility.

Arrange for an official transcript to be sent directly to the EAC Records and Registration Office from every college you have attended. If the transcript you wish evaluated is from a non-Arizona college or university, please arrange to have course descriptions of

the transcript courses also sent to the EAC Records and Registration Office. Be sure the descriptions are from the catalog for the year the course was taken.

ORIENTATION AND REGISTRATION ASSISTANCE

Eastern Arizona College offers Orientation and Registration Assistance for new students. The Orientation Program is designed to familiarize you with available services, registration procedures, and degree requirements. Orientation can be obtained in several ways:

1. A complete review of the College catalog, class schedule and student handbook will provide a good orientation to EAC. These publications are available at the College's Web site. You may also call the Admissions and Scholarships Office at (928) 428-8272 or 1-800-678-3808, Ext. 8272 to request these publications be mailed to you.
2. A Web-based orientation to Eastern Arizona College can be accomplished by studying the contents of the EAC site at www.eac.edu. The opportunity to submit questions by e-mail is provided.
3. Students registering for the first time can expect the following assistance from Counseling Staff:
 - Academic Planning: you will learn how to use the tools necessary for planning your college program.
 - Advising: Counselors and Faculty Advisors will be available to assist you.
 - Registration Assistance: We will assist you with learning how to use our registration systems.
4. It is highly recommended that all first time, full-time students successfully complete a semester long orientation class, CSL 109, Orientation to Student Success. This class provides the student with instruction in study skills, time management and also provides the opportunity to obtain vital information about Student Life activities, Library Services, Financial Aid, and Academic Planning. Sections are taught by faculty in each of the academic divisions, giving the student the opportunity to work closely with someone in the division containing their major. Undecided students will be provided with the opportunity to explore career options. Students should complete this class in the first or second semester of their full-time enrollment.

Call (928) 428-8253 or 1-800-678-3808, Ext. 8253 or send an e-mail to counseling@eac.edu for more information.

READING, ENGLISH AND MATH PLACEMENT TESTING

All new or continuing, full or part-time students who intend to make initial enrollment in a mathematics, English Composition,

or any other general education class are required to take the appropriate placement test. Because students must, as a condition of graduation, demonstrate a reading proficiency at the 10th grade level for the AAS degree and at the 12th grade level for the AA, AS, ABUS or AGS degree, all students are required to complete the reading placement test. In addition, initial enrollment in most general education classes require reading proficiency at least at the 10th grade level. The reading placement score will determine if graduation requirements and initial general education enrollment requirements have been met or if developmental reading courses are needed.

Placement in English composition and mathematics courses based on placement testing scores is mandatory and will be determined by a student's respective placement test scores. Nonetheless, students may choose to enroll in a mathematics class that is one level higher than the course designated by their testing score. Students choosing to enroll in a higher level course must sign a form indicating that they are aware that they are not enrolling in the proper course and that enrolling in the higher level course could affect their academic standing.

The requirement that you take placement testing will be waived if:

- You have taken either the ASSET or COMPASS placement tests previously and can provide EAC with scores.
- You are a transfer student and can provide an official transcript showing a grade of "C" or better in college level English or math.
- You have taken the ACT or SAT and can provide evidence you have achieved the following minimum scores:

English Minimum Score	Math Minimum Score
ACT English Score of 21*	ACT Math Score of 21**
SAT Verbal Score of 530	SAT Math Score of 520

Reading Minimum Score

ACT Reading Score of 18***
SAT Verbal Score of 530

*Student will be placed in ENG 101, Written Communications I.

**Student will be placed in MAT 154, College Algebra.

***Student will have met the graduation reading requirement for the AAS, AA, ABUS, AGS and AS Degrees.

Check with the Records and Registration Office at (928) 428-8270 or 1-800-678-3808, Ext. 8270 to see if we have your ACT or SAT scores on file.

How to take placement tests:

1. You may take placement tests by appointment during regular business hours on the Thatcher campus. For more information, contact the Counseling Department at (928) 428-8253 or 1-800-678-3808, Ext. 8253 or send an e-mail to counseling@eac.edu.
2. Scheduled placement testing is also offered at other EAC locations as follows:

Greenlee County, Morenci High School-EAC Office	
Monday, August 13, 2012	4:00 p.m.
Monday, January 7, 2013	4:00 p.m.

INTERNATIONAL STUDENTS

International students may be admitted to Eastern Arizona College. Notice will be sent to the student indicating either acceptance or denial after the Records and Registration Office has received all of the following items. Contact the Records and Registration Office to obtain forms and more information. All items need to be received by August 1 for Fall Semester and by December 1 for Spring Semester.

- Admissions Form
- \$25 non-refundable application fee payable in U.S. Dollars, or in the form of an International Reply Coupon issued through a government or postal office overseas

- Housing Application and deposit (if College housing is desired)
- Official transcript of high school and college work
- Completed medical examination
- TOEFL test scores. The minimum TOEFL paper-based test score we accept is 500 and the minimum TOEFL computer-based test score we accept is 173. For information on the TOEFL, write to Test of English as a Foreign Language, Educational Testing Service, Princeton, NJ 08540, USA. You may be admitted without TOEFL scores contingent upon participation in a college language training program designed and approved to meet your individual needs.
- Letters of recommendation from two persons, preferably officials from the student's former school
- Certification of Finances
- Proof of hospitalization insurance

After being admitted to Eastern Arizona College, the International Student is responsible for completing all Immigration and Naturalization Service (INS) requirements. Students may not enroll in classes at Eastern Arizona College without the I-20 Certificate of Eligibility form on file in the Records and Registration Office.

WHAT ABOUT MY RESIDENCY?

State Residency: No person having his/her domicile elsewhere than in the State of Arizona shall be eligible for classification as an in-state student for tuition purposes. The minimum requirements for residency are:

1. Continuous physical presence in the state for one year
2. Financial independence from out-of-state parents
3. Evidence of intent to establish residency
4. Compliance with Proposition 300 (see page 180).

For more information, refer to the disclosure section of the College Catalog on page 180, or contact the Records and Registration Office.

County Residency: Arizona residents from counties in which there is no established community college district (Apache, Greenlee, and Santa Cruz) may enroll in credit classes at Eastern Arizona College without payment of out-of-county charges, provided the student completes a properly executed Arizona Out-of-County Residence Affidavit at the time of registration. General Tuition and Fees are still payable.

HOW AND WHEN DO I PAY MY TUITION AND FEES?

Tuition and fees should be paid to the Cashier in the Fiscal Control Office located in the Student Services Building on the Eastern Arizona College campus. Payment should be made at the time of registration. You may pay by phone, online or in person with your VISA, MasterCard, American Express, or Discover card or mail your check or money order to Cashier, Eastern Arizona College, Thatcher AZ 85552-0769. Checks, drafts, and postal or express money orders should be made payable to Eastern Arizona College. Registration is not complete until all tuition and fees and outstanding debts or balances are paid.

If you expect to receive financial aid you need to work closely with the Financial Aid Office to seek and receive financial assistance. If you are seeking aid for the fall semester, you are advised to begin the application process early the previous spring.

Classes will be automatically cancelled if tuition and fees are not paid by August 1 for fall semester and December 15 for spring semester. The Academic Calendar section of the class schedule and catalog specifies the dates by which all fees or financial aid arrangements are due. If payment is not received by these dates, your registration will be cancelled. If your registration is cancelled, you may not be able to get back into all your classes. Don't let this happen to you! Be sure all financial arrangements are made by the date due.

NEW MEXICO (OUT-OF-STATE) TUITION WAIVERS

There are a limited number of Out-of-State tuition fee waivers for residents of New Mexico who wish to attend Eastern Arizona College. To be eligible for consideration, you must:

- Be a resident of New Mexico
- Be admitted to Eastern Arizona College

- Have a minimum 2.0 GPA (a transcript from your most recent school must accompany your application)
 - Fill out a New Mexico Out-of-State Tuition Waiver Application at www.eac.edu/newmexico or request that an application form be mailed to you
 - For priority consideration you should register for classes as soon as possible prior to the semester you plan on attending
- This agreement is made by and between the New Mexico Commission on Higher Education, an “agency” of the State of New Mexico and Eastern Arizona College (and other community colleges in Arizona). The purpose of the agreement is to establish a tuition reciprocity program to enable selected students from New Mexico to enroll at designated institutions of higher education in the State of Arizona with authorization to pay Arizona resident undergraduate tuition rates, and to enable an equal number of selected students from the State of Arizona to enroll at Western New Mexico University in New Mexico with authorization to pay New Mexico resident undergraduate tuition rates.

WESTERN UNDERGRADUATE EXCHANGE (WUE)

WUE is the Western Undergraduate Exchange, a program of the Western Interstate Commission for Higher Education (WICHE). Through WUE, students in western states may enroll in many two-year and four-year college programs at a reduced tuition level: 150% of the institution’s resident tuition. To be eligible for consideration, you must:

- Be a legal resident of participating states—Alaska, California, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington, or Wyoming
- Be admitted to Eastern Arizona College
- Maintain full-time student status while on the waiver having an annual accumulation of 24 credit hours at a minimum 2.0 GPA
- When you apply for admission to Eastern Arizona College—print out a WUE waiver application at www.eac.edu/Academics/Student_Records/pdf_forms/WUE.pdf or request that an application form be mailed to you
- Valid and current supporting documentation from your state of residence must accompany your WUE application:
 - Drivers license
 - Motor vehicle registration
 - State income tax return for previous year
 - High school transcript or diploma
 - Property ownership document
 - Dependency status indicated on parent’s federal income tax return from previous year
 - Bank statement addressed to your state of residency

WHAT IS EAC’S REFUND POLICY?

Tuition and Fees: Refundable tuition and fees are defined as general tuition and out-of-state tuition. All students who officially withdraw from the College or individual semester-length or short-term courses before the close of registration for the course will receive a full refund. Students who withdraw from open entry/open exit courses after the term or semester in which the course is offered has begun will not receive a refund. Fees including class, lab and other special or miscellaneous fees are not refundable.

All refunds and deposits that may be due a student will first be applied to debts that the student owes the College. When federal student aid is used to pay for tuition and fees, the refund will be made to the federal fund, not to the student.

Federal regulations require that if you are a federal financial aid recipient and you totally withdraw from the College on or before the

60% point in the enrollment period, you must return a percentage of the federal aid funds disbursed. For example: if you withdraw at the 30% point of the enrollment period, you earn 30% of all aid that could be disbursed. The remaining 70% of the aid is unearned aid and a portion of the 70% may have to be returned. Further information is available at the Financial Aid Office and/or their web page at www.eac.edu/finaid or in the disclosures section of this catalog.

Cancelled Courses: When the College cancels a course, a full refund will be made for the cancelled course.

Other Refunds: If you wish to appeal the refund policy you may do so by petitioning the Admissions and Academic Standards Appeals Committee. Petitions are submitted online via Gila Hank Online to the Records and Registration Office.

A student in the Armed Forces or the Arizona National Guard who is called to active duty and assigned to a duty station, verifiable by a copy of the orders, will be allowed to withdraw and receive a full refund of tuition provided courses have not been completed.

Residence Halls: In order to meet the demand for housing and provide rooms for those students who really need them, there are firm cancellation and refund policies in effect. If you wish to cancel your residence hall reservation, you must notify the Housing Office at (928) 428-8605. Cancellations on or before July 15 for the fall semester or on or before December 15 for spring semester will result in a full refund of your \$150 housing reservation/damage deposit. Cancellations after these dates will result in the loss of your housing reservation/damage deposit. You must pay your room cost and meal plan prior to the first day the residence halls open for the semester. If you do not pay by this date, your reservation will be cancelled and your housing reservation/damage deposit forfeited. If you pay then cancel your reservation by this date, you will be eligible for a full refund of your room cost. If you move out of the residence hall prior to the end of the academic registration period, your housing reservation/damage deposit will be forfeited and you will be eligible for a 50% refund of your room cost. After the end of the registration period, there will be no further refunds of room costs. Housing reservation/damage deposits will be refunded minus individual and/or communal damages. Checkout must be completed with Head Resident to be eligible for refund. Petitions for a waiver of the refund policy may be filed in the Student Life Office.

Meal Plan: Students who cancel their meal plan through 60% of the campus food service period will be eligible for a pro-rata refund only if they completely withdraw from school.

Students living in the residence halls are required to have an approved meal plan.

housing and dining facilities

HOUSING AVAILABILITY

Residence hall facilities are available on the Thatcher campus for both men and women. A tour of these facilities can be arranged when you visit our campus. Preference will be given to full-time students for College housing. Our Student Life Office also maintains a website directory of off campus housing facilities available for rent.

We reserve the right to deny campus housing, change room assignments, or remove a student from College housing if it is felt to be in the best interest of the student and/or the College. We cannot be responsible for loss, theft, or damage to personal property. Firearms, simulated weapons, any kind of projectile weapons, other weapons, explosives of all kinds, intoxicating liquors, and illegal drugs are prohibited in the residence halls and elsewhere on College property. If found, they will be confiscated and violators subject to disciplinary action and/or possible expulsion. Pets are not allowed in the residence hall areas or rooms.

ROOM RESERVATIONS

Returning students have priority for College housing; however, if you're a returning student, you must have a full room deposit and current housing contract on file by the end of the previous semester or lose your priority.

To make a room reservation, submit to the Housing Office a completed Residence Hall Application and License Agreement and a \$150 housing deposit. Priority will be granted on the basis of the date the application and deposit are received.

COLLEGE HOUSING DEPOSIT

A \$150 housing deposit and a declaration of your intent on the Residence Hall Application are required to reserve space in College housing. Upon check-in, the funds become a deposit against loss or damage to College property. Housing deposits may be left on account between semesters. Individual and communal damage expenses will be charged as they occur. A full deposit of \$150 must be maintained in your account in order to maintain your reservation between semesters.

HOUSING CANCELLATIONS AND REFUND ELIGIBILITY

In order to meet the demand for housing and provide rooms for those students who really need them, there are firm cancellation and refund policies in effect. If you wish to cancel your housing reservation, you must notify the Housing Office at (928) 428-8605. Cancellations on or before July 15 for the fall semester or on or before December 15 for spring semester will result in a full refund of your \$150 Housing Reservation Deposit. Cancellations after these dates will result in loss of your deposit. Your room and meal plan payment must be made on or before the first day the residence halls open for the semester. If you do not pay by this date, your reservation will be cancelled and your deposit forfeited. If you move out of the residence hall prior to the end of the academic registration period, your deposit will be forfeited and you will be eligible for a 50% refund of your room fee. After the end of the registration period, there will be no further room fee refunds. Housing Deposits will be refunded minus individual and/or communal damages.

Checkout must be completed with Head Resident to be eligible for refund. Petitions for a waiver of the Housing Refund Policy may be filed in the Student Life Office.

RESIDENCE HALL ROOM COSTS FOR 2012-2013

Mark Allen, Nellie Lee, and Wesley Taylor are traditional halls with double occupancy rooms: \$1,260 for Fall Semester and \$850 for Spring Semester. Single occupancy on a space-available basis.

Residence Towers' four person-suites: \$1,680 for Fall Semester and \$1,125 for Spring Semester.

Residence hall room costs are subject to annual change. Room and meal plan charges are due and payable on or before the first day the residence halls open for the semester.

WHAT ABOUT DINING FACILITIES?

All students living in residence halls are required to purchase one of the meal plans described below. Small refrigerators and locking cupboards are provided in Residence Towers so students may prepare snacks to supplement their meal plans.

Campus food service is available 234 days per academic year. There are approximately 118 days in fall semester and 116 in spring semester. Students eat in the Food Service area of the Gerald L. Hoopes Jr. Activities Center. Meals are cafeteria-style and are "all you can eat" (unlimited seconds). Three meals per day are served Monday through Friday. Brunch and dinner are served on the weekends. All meals must be used within the week or they are lost ("Use or Lose"). Only one meal can be used per meal time. Sack meals can be ordered 24 hours in advance.

Take-out food is available in the Gerald L. Hoopes Jr. Activities Center Food Service area. Check the signage for hours and menu. Students may order from the menu and pay on a per-item basis (a la carte).

MEAL PLANS 2012-2013

- Plan A:** All 19 meals out of 19 served per week: \$1,640 per semester.
- Plan B:** Any 14 meals out of 19 served per week: \$1,515 per semester.
- Plan C:** Any 10 meals out of 19 served per week: \$1,440 per semester.

CAMPUS DINING OPTIONS FOR THOSE WITHOUT MEAL PLANS

Commuter students, faculty, staff, and guests are welcome to enjoy campus dining in the Food Service area and pay for their meal on a cash basis. Those who do not live in College housing may also purchase any of the meal plans available to students living in the residence halls.

CASH

Estimated Food Service Guest-Line prices, including sales tax, will be charged:

2012-2013	
Breakfast	\$6.03
Lunch	\$7.56
Dinner*	\$11.00
Daily Total	\$24.59

*Special dinners may be charged an additional amount.

FACILITIES CLOSED

Residence halls are closed at Thanksgiving, between fall and spring semesters, during Spring Break, and throughout the summer, unless advertised otherwise. Students should make arrangements to be out of the halls during these closure dates. Only returning student residents between the fall and spring semesters may leave their

personal possessions in the hall room that they have been assigned, as well as during Thanksgiving and Spring Break. Students not returning after the fall semester are expected to move out of the hall by 7 a.m. of the closure date of the hall or be subject to a daily rate charge. All student residents must move out of the hall by 7 a.m. of the closure date of the hall for the spring semester or be subject to a daily rate charge. Exceptions must be cleared with the Director of Student Life, Head Resident, or Housing Office.

The dining hall is closed for meal plan use when the residence halls are closed. Also, several times during the school year, school picnics are held on campus. At these times, the dining hall may be closed and student meals served at the picnic.

For additional information, please contact the Housing Office.

financial aid

EASTERN ARIZONA COLLEGE HAS A COMPREHENSIVE financial aid program to ensure, to the extent of available funding, that no student will be denied a college education because of lack of funds. EAC believes that primary responsibility for financing your education rests with you and your family. The ability of you and your family to provide that support is calculated through a federally approved needs analysis system.

A financial aid "package" often includes more than one type of aid. Eligibility requirements for the following programs are general in nature, and may change without notice. For more specific details please access the EAC Financial Aid web site at www.eac.edu/finaid or contact the Financial Aid Office, Eastern Arizona College, Thatcher, AZ 85552-0769, (928) 428-8287 or 1-800-678-3808, Ext. 8287; fax (928) 428-2391.

GRANTS

Grants are awards which do not have to be repaid. Included are Federal Pell Grants and Federal Supplemental Educational Opportunity Grants (FSEOG).

- Check calendar for pay dates. Typically it is the 7th and 22nd of the month. All payments to work study students are made by direct deposit. You must make arrangements for direct deposit at the Fiscal Control Office cashier's window.

Note! If you are applying your work-study earnings toward a college debt, you must come to the cashier's counter and endorse your check so the funds can be transferred to reduce your outstanding bill.

EMPLOYMENT

Federal College Work-Study Program (FWS): Federally funded part-time employment. Pay dates are twice monthly. Student employees are paid at least the federal minimum hourly rate.

Institutional Work-Study Program: College funded part-time employment awarded at specific request of faculty or staff. Pay procedures are similar to those under FWS above.

Terms and Conditions of Federal or Institutional Work Study Employment

If you have been awarded Federal Work-Study:

- Confirm award with Financial Aid Office.
- Locate a job. See listing under Student Employment at the Financial Aid Web site
- If you are a first-time EAC employee, fill out an employee "Set-Up Packet" at the cashier's counter in the Student Services Building. Bring two forms of identification (social security card and driver's license preferred).

- Turn in your time sheets to your supervisor before noon on the 15th and 30th of the month.
- Complete the timesheet with your correct student ID and sign it!

LOANS

EAC does not participate in Federal Student Loan Programs. Please contact your bank for information and referrals.

DISBURSEMENTS

Disbursement of grants and scholarships in excess of institutional charges will be by transfer through Higher One two days prior to the first day of classes or as soon after as practical. For more information on Higher One, visit www.eacdebitcard.com.

THE APPLICATION PROCESS

The Free Application for Federal Student Aid (FAFSA) should be submitted as soon as possible after January 1 if you plan to enroll the following fall term. EAC's deadline for priority consideration is March 1. Since errors or incomplete forms cause delays it is important to complete the form early, carefully, and accurately. We encourage you to apply on the Internet at www.fafsa.gov.

Approximately 30% of all applications will be selected for a process called “verification.” If the Department of Education or the College selects you for verification, you must prove that the information you reported is correct by submitting income tax return transcripts from the IRS and other documents. Therefore, you should save copies of all records and materials used in applying for aid.

ELIGIBILITY DETERMINATION

Before aid can be awarded, your financial aid file must be complete, including all documents requested. Aid is then awarded on a first-come, first-served basis until funds are depleted. The amount of your award is determined by eligibility, availability of funds, and compliance with deadlines. You must reapply for aid each year.

Only regular students are eligible for federal financial aid. Regular students are defined by Eastern Arizona College as those students having earned a high school diploma or a GED. High school or home schooled students that are simultaneously enrolled in college classes are not considered regular, degree seeking students, and are not eligible for federal financial aid.

Two basic steps are used in determining financial aid eligibility.

Step 1. Determination of costs (student budget). Financial Aid considers fees, tuition, room and board, books, transportation, and personal expenses. Several standard budgets are designed to reflect a modest but adequate standard of living. Budgets are revised only if you can document extraordinary costs over which you have no control. The following are samples of the standard budgets to be used for the academic year based on an average of 16 credits per semester.

	Living at Home	Living Off Campus	Living in Residence Hall
General Fees and Tuition*	\$1,760	\$1,760	\$1,760
Room and Board	2,310	6,056	5,738
Books and Supplies	800	800	800
Transportation	1,330	1,330	1,360
Miscellaneous	1,988	1,988	1,988
Total	\$8,188	\$11,934	\$11,646

**Out-of-state fees are an additional \$3,300 per semester or \$6,600 per year. Proposition 300, passed by Arizona voters in November 2006, stipulates that college students who are not legal United States citizens or are without lawful immigration status must pay out-of-state tuition.*

Step 2. From the appropriate budget, subtract the expected family contribution as computed from information supplied on the FAFSA application. This results in the maximum eligibility.

Financial aid cannot be awarded until you have declared a major and are enrolled in courses that will lead to a degree or certificate.

NOTIFICATION OF AWARD

A notification of award will be emailed to your MonsterMail email address and will instruct you to go to your “My Financial Aid” page to view your award. EAC’s Fiscal Control Office will disburse aid through HigherOne, a third party service. All debts to the College will first be deducted from any amount awarded to you.

SATISFACTORY ACADEMIC PROGRESS

The purpose of federal financial aid assistance is to ensure students obtain the necessary resources to successfully achieve their academic goal. Federal regulations require schools participating in financial aid programs to establish academic standards that measure a student’s progress towards an educational goal. EAC

requires students to meet both a qualitative and a quantitative standard for academic progress. As a financial aid recipient, it is your responsibility to understand the terms and conditions of the EAC Satisfactory Academic Progress Policy as it applies to you.

To assist in meeting your educational goal in the quickest possible timeframe at EAC, all students are encouraged to have an educational plan completed, with the assistance of an academic counselor.

Qualitative Standard	A minimum cumulative GPA of 2.0 in all coursework attempted at EAC. (see examples A-B)
Quantitative Standard	A minimum course completion ratio of 75% of all coursework attempted at EAC. (see examples C-D) **
Maximum Attempted Credits	No more than one and one half times (150%) the number of credits required to complete your educational objective. (see examples E-F)
Maximum Pell Lifetime Limit	Public Law 112-74 amended HEA section 401 (c)(5) sets the duration of a student’s eligibility to receive a Federal Pell Grant to 12 semesters (or its equivalent). This provision applies to all Federal Pell Grant eligible students. The calculation of the duration of a student’s eligibility will include all years of the student’s receipt of Federal Pell Grant funding.
Eligible Program of Study	An approved certificate of completion or competence. An approved Associate of Arts or Science (AA or AS) Degree.
ESL / Remedial Courses	A student may be paid federal financial aid to complete no more than 30 credits in courses that require assistance with the English language (ESL) or pre collegiate level (remedial*) coursework. *Remedial coursework includes any course below the 100 level, English 100, and Math 120.

1. Satisfactory Progress is measured after each semester in which a student enrolls.
2. These standards are based upon cumulative totals for GPA, credits attempted and credits completed.
3. Students must meet all of the eligibility requirements listed in order to make Satisfactory Academic Progress.
4. Students failing to meet one or more of the above standards after the completion of a term will be placed on WARNING for the next academic term they enroll.
5. While on WARNING Status a student may receive Financial Aid
6. Progress is measured again after the next term enrolled.
7. If a student successfully completes their coursework and meets all of the standards – they will be restored to GOOD STANDING.
8. If a student fails to complete their coursework or remains deficient in one or more of the standards they will be

SUSPENDED from Financial Aid eligibility.

9. Students who are SUSPENDED from Financial Aid eligibility may appeal their suspension, in writing. The appeal must contain: 1) an explanation of what caused the student to fail to make progress, and 2) an corrective action plan to resolve the deficiency and restore the student to GOOD STANDING.
10. Students will be automatically suspended with no warning period if they complete NO semester credits or have a semester grade point average of less than 1.0.

Qualitative Standard Examples

Students are required to maintain a CUMULATIVE GPA of at least 2.0 (C average) for all grades earned. Earned grades are: A, B, C, D, F, and P.

Qualitative Example A:

In John's first semester, he enrolls and completes four classes with a Cumulative GPA of 1.65 for the four classes. John is not meeting the Qualitative standard because 1.65 is less than 2.0. John will be on FINANCIAL AID WARNING for the next semester he enrolls.

Qualitative Example B:

Rick has been a student at EAC for four semesters, in his latest semester his term GPA was 1.25; but his overall Cumulative GPA is 2.05. Rick is meeting the Qualitative standard because 2.05 is greater than 2.0.

Quantitative Standard Examples

Students must successfully complete at least 75% of all course attempted. Attempted credits include: A, B, C, D, F, P, W, transfers and repeats.

Quantitative Example C:

Sheila is a new student at EAC. She attempts four courses in the Spring Semester totaling 12 credits. She withdraws from 2 classes totaling 6 credits, but completes the other 2 classes totaling 6 credits. Her credit completion ratio is 6 completed credits of 12 attempted (6/12) or 50% which is less than the required 75% minimum requirement. Sheila is not meeting the Quantitative Standard.

Quantitative Example D:

Janet has completed three semesters at EAC with a total attempted 45 credits and 45 credits completed. This fall she attempts another 15 credits, but withdraws from all of her classes. Janet's record reflects that she has completed 45 credits and has attempted 60 credits. Janet's completion ratio is 45/60 or 75%. She is meeting the Quantitative Standard but will be automatically suspended because she completed NO credits for the current semester.

ESL / Remedial Coursework

Students may enroll in courses that require assistance with the English language or remedial coursework and still remain eligible for financial aid. Financial aid is limited to 30 credits of remedial coursework. The student must also be enrolled in an eligible program in order to receive financial aid.

Maximum Attempted Credits

Students pursuing a Certificate, AA/AS degree are allowed to attempt 150% of the required credits to achieve the educational objective. (This includes Remedial and ESL coursework as outlined above.) If you have already completed any college degree, you are currently not eligible for federal financial aid at EAC. You will need to complete the Appeal Process to determine if you may be eligible for any financial aid.

Maximum Attempted Credit Example E:

An average AA or AS degree requires 64 credits to complete. A student may attempt up to 96 credits to earn the required 64 credits

for the degree.

Maximum Attempted Credit Example F:

A certificate of proficiency in Medical Assistant requires 34 credits to complete. A student may attempt up to 51 credits for the certificate. *Other certificates require different amounts of credits to complete. Please consult the current college catalog or your academic advisor.

Maximum Lifetime Pell Limit

Public Law 112-74 amended HEA section 401 (c)(5) sets the duration of a student's eligibility to receive a Federal Pell Grant to 12 semesters (or its equivalent). This provision applies to all Federal Pell Grant eligible students. The calculation of the duration of a student's eligibility will include all years of the student's receipt of Federal Pell Grant funding.

Transfer Coursework

Students are required to submit official transcripts from all prior colleges attended. All attempted credits will be factored in to determine the overall completion rate and will be included in your maximum attempted credit calculation. It is the student's responsibility to request official transcripts from previously attended institutions.

Financial Aid WARNING, SUSPENSION, PROBATION and TERMINATION

Students who do not meet the Quantitative or Qualitative standards will be placed on warning for one term. Students who fail to attain (return to) the minimum Quantitative and Qualitative standards in their warning or probationary term will be suspended from Financial Aid. Students who exceed the maximum attempted credits for their declared major will be terminated from Financial Aid eligibility. Students who complete NO semester credits or have a semester grade point average of less than 1.0 will be automatically suspended with no warning term. They also may owe federal funds back to EAC or the Department of Education.

Financial Aid Appeal Process and Reinstatement

Students who have been suspended from financial aid may attend EAC at their own expense.

Students who are suspended and make up the deficiency of minimum Quantitative and Qualitative standards at their own expense will be restored to financial aid eligibility provided that they have not exceeded the maximum time frame standard and maximum lifetime limit. It is the student's responsibility to contact the Financial Aid Office when they are successfully attaining the Quantitative and Qualitative standards. Students who complete NO semester credits must successfully complete at least the enrollment level that was attempted during the semester the suspension occurred and be meeting the Quantitative and Qualitative standards, **and** repay any debt owed to EAC and/or the Department of Education.

Students may appeal their suspension, if they feel they have extenuating circumstances such as undue hardship, personal illness, or death of an immediate family member, if this event prevented the student from meeting the required standards. All appeals must be made in writing. Decisions are made on a case by case basis based upon the evidence provided in the written appeal. If an appeal is approved the student will be placed on Financial Aid Probation during the next term of enrollment. Progress will be checked at the end of that term for satisfactory progress.

STUDENT RIGHTS

You have the right to know:

- what programs are available at EAC.
- the deadlines for submitting applications.
- how your financial aid eligibility was determined.
- the refund and repayment policies.

- the satisfactory progress requirements.
- the costs at EAC.

STUDENT RESPONSIBILITIES

You must:

- complete all application materials accurately and on time.
- provide correct information. Misreporting may be considered a criminal offense.
- accept responsibility for all agreements that you sign.
- notify the Financial Aid Office in writing of any changes in address, marital status, name, or drop in credits that takes you below the number of credits for which you are receiving aid.

VETERANS AND CHILDREN OF DECEASED VETERANS

Most of Eastern Arizona College's curricula and courses listed in this catalog are approved for veterans training. You can contact the EAC Veterans Affairs Office (in the Records and Registration Office) for information on approved courses. These programs are maintained by cooperative arrangement between Eastern Arizona College, the State of Arizona, and the United States Department of Education. The College and students must comply with all regulations governing the Act under which the students are granted educational benefits.

You should apply for educational benefits from the Department of Veterans Affairs well in advance of your enrollment at Eastern Arizona College. Our Veterans Affairs Office can provide you with the Veterans Application for Education Benefits. You'll need to arrange for transmittal directly to EAC of an official transcript from all colleges attended. For further information please write to Veterans Affairs Office, Eastern Arizona College, Thatcher AZ 85552-0769.

For additional information contact: Records and Registration Office, Eastern Arizona College, Thatcher AZ 85552-0769, (928) 428-8273; FAX: (928) 428-3729; send email to: records@eac.edu.

Scholarships

Scholarships are primarily awarded on the basis of academic excellence, performance in a particular area, or need. Both new and returning full-time students are eligible for scholarships. Scholarship applications will begin to be reviewed and awards made after the March 1st priority date for the following academic year. Applications should be submitted as early as possible, however applications received after March 1 will be considered as long as scholarship funds are available. If you're selected to receive a scholarship you will be notified promptly (before May 1 in most cases) and must acknowledge your acceptance in writing within 15 days of the date of notification.

The Scholarship Officer has, as a matter of official policy, the right and obligation to discontinue any award made by or through the College upon receipt of verified evidence that a recipient of such an award has, either on the campus or in the community, demonstrated citizenship incompatible with standards of the College. This policy applies to all varieties of aid, as well as to academic, performing arts, athletic, or special scholarships.

INSTITUTIONAL SCHOLARSHIP GUIDELINES

The following academic guidelines will be necessary for you to maintain your scholarship status. This applies to all students currently on scholarship as well as new awardees. Individual scholarships

may have other requirements, based upon the type of scholarship awarded. If you have questions, you should check either with the Scholarship Office or with the person directly responsible for the awarding of the scholarship.

- All students in every category must complete 12 credit hours or more each semester without exception.
- All scholarships will be for a maximum of four semesters.
- Renewal depends on maintaining a satisfactory GPA and exemplary citizenship.
- Certain scholarships are available only to students who are residents of specific Arizona counties.

All Academic Team Scholarship. Each year, two EAC, full-time, sophomore students are chosen for the All Arizona Academic Team and are the recipients of a scholarship ranging from \$500 to \$1,000. Development of the student's application for nomination should begin toward the end of the spring semester for freshmen or very early in the fall semester for sophomores. To be considered for nomination, students must complete a biographical questionnaire, have at least a cumulative GPA of 3.25, write an essay, and fill out other related forms available through Phi Theta Kappa and the Counseling Office. In addition to the EAC Scholarship, recipients are awarded a full tuition scholarship for four semesters to attend U of A, ASU, or NAU funded by the Arizona Board of Regents.

Closed weekends and holidays. All closures will be posted.

AWARDS

At the end of each school year a variety of awards are presented to students who have shown outstanding achievement during the school year. Following is a list of some of the annual awards.

Athletic Awards. In addition to the annual Letterman awards, the Athletic Department and other boosters recognize outstanding performances in the areas of athletics by presenting the following awards:

Alvin Goodman Scholastic Award: In memory of Alvin Goodman, an award is presented to the letterman in basketball who has received the highest scholastic average of the year.

Athlete of the Year Award: Awards are given to both the male and female Athlete of the Year. The Athletes of the Year will have their names engraved on the permanent trophy in the trophy case.

Basketball Most Valuable Player Award: The most valuable basketball player will have his name engraved on a permanent trophy.

Wayne M. McGrath Scholastic Award: Given to the female athlete with the highest GPA for that year. Recipient may be a freshman or sophomore.

Carl Kyser Award. This award honoring a former EAC Automotive Instructor, is given annually to the outstanding automotive student.

Cassius Bavor Award. This is in memory of Cassius Bavor, a former employee of Eastern Arizona College. It is given to the most outstanding student employee on campus.

Chief Yellowhorse Award. The Intertribal Club at EAC gives this award to the top sophomore Native American student and the top freshman Native American student based upon academic ability.

Criminal Justice Student Association Award. The students of CJSA give this award to a returning Administration of Justice student. Selection criteria include a 3.0 or higher GPA, providing service to the Club and the community, personal integrity, and a commitment to career objectives in the Administration of Justice field.

Dramatic Awards. Given to the outstanding male and female drama student in the following categories: Best Actor, Best Supporting Actor, and Most Improved Actor. Other awards include the "Techie" Award and the Donald P. Jones award for service beyond the call of duty.

EAC Faculty Association Award for an Outstanding Graduating Student. The Eastern Arizona College Faculty Association gives an award to an outstanding graduating student. GPA, extracurricular activities at the College, and community involvement help determine the winner who must be graduating in May.

Music Awards. Given to the four outstanding music students as chosen by the music instructors.

Voice Magazine. Prizes are awarded each year to outstanding poets and fiction writers whose work has appeared in the publication.

Other Awards. Other awards are presented annually by various college departments acknowledging individual student achievement in a variety of academic disciplines.

COUNSELING PROGRAMS

The goal of the counseling program of Eastern Arizona College is to assist each student to develop decision-making skills, provide opportunities for personal and career awareness, and to strengthen competencies in dealing with others. Problems of adjustment to the academic and social environment of college are not unusual and the counseling staff is prepared to help you with personal concerns as well as educational concerns.

You may earn college credit by enrolling in study skills/college survival classes and group counseling courses. For more information see the Counseling courses in the Course Descriptions section of this catalog. The Counseling Department also provides support programs for specific groups of students including Native American students and Reentry students.

EVALUATION CENTER

The Evaluation Center administers a variety of testing services including: ACT COMPASS, ACT ASSET and ACCUPLACER placement testing, GED testing, the College Level Examination Program (CLEP), and Ability to Benefit testing. The Center can provide proctoring services for students taking online courses.

For further information, contact the Evaluation Center by phone at (928) 428-8491, or by FAX at (928) 428-2074.

HEALTH SERVICES

All students are expected to provide their own health and accident insurance. When hospitalization or ambulance service is considered necessary, the College assumes no financial responsibility.

Brochures describing health insurance programs for domestic and international students and dependents are available by request from the Student Life Office on the Thatcher Campus.

Although the College does not maintain health service facilities, students may use local emergency room and medical facilities. Serious illnesses or injuries occurring to nonresident students while on the Thatcher or Greenlee County Campuses are reported to the Dean of Students. Students residing in a residence hall are required to report any illnesses or injuries to the Residence Life Staff. Parents will be notified at once of any serious illness or injury.

College staff assigned to residence halls are concerned about student wellbeing and can help direct students to the appropriate medical services. However, they cannot take responsibility for providing sickbed services to students residing in the halls. The students and parents must arrange for such care.

COMMUNICABLE DISEASE TRANSMISSION CONTROL

When College officials have probable cause to believe that a student has contracted a communicable disease which, through transmission, may present a significant injury/risk to other students, the student will be required to seek immediate medical attention at personal expense, or be removed from all campus activities. Following medical attention, and upon the written recommendation from the attending physician, the chief student officer of a particular campus or center may require the student to be isolated. This isolation may include, but not be limited to, temporary removal of the student from a residence hall, campus employment, and classes. Individual cases will not be prejudiced; rather, decisions will be made based upon the recommendation of the attending physician and/or public health guidelines.

The College does not assume any responsibility for accomplishing the isolation of a student with an identified communicable disease that may present significant injury/risk to other students. It will be the responsibility of a student living in a residence hall to secure other accommodations should the District require isolation.

The College shall respect the right to privacy of any student who has a communicable disease that may present significant injury/risk to other students. The student's medical condition shall be disclosed only to the extent necessary to minimize the health risks to other students and District staff. The chief student officer of a particular campus or center shall determine who shall be made aware of the student's condition while at the same time taking steps to assure that the number of personnel made aware will be kept at the minimum needed to assure proper care of the student and to detect situations in which the potential for transmission of the disease may increase. Persons deemed to have a "direct need to know" will be provided with appropriate information; however, these persons shall not further disclose such information.

SUBSTANCE ABUSE PREVENTION PROGRAM

Substance abuse prevention within the Eastern Arizona College community is the assigned responsibility of the Counseling Department. To this end, the Department, on an ongoing basis, assesses the nature and extent of substance abuse at Eastern Arizona College and tailors preventative measures to identified needs of the College. These measures include the dissemination of information, referrals to community support agencies and the sponsoring of counseling and workshop programs within which individuals can explore the extent of their own drug and/or alcohol dependency. This prevention program is available to all EAC students and staff.

SERVICES FOR STUDENTS WITH DISABILITIES

Services and educational opportunities for students with disabilities are provided. Please contact the Assistant Dean of Counseling on the Thatcher Campus to inquire about procedures.

The Arizona Relay Service provides free telephone access 24 hours a day for the hearing or speech impaired. To access, please call 1-800-367-8939 and ask for Eastern Arizona College at (928) 428-8253.

STUDENT LEARNING CENTER

The Eastern Arizona College Student Learning Center offers free tutoring and computers upon availability. Students requiring extra assistance in their academic work are encouraged to visit the Center to inquire about services or for more information, call (928) 428-8446.

student code of conduct

THE COLLEGE HAS THE OBLIGATION to determine the standards of conduct appropriate for those who become members of its student body. These standards apply to all and will be administered by the President and/or his designee who may take disciplinary action deemed appropriate for the violation committed. Students, who have rights and privileges as citizens, must keep in mind that admission to the College is a privileged status and involves special additional obligations to the college community. It also presumes that students, as members of the academic community, understand that due regard for law and the rights of others are always involved in the realm of liberty.

The rules of conduct specified below are not all-inclusive but are emphasized as being among those necessary for the security and well-being of students attending Eastern Arizona College and are among the circumstances which may lead to disciplinary action and possible dismissal.

- Conviction of a crime or continued misconduct of any type that is an infraction of the established laws of the town, county, state or nation.
- Possessing or using intoxicating liquors, narcotics or other illegal drugs.
- Stealing or in possession of stolen articles.
- Malicious destruction of property.
- Endangering or threatening the life or physical safety of others or self, including forcible or nonforcible sexual assault.
- Possession/use of any projectile weapon on campus.
- Failure to meet financial obligations to the College.
- Student conduct, on or off campus, prejudicial to the best interest of the College may be considered cause for disciplinary action or dismissal.

GRIEVANCE PROCEDURE— NON-ACADEMIC STANDARDS

Students aggrieved by College actions of a non-academic nature shall have the opportunity for appeal. When a complaint about a non-academic action arises, with the exception of sexual harassment, the student shall subscribe to the following procedure to render the complaint legitimate. Complaints of sexual harassment should follow the procedure set forth in GCCCD Policy 4730.00 Sexual Harassment and described later in this section under "Sexual Discrimination/ Harassment Complaints." The student's right for grievance shall be forfeited if the complaint is not addressed through the Official Review Process-Non-Academic Standards. The Official Review Process – Non-Academic Standards may not be applicable when services are delivered under the provisions of a negotiated contract. The appeal process does not suspend any actions which are being grieved.

DEFINITION OF TERMS

Days: Calendar days exclusive of weekends, semester breaks, and official holidays as identified in the College Catalog.

Complainant: Student complainant.

Official: College official(s) responsible for the program or action for which the student complainant has a grievance.

Student Affairs Officer: Campus official designated by the College President for oversight of student affairs.

Judiciary Committee: College committee charged with responsibility to advise the College President on policies, standards, rules and regulations for non-academic standards; and to serve as an appeals committee for grievances involving non-academic standards.

Non-Academic Standards: All institutional actions exclusive of academic standards and discrimination as defined by federal or state laws.

OFFICIAL REVIEW PROCESS

Step 1. The Complainant shall seek out, within five (5) days of the action, the Official so both parties may be afforded an opportunity to clarify facts and to reach a mutually acceptable solution.

Step 2. If Complainant satisfaction is not achieved in Step 1, the Complainant shall provide a written request identifying the problem and requesting a meeting with the Student Affairs Officer. Within five (5) days of receipt of the request, the Student Affairs Officer shall arrange for a meeting with the Complainant and attempt to mediate an acceptable solution.

Step 3. If Complainant satisfaction is not achieved in Step 2, the Complainant shall provide a written request for a hearing by the Judiciary Committee. The request shall articulate the complaint and shall be delivered to the Chairperson of the Judiciary Committee and Student Affairs Officer within five (5) days after receiving a recommended solution as provided in Step II. Within ten (10) days of receipt of the request for a hearing, but not less than three (3) days of receipt of the request, the Chairperson of the Judiciary Committee shall arrange for a hearing. The Complainant, the Student Affairs Officer and the Official shall be in attendance at the hearing. Within ten (10) days of the conclusion of the hearing, the Chairperson of the Judiciary Committee shall set forth a written document addressing findings of fact and the decision reached by the Committee. Copies shall be addressed to the Complainant, the Student Affairs Officer, the Official and the College President. Decisions made by the Judiciary Committee are binding.

SEXUAL DISCRIMINATION/ HARASSMENT COMPLAINTS

It is the policy of Eastern Arizona College that there be no discrimination against any employee, applicant for employment, or student on the basis of sex. In keeping with this policy, the College prohibits sexual harassment by any of its employees, its students, or third parties against any other employee, applicant for employment, or student. The College considers sexual harassment to be a major offense that can result in the suspension or discharge of the offender.

Any unwelcome sexual advance, request for sexual favors, or other verbal or physical conduct of a sexual nature, constitutes sexual harassment when:

1. Submission to the conduct is made either an explicit or implicit condition of employment or academic standing;
2. Submission to or rejection of the conduct is used as the basis for an employment decision affecting an employee or applicant for employment; or used as the basis for an academic decision affecting a student; or

3. The harassment substantially interferes with an employee's work performance or creates an intimidating, hostile or offensive work environment; or interferes with a student's academic performance or creates an intimidating, hostile or offensive academic environment.

BRINGING A COMPLAINT

Any employee, applicant for employment, or student who believes that he/she or another employee, applicant for employment, or student, (1) has been discriminated against on the basis of sex, or (2) has been sexually harassed, should promptly report the matter to any Dean (Assistant, Associate, etc.), the Provost, or Executive Vice President of the College. A College Dean, Provost, or Executive Vice President who receives a report of sexual harassment must present the allegations to the College President as soon as reasonably possible. The College President or personnel designated by the College President shall investigate complaints of sexual harassment. A complaint arising from a Graham County site may be reported to the Provost/Chief Academic and Student Officer at 928-428-8261, Student Services Building Room 219. A complaint arising from a Greenlee County site may be reported to Mike Crockett, Dean of Instruction, at (928) 428-8291, Student Services Building Room 216.

RESOLUTION OF A COMPLAINT

The College is committed to investigating each complaint thoroughly and taking immediate and appropriate corrective action on all confirmed violations of this policy. In determining whether or not any particular alleged conduct constitutes sexual harassment, the totality of the circumstances, the nature of the alleged incident(s) and the context in which the alleged incident(s) occurred will be reviewed and considered. The College prohibits reprisals by any of its employees or students against any complaining employee(s), student(s), or corroborating witness(es). Confidentiality will be maintained to the maximum extent reasonably possible.

SEXUAL ASSAULT COMPLAINTS

A charge of sexual assault against a College student will be handled by the Provost/Chief Academic and Student Officer of the Thatcher Campus or Chief Officer for Greenlee County Eastern Arizona College sites in a similar manner as described above in the Complaint of Sexual Harassment. When a complainant of sexual assault gives information to the Officer that a sexual assault has taken place and accuses a College student of the offense, the Officer will have the discretion to suspend the accused student pending a hearing. When any necessary investigation is complete, the Officer will formally notify the accused student of the charges and will set a hearing date within 5 class days.

GENERAL COLLEGE REGULATIONS REGARDING THE ILLEGAL USE OF A CONTROLLED SUBSTANCE

1. The unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited on College property or as part of any of the College's activities. For purposes of this regulation a controlled substance shall include any of the following:
 - a. An illegal drug
 - b. A legal drug used in excess of medically prescribed dosage
 - c. An alcoholic beverage
 - d. Any other mind-altering substance used in excess of medically prescribed dosage.
2. The conviction for the unlawful manufacture, distribution,

dispensing, possession, or use of a controlled substance on College property or as part of any of its activities shall be cause for immediate suspension and shall result in one or more of the following conditions as considered appropriate by the College Office designated in charge of student affairs.

- a. Termination of enrollment with the college; or
 - b. Requirement for the student to participate satisfactorily in a substance abuse assistance or rehabilitation program approved for such purposes by a federal, state, or local health, law enforcement, or other appropriate agency; and/or
 - c. Other enrollment restrictions or stipulations as deemed in the best interest of the College and the student.
3. Students shall receive each semester in the Class Schedule for careful consideration, information provided by the College detailing:
 - a. Standards of conduct related to the possession, use, or distribution of drugs and alcohol by students on our institution's property or as any part of our institution's activities, including sanctions imposed for violation of those standards as detailed above in "General College Regulations," paragraphs A and B;
 - b. A description of applicable legal sanctions under local, state, and federal law for unlawful possession, use, or distribution of illicit drugs and alcohol;
 - c. A description of the health risks associated with use of illicit drugs and the abuse of alcohol; and
 - d. A description of any drug and alcohol counseling treatment or rehabilitation or reentry programs that are available to students.

The College will conduct a biennial review of its "Program to Prevent Illicit Use of Drugs and Abuse of Alcohol by Employees and Students" to determine its effectiveness, implement needed changes, and ensure that disciplinary sanctions are consistently enforced.

Note: Federal law allows notification of parents or guardians when there is a violation of this policy or a student exhibits a pattern of illegal substance use.

INTERFERENCE WITH OR DISRUPTION OF EDUCATION

Eastern Arizona College is dedicated to the concept of providing education to all those who can benefit therefrom. The College has a responsibility to maintain public order so that individual rights to benefit from its programs and facilities will not be impaired.

A person commits interference with or disruption of education at Eastern Arizona College by doing any of the following:

- For the purpose of causing, or in reckless disregard of causing, interference with or disruption of Eastern Arizona College, threatening to cause physical injury to any employee of Eastern Arizona College or any person attending Eastern Arizona College.
- For the purpose of causing, or in reckless disregard of causing, interference with or disruption of Eastern Arizona College, threatening to cause damage to Eastern Arizona College, the property of an Eastern Arizona College employee or any person attending Eastern Arizona College.
- Knowingly going on or remaining on the property of Eastern Arizona College for the purpose of interfering with or disrupting the lawful use of the property or in any manner as to deny or interfere with the lawful use of the property by others.
- Knowingly refusing to obey a lawful order given pursuant to A.R.S. § 13-2911 (C).
- Bringing onto campus, or possessing on campus any: (a) deadly weapon, (b) firearm (loaded or unloaded), (c) explosive, (d) nunchuaka, (e) breakable container containing flammable liquid

with a flash point of 150 degrees Fahrenheit or less and has a wick or similar device capable of being ignited, or (f) any combination of parts or materials designed and intended for use in making or converting a device into any item set forth in subdivisions (c) or (e) of this paragraph. The provisions of this paragraph shall not apply to Police Officers, certified and commissioned in the State of Arizona, or to weapons, and/or chemicals possessed and used as part of a course of instruction at Eastern Arizona College, or for weapons used for lawful exhibition or demonstration approved by the College President or designee.

For purposes of this policy, "interference with or disruption of" includes causing an employee of Eastern Arizona College to take any action to protect Eastern Arizona College or the employees, students or property of Eastern Arizona College.

Campus Police shall have the primary charge to maintain public order and the peaceful conduct of education upon all College property, assisted, when appropriate, by local law enforcement personnel.

Penalties for interference with or disruption of education upon College property shall include all appropriate legal remedies including, but not limited to: (a) the criminal penalties specified by A.R.S. § 13-2911, (b) the offender being required to leave College property, and (c) in the case of a student, faculty member or other staff violator, suspension, expulsion, or other appropriate disciplinary action. In addition, any deadly weapon, dangerous instrument, or explosive that is used, displayed or possessed by a person in violation of this policy shall be forfeited or otherwise disposed in accord with A.R.S. § 13-2911 (D).

ACADEMIC INTEGRITY

Academic integrity is a vital part of the culture of all successful institutions of higher learning. The value of the degrees, certificates, and coursework offered by Eastern Arizona College greatly depends, now and in the future, on its reputation as an institution dedicated to academic honesty. This Academic Integrity Policy provides guidance in helping students and faculty understand the meaning and importance of academic integrity; defines academic dishonesty; and outlines the procedures for handling infractions of academic integrity. No provision or section of this policy shall be construed as infringing upon the academic freedom of any member of the EAC community to pursue and participate in any academic endeavor ordinarily considered appropriate. Each member of the EAC community is charged with honoring and upholding the policies and procedures governing academic integrity as set forth below.

DEFINITION OF TERMS

As used in this policy:

Academic evaluation refers to any assignment, project, test, essay, quiz, performance, or other task or instrument by which students demonstrate mastery of course content, thus earning credit toward a class grade.

Academic integrity means honesty and responsibility associated with study, learning, and scholarship.

Academic misconduct means any act contrary to Academic Integrity, such as cheating, plagiarism, and earning grades dishonestly.

Academic standards are the rules and principles by which grades, student conduct, professional educator conduct, and class materials are evaluated.

Admissions and Academic Standards Appeals Committee serves as the appeals committee for grievances concerning academic standards; compiles and considers reports on the nature and frequency of academic misconduct; hears charges and evidence

of repeated or particularly serious academic misconduct; and imposes sanctions when such types of academic misconduct is determined to have occurred.

College means any and all Graham County Community College District (GCCCD) locations to which Eastern Arizona College delivers instructional services to students enrolled for credit.

Dean is the administrator who, under the direction of the Provost/Chief Academic and Student Officer, supervises several academic divisions and other specified college areas.

District refers to the Graham County Community College District.

Division Chair is the person who immediately supervises professional educators in the departments comprising a division and other programs relevant to the division function.

Judiciary Committee serves as the appeals committee for grievances involving non-academic standards, hears charges and considers evidence of academic misconduct in the most serious cases, and imposes sanctions when academic misconduct is determined in those cases.

Plagiarism is the use of another person's words, materials, work, and ideas; and adoption of an actual document, including a document available electronically, without properly acknowledging and documenting the source.

Professional educator is employed by the College as the instructor of record, contributing/substitute instructor of record, proctor, GCCCD staff or employee responsible for delivering instructional services and or resources to students.

Student means a person who is registered in a College course.

STUDENT RESPONSIBILITIES

Students are responsible for understanding the College's policy regarding academic integrity and academic misconduct as well as the sanctions that may be imposed as a result of academic misconduct. Students are also responsible for understanding their appeal rights associated with findings of any policy violation.

Students shall practice the provisions of the College's Code of Academic Integrity and uphold integrity in their academic pursuits.

CODE OF ACADEMIC INTEGRITY

Students at Eastern Arizona College are expected to:

- Conduct themselves in accordance with principles of academic integrity
- Behave so as to foster an atmosphere of honesty and fairness
- Avoid plagiarism and other forms of academic misconduct
- Give truthful information to any College professional educator or to any other College employee regarding issues concerning academic integrity or academic misconduct, or suspected academic misconduct
- Not alter, misuse, or forge any College document, record, or instrument of identification.

Students are not excused from these provisions because of any failure or inability on the part of the professional educator to prevent other instances of academic misconduct.

ACADEMIC MISCONDUCT

Academic misconduct includes any act that improperly affects the evaluation of a student's academic performance or achievement, or any act designed to deceive a professional educator. Specific infractions include, but are not limited to, the following:

1. **Cheating on Examinations:** Cheating includes the use of crib sheets, “cheat sheets,” or discarded computer programs; aid from other persons; copying from another student’s work; and soliciting and giving or receiving unauthorized aid orally, electronically, or in writing. The student will not consult books, notes, calculators, or other materials of any kind during an examination or assignment without the express permission of the instructor. If calculators, spellers, or other hand-held electronic devices are permitted to be used during an examination or assignment, no information may be programmed into or retrieved from the device other than that expressly permitted by the instructor.
2. **Inappropriate Collaboration:** Permission from an instructor for students to “work together” on homework, an assignment, or paper is not permission for one student to present another student’s work as his or her own. Unless the professional educator specifies otherwise, all work submitted for a grade or credit toward completion of a course will be the product of the student’s own understanding, expressed in the student’s own words, calculations, computer code, etc. One form of inappropriate collaboration involves having another person significantly alter either the content or grammar of the student’s written work. A student may seek feedback from another student or individual concerning a document’s content, grammar, and spelling, but to avoid this type of inappropriate collaboration, the student must fix problems himself or herself.
3. **Submitting the Same Assignment for Different Classes:** Submitting the same assignment for a second class violates the assumption that every assignment advances a student’s learning and growth. Unless instructors of both classes involved expressly allow it, submitting an assignment already submitted for another class is a breach of academic integrity.
4. **Intentional Misrepresentation:** Misrepresentation occurs when a student claims that source materials contain information or phrasing that they do not. In addition, misrepresentation occurs when a student omits or inserts words, changes words, misquotes, or takes correctly quoted phrases out of context. If this is done with the intent to deceive a professional educator in any academic evaluation, the student has committed a breach of academic integrity.
5. **Plagiarism:** Plagiarism means presenting someone else’s ideas or words as one’s own. Plagiarism may involve some degree of intent or may be the result of carelessness or ignorance of acceptable forms for citation. Not knowing how or when to cite a source does not excuse an act of plagiarism. Each of the four kinds of plagiarism below is a breach of academic integrity.
 - Copying without citation, the most serious form of plagiarism, involves copying part or all of a paper from the Internet, from a book or magazine, or from another source without indicating that the work is someone else’s. To avoid this form of plagiarism, quoted material must be placed in quotation marks and one of the standard forms of documentation (APA, MLA, etc.) must be used to indicate where the material came from.
 - Copying from an external source and citing the source but failing to show (by the use of quotation marks, for example) that the material is a direct quotation is another form of plagiarism. Simply documenting the source does not indicate that the words themselves are someone else’s. Avoiding this form of plagiarism involves putting all quoted material in quotation marks or using the format designated by APA, MLA, etc. to indicate quoted material.
 - Incorrect paraphrasing is another form of plagiarism. Paraphrasing involves putting a lengthy phrase, sentence, or group of sentences written by another into one’s own

words, thereby making it significantly different from the original. Changing a few words, or rearranging words, is not proper paraphrasing, and though the source is cited (as is always required with paraphrased material), wording remains substantially that of another and cannot rightfully be represented as original. Avoiding this form of plagiarism involves either making the material a direct quote by using quotation marks and citing the source, or paraphrasing properly by substantially changing the original to new words; again, making sure to cite the source.

- Presenting arguments, lines of reasoning, or facts learned from someone else without citing the source, even if the material is paraphrased, is another form of plagiarism. The source must be properly cited.
6. **Improper Influence:** Attempting to influence a grade or to receive any other academic benefit not earned through the normal exercise of academic effort by offering anything of value, including the performance of services, to a professional educator, College employee, other College student, or any other person, is academic misconduct.

PROCEDURES, SANCTIONS AND APPEALS THE PROFESSIONAL EDUCATOR

The College respects and accepts the professional educator’s qualifications and rights to determine academic standards. The professional educator is accountable for establishing and maintaining appropriate academic standards for coursework and for informing students of any special rules or practices for a particular class.

When a professional educator becomes aware of a possible violation of academic integrity by one of his or her students, a confidential conference between the professional educator and the student should be held to discuss the perceived violation and its consequences. If, following the conversation, the professional educator is satisfied that a violation has occurred, he or she may determine that one or more of the following consequences are appropriate and impose such penalty:

- Issuing a verbal or written reprimand
- Requiring that the academic project or examination in question be repeated
- Assigning the academic project or examination in question a reduced grade
- Requiring that the academic project or examination in question be repeated for a reduced grade
- Assigning the academic project or examination in question a failing grade
- Assigning a reduced grade in the course
- Assigning a failing grade in the course
- Initiating the student’s involuntary withdrawal from the course

The professional educator will resolve most violations in the above manner.

The professional educator will report each violation and its disposition to the division chair within five business days of the occurrence; the chair will report to the appropriate dean, who in turn will report it to the Admissions and Academic Standards Appeals Committee. If the professional educator feels that the violation in question was especially serious or repeated, he or she may recommend that additional penalties be imposed.

THE ADMISSIONS AND ACADEMIC STANDARDS APPEALS COMMITTEE

The Admissions and Academic Standards Appeals Committee will be notified of all acts of academic misconduct. Such reports will be noted in the agenda and minutes of committee meetings. The

committee may report the incidence and nature of these violations to the faculty and administration at appropriate intervals.

When, in the opinion of the committee, evidence of repeated or especially serious offenses exists, or upon the recommendation of the professional educator involved, the Admissions and Academic Standards Appeals Committee will consider the case and may decide to impose one or more of the following additional penalties against a violator:

- Placing a written reprimand in the student's permanent file
- Restricting the student's access to certain college resources
- Requiring the student to complete an academic integrity education program
- Placing the student on academic probation
- If the Admissions and Academic Standards Appeals Committee concludes that the violation is so serious as to possibly warrant the student's exclusion from extracurricular college activities, or suspension or dismissal from the College, it will make that recommendation to the Judiciary Committee.

THE JUDICIARY COMMITTEE

The Judiciary Committee will resolve the most serious acts of academic misconduct. Only the Judiciary Committee has authority to suspend or expel a student from the College for academic misconduct.

After receiving recommendation from the Admissions and Academic Standards Appeals Committee that a violation of academic integrity may warrant the student's dismissal from the college, the Judiciary Committee will consider the evidence and render a decision which shall be binding.

The Judiciary Committee may impose additional penalties against a violator, which may include:

- Censure and exclusion from extracurricular college activities, including student government, athletics, performances, or other activities of the college community
- Suspension for a specified period of time
- Expulsion from the College without expectation of readmission

A STUDENT'S RIGHT TO APPEAL

A student may appeal any decision to impose discipline as a result of academic misconduct through the established Grievance Procedure and Official Review Process for Academic Standards (GCCCD 5810.02).

academic regulations

ACADEMIC GOOD STANDING

Academic Probation. If an enrolled student's cumulative Grade Point Average (GPA) in either the fall or spring semester falls below the following levels in relation to the student's total credits used in the calculation of the Grade Point Average, the student will be placed on academic probation. In the subsequent fall or spring semester the student will be allowed to register for no more than sixteen (16) credits.

Credit Hours	Minimum Grade Point Average Required
12-15	1.60
16-30	1.75
31-45	1.90
46+	2.00

Extended Academic Probation. At the end of the academic probation semester if the student fails to raise his/her GPA to the minimum GPA requirement specified above, the student will be placed on extended academic probation. While on extended academic probation the student will be limited to seven (7) credit hours in subsequent semesters and summer sessions until such time as the student meets the appropriate standard.

Appeal of Academic Probation or Extended Academic Probation. If a student believes he/she was placed on academic probation or extended academic probation as a result of extenuating circumstances, the student may petition the Admissions and Academic Standards Appeals Committee for an exception.

ATTENDANCE

You are expected to attend all class meetings and laboratory sessions for which you are registered. Instructors will advise you in writing of class policies governing absences, punctuality, make-up assignments, and exams at the beginning of each term.

ABSENCES

Absences accumulate beginning with the first day of class.

Official Absences. Absences from class due to authorized participation in College sponsored activities will be considered as official absences. There will be no institutionally sanctioned penalty associated with official absences. Designation of official absences will be made through the Provost/Chief Academic and Student Officer.

Unofficial Absences. Absences other than official absences will be considered as unofficial absences. Instructors are authorized to withdraw a student from class for excessive unofficial absences.

MAKE-UP ASSIGNMENTS AND EXAMS

It is your responsibility to make up any assignments or exams missed because of either an official or unofficial absence. Arrangements for make-up assignments or exams must be made with the individual instructor prior to the absence. At the discretion of the instructor, you may be denied the opportunity to make up assignments or exams missed because of an unofficial absence. Make-up assignments or exams for official absences shall not be punitive in nature.

PUNCTUALITY

You are expected to be prompt in attending each of your classes. Instructors are authorized to take appropriate actions, including withdrawing you from class, because of excessive tardiness.

THE CREDIT SYSTEM

Credit is given by means of a semester credit system which assigns each course a certain number of credits. A credit usually represents three hours of work each week in a 16-week semester; it may stand for an hour of classroom work and two hours of preparation, for three hours of laboratory work, or for some other combination as the particular course may demand.

AWARDING TRANSFER CREDIT

To apply credit earned at another accredited institution of higher education towards your EAC Degree, you must have each of your former colleges send an official college transcript directly to EAC's Records and Registration Office. If you are applying for transfer credit earned at an out-of-state college you must also furnish the Records and Registration Office with a copy of the catalog in effect at the time the course work was taken.

You may receive transfer credits for courses taken at another accredited higher education institution in which you received a grade of "C" or better. When the transfer courses are determined to be equivalent or very similar to EAC courses, you will receive credit for the equivalent EAC courses. Courses that are determined to not be equivalent or similar to EAC courses will transfer as elective credit. In unusual circumstances, you may petition the Admissions and Academic Standards Appeals Committee for credit for transfer courses in which a grade of "D" was received.

Courses taken from another institution while you are academically suspended from EAC will not be accepted by EAC.

Accredited higher education institutions are those that are fully accredited by New England Association of Schools and Colleges, Middle States Association of Colleges and Schools, North Central Association of Colleges and Schools, Northwest Association of Schools and Colleges, Southern Association of Colleges and Schools, and/or the Western Association of Schools and Colleges.

Transfer credit from non-accredited postsecondary institutions may also be accepted if such credits represent equivalent or higher level work at Eastern Arizona College.

Prerequisite courses taken over ten years ago may not prepare you well for the subsequent course due to changes in the body of knowledge in the field being studied.

NATIONAL STANDARDIZED EXAMINATIONS

You may be awarded college credit for satisfactory scores on national standardized examinations listed in the American Council on Education's "A Guide to Educational Credit by Examination, 4th Edition," or its successor.

CLEP is an example of such an examination. The College's Evaluation Center administers the CLEP. There is a fee for the CLEP exam. If you intend to transfer to another college or university you are cautioned that policies governing the awarding of CLEP credit vary from institution to institution. In all cases, scores earned for CLEP examinations will have to be submitted separately to each institution at which credit is being sought.

Credit for CLEP scores earned after July 1, 2005. You may be awarded EAC credit through CLEP scores earned after July 1, 2005 if you scored 50 or above on the subject exams.

LANGUAGES

The preferred method of demonstrating language proficiency in Spanish, French and German at EAC is by enrolling in the College's competency based courses in one of those languages at the appropriate level, rather than attempting a CLEP or other exam. Once proficiency has been demonstrated, EAC will place the credits earned on your transcript making them fully transferable.

Should you wish to obtain EAC language credit through CLEP, the following standards will apply. Students who are awarded EAC language credit through CLEP and who wish to transfer this credit as evidence of language proficiency, may also be required by the receiving institution to pass an oral examination.

Examination	Score Range		Credits
	Required	Course	
French Language	50-54	FRE 101	4
French Language	55-61	FRE 101, 102	8

COMPETENCY BASED CREDIT

The College offers open entry/open exit courses in which student success and course completion is based on mastery of specified competencies. Such courses are laboratory intensive, and are characterized by students entering and completing within various time frames. Open entry/open exit courses are not tied to minute:credit ratios. Credits are awarded upon the achievement of clearly defined and measurable course competencies.

CREDIT BY ARTICULATION WITH SECONDARY SCHOOLS

High school students participating in a secondary program articulated with Eastern Arizona College will receive college credit according to the terms of the articulation agreement with the specific secondary school. Credits earned via articulated secondary programs may not be transferable, depending on the policies of the receiving institution.

CREDIT BY DEPARTMENTAL EXAMINATION

If you have acquired college level knowledge or skill through work or life experiences for which you have not received college credit you may petition the Admissions and Academic Standards Appeals Committee to earn college credit by taking an EAC Departmental Exam provided you are not currently enrolled in that course nor seeking credit for a lower level course after successfully completing a higher level course. This petition may be obtained through EAC's Records and Registration Office or online through your Gila Hank Online account. Upon approval of your petition, a comprehensive written and/or performance examination (not the course final exam) relating experience to course content will be administered by an instructor designated by the Provost/Chief Academic and Student Officer. The examination will be documented by filing results in EAC's Records and Registration Office. If proper test administrators are not available at the time of your request, you must wait until the test administrator is available. Permission to take such an exam is limited to subject areas offered by Eastern Arizona College in which competency can be measured satisfactorily by a written or performance test. A course may be challenged only one time. Credit awarded on this basis will be recorded on an official transcript only upon completion of 16 credit hours at Eastern Arizona College and will be shown on the transcript as "credit by departmental examination." A credit by examination fee will be charged for the examination (see catalog, section "Other Fees"). Upon transfer, acceptance of credit awarded by means of departmental exam may be treated differently by the receiving institution.

CREDIT FOR ADVANCED PLACEMENT

Testing and evaluation for Advanced Placement will be uniform throughout the District and shall be applied uniformly by divisions and individual instructors.

The following list shows the EAC credit awarded for specific advanced placement examinations.

American History. An AP Exam score of 4 or 5 earns credit for EAC courses HIS 101 and 102, a total of 6 credits. A score of 1, 2 or 3 earns no credit.

Art (History). An AP Exam score of 3, 4 or 5 earns credit for EAC course ART 134, for 3 credits. A score of 1 or 2 earns no credit.

Art (Studio). An AP Exam score of 4 or 5 earns credit for EAC course ART 111 for 3 credits. A score of 1, 2 or 3 earns no credit.

Biology. An AP Exam score of 4 or 5 earns credit for EAC courses BIO 181 and 182, a total of 8 credits. A score of 3 earns credit for BIO 100, for 4 credits. A score of 1 or 2 earns no credit.

Calculus AB. An AP Exam score of 3, 4 or 5 earns credit for EAC course MAT 220, for 5 credits. A score of 1 or 2 earns no credit.

Calculus BC. An AP Exam score of 4 or 5 earns credit for EAC courses MAT 220 and 230, a total of 9 credits. An AP Exam score of 3 earns credit for EAC course MAT 220, for 5 credits. A score of 1 or 2 earns no credit.

Chemistry. An AP Exam score of 4 or 5 earns credit for EAC courses CHM 151 and 152, a total of 8 credits. A score of 3 earns credit for CHM 151, for 4 credits. A score of 1 or 2 earns no credit.

English Literature/Composition. An AP Exam score of 4 or 5 earns credit for EAC course ENG 101, for 3 credits. A score of 1, 2 or 3 earns no credit.

English Language/Composition. An AP Exam score of 4 or 5 earns credit for EAC course ENG 101 for 3 credits. A score of 1, 2 or 3 earns no credit.

European History. An AP Exam score of 4 or 5 earns credit for EAC courses HIS 104 and 105, a total of 6 credits. A score of 1, 2 or 3 earns no credit.

French Language. An AP Exam score of 3, 4 or 5 earns credit for EAC courses FRE 101, 102, 201 and 202, a total of 16 credits. A score of 1 or 2 earns no credit.

German Language. An AP Exam score of 3, 4 or 5 earns credit for EAC courses GER 101, 102, 201 and 202, a total of 16 credits.

Music Theory. An AP Exam score of 4 or 5 earns credit for EAC course MUS 101, for 3 credits. A score of 1, 2 or 3 earns no credit.

Physics B. An AP Exam score of 4 or 5 earns credit for EAC course PHY 111, for 4 credits. A score of 1, 2 or 3 earns no credit.

Physics C. An AP Exam score of 3, 4 or 5 on Mechanics earns credit for EAC course PHY 111, for 4 credits. A score of 1 or 2 earns no credit.

Physics C. An AP Exam score of 3, 4 or 5 on Electricity and Magnetism earns credit for EAC course PHY 112, for 4 credits. A score of 1 or 2 earns no credit.

Political Science: American Government and Politics. An AP Exam score of 4 or 5 earns credit for EAC course POS 110, for 3 credits. A score of 1, 2 or 3 earns no credit.

Spanish Language. An AP Exam score of 3, 4 or 5 earns credit for EAC courses SPA 101, 102, 201 and 202, a total of 16 credits. A score of 1 or 2 earns no credit. A score of 1 or 2 earns no credit.

Statistics. An AP Exam score of 3, 4 or 5 earns credit for EAC course MAT 160, for 3 credits.

CREDIT FOR APPRENTICESHIP TRAINING, LICENSING, OR OTHER AGENCY TRAINING OR EXAMINATION

If you hold a valid and current license or accreditation for a specific skill or trade which included passing an exam by a state or nationally recognized Board and have been actively practicing that skill within the last five years, you may petition the Admissions and Academic Standards Appeals Committee for college credit in subject areas offered by EAC. You must supply the name and address of the accrediting Board, trade school, or agency to EAC's Records and Registration Office.

Upon request by EAC's Records and Registration Office, the place of prior accreditation must be willing to supply information about examination competencies. If this information is adequate for evaluation, the Admissions and Academic Standards Appeals Committee, in consultation with the Division in which courses are listed, will determine the specific courses for which credit will be given on the official transcript.

Transcript wording will be "Credit by departmental evaluation." If there is a question about awarding of credit under these conditions, you will be given the opportunity to earn the credits in question by examination as described under the Credit By Examination section. Credit earned by apprenticeship training, licensing, or other agency training or examination may not be transferable.

CREDIT FOR MILITARY TRAINING

"The 2006 Guide to the Evaluation of Educational Experiences in the Armed Services" or its successor, published by the American Council of Education, is used as the basis for evaluating training and experience in the armed forces. A student may receive college credit if the armed services training parallels a curriculum area offered at Eastern Arizona College, and the credit meets a program requirement, or is used as elective credit. Credit awarded on this basis will be recorded on an official transcript only upon completion of at least 16 credit hours in courses at Eastern Arizona College and will be shown on the transcript as "military credit awarded by evaluation." Upon transfer, acceptance of credit awarded for military service may be treated differently by the receiving institution.

CREDIT BY EVALUATION

The "National Guide to Educational Credit for Training Programs," or its successor, published by the American Council on Education is used as the basis for evaluating training and experience in non-collegiate sponsored training programs. A student may receive Eastern Arizona College credit if the non-college training program parallels a curriculum area offered at EAC and the credit meets a program requirement or is used as elective credit. Credit awarded on this basis will be recorded on an official transcript only upon completion of at least 16 credit hours in courses at Eastern Arizona College and will be shown on the transcript as "credit awarded by evaluation." Upon transfer, acceptance of credit awarded by evaluation may be treated differently by the receiving institution.

GRADING

Each course in which you are enrolled at the close of registration for that course will be awarded one of the following grades:

Letters	Grades	Grade Points
A	Excellent	4 grade points per semester credit
B	Good	3 grade points per semester credit
C	Competent	2 grade points per semester credit
D	Passing— not transferable	1 grade point per semester credit— not transferable and may not meet graduation requirements
F	Failing	0 grade points per semester credit
I	Incomplete	not computed in GPA
P	Credit only	not computed in GPA. A "P" is judged to be equivalent to a grade of "C" or higher
W	Withdrew	not computed in GPA
X	Audit	not computed in GPA
Y	Grade not reported by instructor	not computed in GPA

Grade point averages are computed by multiplying the grade points earned by the corresponding credit and dividing the sum of those products by the total credit attempted.

GRADE OF INCOMPLETE "I"

The grade of Incomplete (I) may be given for reasons acceptable to the instructor if you do not complete the objectives of the course during enrollment. Incompletes may be changed to grades when, upon contract with instructors, the objectives of the courses involved are completed at a passing level. You are solely responsible for making arrangements with instructors to complete course requirements. The course must be completed and a grade recorded by the end of the next regular semester following the Incomplete, or a grade of "F" will be recorded for the course.

GRADE OF PASS "P"

If you are in a transfer program it is recommended that you limit the number of credits in which you receive "P" grades to no more than six. Excessive "P" grades may prevent you from being admitted to the university program of your choice. "P" grades are not calculated in your GPA. "P" grades changed by petition are equivalent to "C" grades.

GRADE OF WITHDRAWAL "W"

You may obtain the grade of Withdrew (W) by officially withdrawing from the class. Ceasing to attend the class does not constitute withdrawal.

GRADE OF AUDIT "X"

The grade of Audit (X) is given to students who officially enroll in a course as an auditor to obtain course information and do not wish to earn college credit. When auditing, you pay the regular tuition and fee charges in addition to the audit fee as specified in the fee schedule.

GRADES FOR REPEATED COURSES

You may repeat a course previously taken at Eastern Arizona College in order to improve your grade or to update your knowledge of the course material. When a course is repeated, credit may be counted only once for graduation and only the higher grade will be used for computation of the grade point average; however, all grades will appear on your transcript. Veterans cannot claim benefits for repeated courses unless the veteran received a grade of "F" and the course is needed for graduation.

GRADE REPORTING SYSTEM

You will be mailed a printed copy of your grade report upon written or verbal request to the Records and Registration Office.

GRADE CHANGES

Grade changes can be made only by instructors with the approval of the Provost/Chief Academic and Student Officer, with the exception of clerical errors made and corrected by the Records and Registration Office. If an instructor is not available, petitions for grade changes will be considered by the Admissions and Academic Standards Appeals Committee.

An appeal for a grade change will not be considered unless a petition for same is filed with the Records and Registration Office within six (6) months of the close of the semester in which the grade was received.

GRIEVANCE PROCEDURE—ACADEMIC STANDARDS

Students aggrieved by College actions of an academic nature shall have the opportunity for appeal.

The professional educator's qualifications and rights to determine academic standards are respected and accepted. The professional educator shall be accountable for establishing and maintaining appropriate academic standards for coursework.

When a complaint about academic standards arises, with the exception of sexual harassment, the student shall subscribe to the following procedure to render the complaint legitimate. Complaints of sexual harassment should follow the procedure described in GCCCD 4730.00 Sexual Harassment. The student's right for grievance shall be forfeited if the complaint is not addressed through the Official Review Process - Academic Standards. The Official Review Process - Academic Standards may not be applicable when services are delivered under the provisions of a negotiated contract. The appeal process does not suspend any actions which are being grieved.

DEFINITION OF TERMS

Days: Calendar days exclusive of official holidays as identified in the College Catalog.

Complainant: Student complainant.

Professional Educator: College professional educator(s) responsible for the program or action for which the student complainant has a grievance.

Academic Affairs Officer: Campus official designated by the College President for oversight of academic affairs.

Admissions and Academic Standards Appeals

Committee: College committee charged with responsibility to advise the College President on policies, standards, rules and regulations for academic standards and student admission; and to

serve as an appeals committee for grievances concerning academic standards.

Academic Standard: All actions relating to grades, grading standards, professional educator conduct, materials presented in a classroom by the professional educator or adjunct, and professional educator discrimination against a student exclusive of discrimination as defined by federal or state laws.

OFFICIAL REVIEW PROCESS—ACADEMIC STANDARDS

Step 1. The Complainant shall seek out, within five (5) days of the action, the Professional Educator so both parties may be afforded an opportunity to clarify facts and to reach a mutually acceptable solution.

Step 2. If Complainant satisfaction is not achieved in Step 1, the Complainant shall provide a written request for a meeting to the Division Chairperson responsible for oversight of the standards employed by the Professional Educator. Within five (5) days of receipt of the request the Division Chairperson shall arrange for a meeting to include the following individuals: the Division Chairperson, the Professional Educator, and the Complainant. The Division Chairperson shall attempt to mediate an acceptable solution.

Step 3. If Complainant satisfaction is not achieved in Step 2, the Complainant shall provide a written request for a hearing by the Admissions and Academic Standards Appeals Committee. The request shall articulate the complaint and shall be delivered to the Academic Affairs Officer within five (5) days after receiving a recommended solution as provided in Step 2. Within ten (10) days of receipt of the request, but not less than three (3) days of receipt of request, the Chairperson of the Admissions and Academic Standards Appeals Committee shall arrange for a hearing. The Complainant, the Professional Educator and the Division Chairperson shall be in attendance at the hearing. Within ten (10) days of the conclusion of the hearing, the Chairperson of the Admissions and Academic Standards Appeals Committee shall set forth a written document addressing finding of fact and the decision reached by the Committee. Copies shall be addressed to the Complainant, the Professional Educator, the Division Chairperson, and the College President. Decisions made by the Admissions and Academic Standards Appeal Committee are binding.

HONORS

President's List: The President's List will, upon completion of each semester, include those full-time students who:

- Are enrolled in a curriculum listed in a College Academic Catalog leading to a degree offered by Eastern Arizona College,
- Complete during the semester a minimum of 12 credits at the 100 level or higher for which a grade other than an "I" (Incomplete) or "P" (Pass) grade was earned, and
- Received a 4.000 semester grade point average.

Dean's List: The Dean's List will, upon completion of each semester, include those full-time students who:

- Are enrolled in a curriculum listed in a College Academic Catalog leading to a degree offered by Eastern Arizona College,
- Complete during the semester a minimum of 12 credits at the 100 level or higher for which a grade other than an "I" (Incomplete) or "P" (Pass) grade was earned, and
- Received a 3.500 through 3.999 semester grade point average.

OFFICIAL NOTIFICATIONS

At initial enrollment all students receive an Eastern Arizona College MonsterMail account. This email account is free of charge and is the official notification channel for all EAC correspondence to the students. Correspondence sent to this address will be deemed official and adequate notification to you regarding the contents of such correspondence.

REGISTRATION

The act of enrolling in courses at the College indicates you agree to be subject to all the requirements, policies, and regulations in the College Catalog, Schedule of Classes and Student Handbook, and agree to establish a permanent college academic record. You further acknowledge that in order to be admitted to other colleges or universities you may be required to send this academic record to those institutions. Your enrollment also certifies your understanding that the content of EAC courses are designed for adult students and if you are a younger student you may feel constrained from participating in class discussions due to the maturity and age of other students in addition to the subject matter being discussed. Contact the Records and Registration Office at (928) 428-8270 or 1-800-678-3808, Ext. 8270 for details.

COURSE OVERLOAD

The typical academic load varies from 15 to 18 credit (semester) hours. Students carrying a minimum of 12 credit hours are considered full-time students for financial aid, residency, and scholarship purposes.

You are allowed to register for an "overload"—defined as more than 18 credit hours of Regular Semester courses other than those designated as open entry/open exit or short term courses less than a semester in length—contingent upon the following criteria. For purposes of overload consideration, Activity/Personal Enrichment Courses are not included in the number of credits to be examined.

- You may enroll for an overload of up to 22 credit hours if you have completed a minimum of 12 credits at Eastern Arizona College with a cumulative GPA of 2.75 or higher.
- If you have not completed, but are currently enrolled in, a minimum of 12 credits at Eastern Arizona College, you must petition to enroll for an overload of up to 22 credits for the subsequent semester contingent upon completion of your courses currently in progress with a GPA of 2.75 or better. At the end of the semester, if the cumulative GPA for the courses in progress is less than 2.75, you will be administratively withdrawn from the course(s) requested in your petition. You may also be subject to other points of enforcement surrounding academic standards.
- If you have completed at least 12 credits at Eastern Arizona College with a cumulative GPA of 2.25 through 2.7499, you must petition the Admissions and Academic Standards Committee for approval to register for an overload.
- If your cumulative GPA is less than 2.25, you will not be considered for an overload unless evidence is provided showing that impending graduation requirements cannot otherwise be met.
- If you are a first-time student or first-semester transfer student to Eastern Arizona College, you must petition the Admissions and Academic Standards Committee for an overload of up to 22 credits. An official transcript from either the high school or transfer institution must be on file in the Records and Registration Office.

If you want to enroll in more than 22 credits for a regular semester, you must petition the Admissions and Academic Standards Committee for additional overload consideration.

TRANSCRIPTS

A fee of \$3, payable in advance, will be charged for each transcript and if EAC is requested to fax any transcript, there will be an additional \$2 charge.

Eastern Arizona College reserves the right to withhold transcripts from students who are in debt to the College. A student whose transcript is being withheld has the right to discuss the matter with EAC personnel who are empowered to resolve any dispute concerning indebtedness to the College.

If you desire to transfer to another institution of higher education, you should request that the Records and Registration Office send your transcript directly to the institution you expect to enter. Also, you may request that the Records and Registration Office mail a transcript directly to a prospective employer.

WITHDRAWAL FROM A COURSE

You are responsible for initiating and completing official withdrawals from classes from which you wish to withdraw through the Records and Registration Office or over the Internet using Gila Hank Online. Withdrawal before the end of the registration period will result in the course not showing on your transcript. This is known as "Withdrawal Without Record." Withdrawal from a course after the close of registration will result in a grade of "W" - "Withdrawal With Record" - showing on your transcript. There is a different deadline for each type of course (semester-length, short-term, open entry/open exit and summer) that is taught at EAC. Please see the listing below for the exact deadlines. If you do not officially withdraw from a course, you may receive a failing grade. Instructors are authorized to withdraw you from courses for excessive unofficial absences, excessive tardiness, disruptive behavior, or inability to perform the required tasks.

Your failure to drop a class after registration, regardless of nonattendance or nonpayment, does not release you from the financial obligation incurred at the time of registration. To ensure your registration is cancelled you must withdraw from the course. To completely remove your financial obligation for refundable fees, you must withdraw from the course during the open registration period for that course. If you incurred any nonrefundable fees, you will still be obligated to pay these fees. Instructors are not always obligated to withdraw you from their courses and you should not assume they will do so.

If you have received financial aid and withdraw from courses, please refer to the Return of Title IV Federal Student Aid Policy in the disclosure section of the College Catalog as to how this might affect you.

Semester-Length Courses: The last day for you to initiate an official withdrawal from a semester-length course and to receive a "W" grade is five weeks prior to the last Friday before final exams. The instructor may initiate a withdrawal from a semester-length course up to the last Friday before final exams.

Short-Term, Open Entry/Open Exit, and Summer Session Courses: The last day for you or your instructor to initiate an official withdrawal from a short-term or open entry/open exit course is the last day of the course. The last day to withdraw from a summer session course is the third day after the start of the term.

LICENSURE

Eastern Arizona College offers various certificates and programs that enable the student to test for licensure. Eastern Arizona College makes no guarantee, either implied or stated, that you will pass any licensing test. Also, please be aware that any past criminal record may have an impact on your eligibility for licensure. You should investigate licensing requirements before entering a course of study.

CERTIFICATES

Work with your adviser/instructor to plan and apply for your chosen certificate program.

DEGREES

Eastern Arizona College grants the Associate of Arts (AA), Associate of Business (ABus), Associate of Science (AS), Associate of General Studies (AGS) and the Associate of Applied Science degrees (AAS).

Specific course requirements for each of the degrees offered by Eastern Arizona College are identified in the curriculum section of this catalog. Please refer to the major you intend to pursue at EAC for specific graduation requirements.

APPROVED ELECTIVES

EAC degree programs that are designed to transfer to all of Arizona's public universities require you to select your electives from the courses listed in the Arizona Higher Education Course Equivalency Guide (CEG) (located at https://www.aztransfer.com/cgi-bin/WebObjects/Admin_CEG). Select the Eastern Arizona College Elective or Better Report. Additional detailed information is available there.

Select courses from the list for the academic year in which you will be taking the class. For example, if you are planning to take ART 101 as an elective in the 2012-2013 academic year it must be included on the list of approved electives for 2012-2013. Only courses on the approved list for the academic year in which you take the class can be counted toward degree completion.

CHOICE OF CATALOG

Students maintaining continuous enrollment at any public Arizona community college or university may graduate according to the requirements of the catalog in effect at the time of initial enrollment or according to the requirements of any single catalog in effect during subsequent terms of continuous enrollment. Students may maintain continuous enrollment whether attending a single public community college or university in Arizona or transferring among public institutions in Arizona while pursuing their degrees.

1. A semester in which a student earns course credit will be counted toward continuous enrollment. Non-credit courses, audited courses, failed courses, or courses from which the student withdraws do not count toward the determination of continuous enrollment for catalog purposes.

Example A: Admitted and earned course credit at a public college or university: Fall 2011 (Active). Continued at a community college: Spring 2012, Fall 2012 (Active). Transferred to a university: Spring 2013 (2011 or any subsequent catalog).

Example B: Admitted and earned course credit at a public college or university: Fall 2010 (Active). Enrolled but earned all Ws or Fs: Spring 2011 (Inactive). Enrolled in audit courses only: Fall 2011 (Inactive). Nonattendance: Spring 2012 (Inactive). Transferred to a university: Fall 2012 (2012 or any subsequent catalog).

2. Students who do not meet the minimum enrollment standard stipulated in No. 1 during three consecutive semesters (fall/

spring) and the intervening summer term at any public Arizona community college or university are no longer considered continuously enrolled, and must meet requirements of the public Arizona community college or university catalog in effect at the time they are readmitted or of any single catalog in effect during subsequent terms of continuous enrollment after readmission. Students are not obligated to enroll and earn course credit during summer terms, but summer enrollment may be used to maintain continuous enrollment status.

Example A: Admitted and earned course credit at a public college or university: Fall 2010 (Active). Nonattendance: Spring 2011, Fall 2011, Spring 2012 (Inactive). Readmitted and earned course credit at a community college: Fall 2012 (Active). Transferred to a university: Spring 2013 (2012 or any subsequent catalog).

Example B: Admitted and earned course credit at a public college or university: Fall 2010 (Active). Nonattendance: Spring 2011 (Inactive). Readmitted, earned course credit at a community college: Summer 2011 (Active). Nonattendance: Fall 2011, Spring 2012 (Inactive). Transferred to a university: Fall 2012 (2010 or any subsequent catalog).

3. Students admitted or readmitted to a public Arizona community college or university during a summer term must follow the requirements of the catalog in effect the following fall semester or of any single catalog in effect during subsequent terms of continuous enrollment.

Example: Admitted and earned course credit at a community college: Summer 2010 (Active). Continued at a community college: Fall 2010, Spring 2011 (Active). Nonattendance: Fall 2011 (Inactive). Readmitted and earned course credit at a community college: Spring 2012 (Active). Transferred to a university: Summer 2012 (2010 or any subsequent catalog).

4. Students transferring among Arizona public higher education institutions must meet the admission requirements, residency requirements, and all curricular and academic requirements of the degree-granting institution.

GRADUATION HONORS

Highest Honors: Granted to candidates for graduation who have, at the conclusion of their last completed semester, at least 30 credits at EAC with a 4.000 cumulative grade average.

High Honors: Granted to candidates for graduation who have, at the conclusion of their last completed semester, at least 30 credits at EAC with a minimum of 3.750 cumulative grade average.

Honors: Granted to candidates for graduation who have, at the conclusion of their last completed semester, at least 30 credits at EAC with a minimum of 3.500 cumulative grade average.

DEVELOPMENTAL COURSES

Credit earned for Developmental Classes which are numbered below 100 will not be counted towards degree completion, graduation honors or graduation Grade Point Average.

MULTIPLE DEGREES

Eastern Arizona College offers the Associate of Arts, Associate of Business, Associate of Science, Associate of General Studies and Associate of Applied Science degrees. Once you have received one Associate Degree, one or more additional degrees can also be received by completing the additional degree requirements with a minimum of 16 additional credits beyond the first degree. With the exception of the Associate of General Studies (AGS) degree, degrees may be earned concurrently.

GENERAL EDUCATION REQUIREMENTS FOR ASSOCIATE OF ARTS, ASSOCIATE OF BUSINESS AND ASSOCIATE OF SCIENCE DEGREES

General Education broadens your perspectives and introduces you to several important fields of knowledge. In meeting Eastern Arizona College's GE requirements you will also gain increased awareness of ethnicity, race and gender, and international and historical influences on our culture.

The Arizona Board of Regents has agreed to three transfer General Education programs. The purpose of the agreement is to ensure that when you complete your GE requirements at EAC you will be able to transfer to an Arizona public university without loss of credits.

The three transfer General Education programs are the Arizona General Education Curriculum, Associate of Arts (AGEC-A), the Arizona General Education Curriculum, Associate of Business (AGEC-B), and the Arizona General Education Curriculum, Associate of Science (AGEC-S).

Eastern Arizona College has established General Education programs satisfying each of the three AGECS. It will usually be in your best interest to complete the AGECS for your major at EAC before transferring to an Arizona university. When you have completed the AGECS, EAC will certify your achievement on your academic transcript. Completing the AGECS for your major at EAC fulfills the lower division, General Education requirements of the corresponding baccalaureate degree at each of the three state universities. Should you elect to not complete an AGECS at EAC you will not be afforded the same transfer status as those who do. Your courses will be evaluated on a course-by-course basis by the university to which you transfer.

Some majors, particularly in the professional fields, have significant prerequisites and/or program requirements that will not transfer within one of the three General Education programs described above. If you have selected a major that is not listed in the EAC catalog, or one that is listed as a Transfer Guide-Extra Requirements (TG-XR) degree, carefully consult the catalog and/or curriculum transfer guide (located at www.aztransfer.com/transferguides) of the university to which you plan to transfer and the Course Equivalency Guide (located at https://www.aztransfer.com/cgi-bin/WebObjects/Admin_CEG) before you register for your GE courses. Obtaining assistance in this process from an advisor at the university you plan to transfer to is strongly recommended. EAC faculty advisors and counselors can also assist you.

You must meet the General Education requirements by selecting appropriate courses from the required program areas. In some cases, a degree program may require you to select specific courses rather than choose from the list of approved GE courses. Required courses for each EAC curricula are listed in the curriculum section of the catalog under the heading General Education Requirements.

INTENSIVE WRITING/CRITICAL INQUIRY

To complete your AGECS, you must complete an Intensive Writing/Critical Inquiry course. These courses are designated in the list below with the notation (IW).

GLOBAL/INTERNATIONAL/HISTORICAL AWARENESS

The AGECS also requires that you complete a Global/International/Historical Awareness course. Courses that meet this requirement are designated with the notation (GIH).

A single course will not be used to fulfill both the Intensive Writing/Critical Inquiry and the Global/International/Historical Awareness requirements. To minimize the number of classes required to complete GE requirements, select courses from the humanities or social sciences that also fulfill the Intensive Writing/Critical Inquiry or Global/International/Historical Awareness requirements.

ETHNICITY, RACE AND GENDER

Course content addressing ethnicity, race and gender is embedded in the College's humanities and social sciences courses that are part of the General Education program.

ARIZONA STATE UNIVERSITY, NORTHERN ARIZONA UNIVERSITY AND THE UNIVERSITY OF ARIZONA

Eastern Arizona College offers three Associate Degrees that are appropriate for transfer to Arizona's public universities.* These Associate Degrees are 64 credits and have four basic "blocks" upon which they are built. The blocks are: the Arizona General Education Curriculum (AGEC), Common Courses, Special Requirements, and Electives. If you complete the degrees, you will be guaranteed to enter the university with Junior status.

The three degrees are:

Associate of Arts (AA): This degree is designed for students who plan to transfer to a university and earn a bachelor's degree in areas such as Liberal Arts, Social Sciences, Fine Arts, Public Programs, and Communication.

Associate of Business (ABus): This degree is designed for students who plan to transfer to a university and earn a bachelor's degree in Business and Business-related areas such as Computer Information Systems or Economics.

Associate of Science (AS): This degree is designed for students who plan to transfer to a university and earn a bachelor's degree in areas such as the Physical and Biological Sciences or Mathematics.

Completion of the Arizona General Education Curriculum (AGEC) guarantees your admission to the universities if you have a grade point average of 2.5 on a 4.0 scale. Completion of the AGEC also means that you will have met the lower-division General Education requirements at any of the universities for the majors that articulate with that AGEC.

*All three of the state universities may accept the Eastern Arizona College Associate of Applied Science (AAS) degree as applicable to certain Bachelor of Applied Science degrees (BAS). You should contact a transfer advisor for the university you plan to attend, or carefully consult the catalog and/or curriculum transfer guide for that institution.

EAC-ASU BACHELOR'S DEGREE PARTNERSHIP

Whether you are just starting out at the community college or have completed your associate degree, ASU will provide you with the tools and advice to help you transition to ASU when you are ready.

TRANSFER OPTIONS

Arizona State University welcomes you as a transfer applicant. ASU considers you a transfer student if you have attended a community college or four-year college or university after graduating from high school.

Associate to Bachelor's Degree Options at Eastern Arizona College

Starting in Fall 2012, ASU will begin offering the ability for students to complete their bachelor's degree at Eastern Arizona College. These programs will support the educational and economic needs of Thatcher and nearby communities. Read more about this new program, including initial offerings in nursing and management, at <http://transfer.asu.edu/eac>.

Transfer Admission Guarantee (TAG)

Have you already decided on your ASU major? If so, the ASU Transfer

Admission Guarantee (TAG) has been designed for you. Through this program, you follow a prescribed sequence of course work that meets the lower-division course requirements for an ASU major. When you complete your TAG, you will have met the requirements for your associate degree and be on track toward earning your bachelor's degree. TAGs include the appropriate AGEC (Arizona General Education Curriculum) and an associate degree.

Benefits include:

- Guaranteed admission to ASU degree programs.
- Cost-effective pathway ensuring all courses transfer and apply to your ASU degree.
- Eligibility for participation in the ASU Tuition Commitment program.
- Access to ASU transfer advising by phone and occasionally in-person.

Terms of the TAG:

- Working with your community college and ASU advisors to monitor progress on the TAG.
- Completing the TAG with a specified GPA and any special requirements.
- Completing the TAG in a period not to exceed three years.
- Agreeing that student academic data and advising information may be shared between your community college and ASU.
- Pathway certification verifying completion of the TAG requirements

EAC2NAU – A JOINT ADMISSION PROGRAM

NAU and Eastern Arizona College (EAC) are working together to help you earn your bachelor's degree.

You can be admitted to NAU while attending EAC. You'll receive personalized services that will help you plan for the least expensive route to a four year degree at NAU.

EAC2NAU:

- Focuses on your success at EAC and at NAU
- Provides you with information about how your associate's degree at EAC can lead to an NAU degree locally, online, or in Flagstaff
- Waives your application fee to NAU
- Is the most affordable road to a four year degree

Program Requirements:

You are eligible for the program if you:

- have 30 units or less in transferable credit
- are enrolled in two or more classes at EAC
- have not previously completed a bachelor's degree with NAU
- continue to be enrolled in at least two classes at EAC

Benefits:

As an EAC2NAU student you'll have access to many resources at NAU:

- an NAU e-mail address
- an NAU ID card
- access to online library services
- access to student discounts, athletic events and more!
- Scholarships and Financial Aid

Attending a local community college for two or more years before

transferring to NAU is the most affordable route to a four-year degree. In addition, NAU is prepared to support students through scholarships and other financial support. EAC2NAU students may be eligible for the Joint Admission Transfer Scholarship and/or a variety of other opportunities.

BRIGHAM YOUNG UNIVERSITY–PROVO

EAC has a transfer partnership with BYU. If you earn an Associate of Arts, Associate of Business, Associate of General Studies, or Associate of Science degree from EAC, you increase the probability of your admission to BYU.

If you are admitted to BYU with an Associate of Arts, Associate of General Studies, Associate of Business, or Associate of Science Degree from EAC, you will have completed all BYU University Core (GE) requirements with the exception of American Heritage, Advanced Writing, and the Advanced Mathematics or Foreign Language requirements. EAC offers mathematics and foreign language courses that you may take to satisfy BYU's advanced Mathematics or Foreign Language requirement. You should consult the BYU/EAC Articulation Agreement in selecting these courses. A copy of the Agreement is available from the Counseling Department.

The EAC/BYU transfer partnership does not cover the transfer and applicability of major courses. You are encouraged to consult with the prospective major department at BYU for recommendations on EAC courses that can be taken toward your intended major.

BRIGHAM YOUNG UNIVERSITY–HAWAII

Students attending Eastern Arizona College who complete their Associate of Arts, Associate of General Studies, Associate of Science, or Associate of Business degree will have met the BYU-Hawaii General Education (GE) requirements with the exception of the Interdisciplinary Studies course.

Additional aspects of the transfer agreement are as follows:

- Credit will also be granted for courses with a "C" grade or better which apply to the major.
- Credit for courses of a remedial nature (usually numbered 99 and below) will not be transferable.
- Students who apply to BYU-Hawaii with less than an Associate Degree, will have their college work evaluated on a course-by-course basis to determine equivalencies. Only courses with grades of "C" or better will be accepted.

BRIGHAM YOUNG UNIVERSITY–IDAHO

EAC has an articulation agreement with BYU- Idaho:

- EAC Students who have earned the Associate of Arts, Associate of Science, Associate of Business, or Associate of General Studies degrees will be considered as having completed the BYU-I General Education requirements.
- For students who have not earned the degree, the EAC courses listed in the General Education Articulation Agreement (available in the EAC Counseling Department) are those which will apply toward General Education requirements at BYU-I.
- As students transfer, their credit will be evaluated on a course-by-course basis according to the General Education Transfer Agreement.
- The General Education requirements for students transferring to BYU-I will be those in effect at the time of their initial enrollment at BYU-I.

WESTERN NEW MEXICO UNIVERSITY

Arizona residents may be eligible for an out-of-state tuition fee waiver from Western New Mexico.

Students completing the Eastern Arizona College Associate of Arts Degree (AA), Associate of Business Degree (ABus), the Associate of Science Degree (AS), or the Associate of General Studies Degree (AGS) can fulfill Western New Mexico University General Education (GE) requirements provided they include in their degree program courses specifically listed in the articulation agreement as meeting WMNU General Education requirements in the Oral Communication, History, Computer, and Physical and Mental Well Being areas. Copies of the articulation agreement can be obtained from the Counseling Department.

OUT-OF-STATE TRANSFER

Out-of-state universities have differing policies regarding the transfer of General Education credit for application to your major or minor requirements. You should carefully consult the catalog of the university to which you wish to transfer.

ADMINISTRATION OF JUSTICE

Associate of Arts Degree

AA-SR 60801 (Available On Campus and Online)

Advisor: [Steve Johnson](#)

This degree prepares you to transfer to a college or university and pursue a bachelor's degree in Administration of Justice. Since program requirements differ between universities, the [official transfer guide](#) (www.aztransfer.com/transferguides) of the school which you plan to attend upon leaving EAC should be consulted in order to adjust this program to your personal needs.

This degree is also suitable if you are currently employed in law enforcement or an allied public service profession and wish to improve your knowledge and skills. If you successfully complete the AJS 115 and AJS 215 Basic Peace Officer Academy or provide proof of graduating from an AzPOST police academy, you will have fulfilled the following courses toward an Administration of Justice degree.

AJS 103	Criminal Investigation
AJS 155	Firearms
AJS 202	Substantive Criminal Law
AJS 220	Procedural Criminal Law
AJS 266	The Police Function
EMT 121	Cardiopulmonary Resuscitation
HPE 101	Beginning Physical Activities I
HPE 102	Beginning Physical Activities II

If you provide proof of graduating from the Arizona Department of Corrections Training Academy (COTA), you will have fulfilled the following courses toward an Administration of Justice Degree.

AJS 130	The Correction Function
AJS 155	Firearms
EMT 121	Cardiopulmonary Resuscitation

ANTHROPOLOGY

**Associate of Arts Degree
AA-SR 60802**

Advisor: [Linda Blan](#)

In order to understand the physical and behavioral diversity found in humankind, anthropologists study the biological and cultural factors that influence human behavior. Anthropology is internally divided into four sub-fields: physical anthropology (the study of man as a biological entity), archaeology (the study of past cultures), ethnology (the study of living cultures) and linguistics. The undergraduate anthropology student studies in each sub-field, preparatory to selecting an area of specialization.

As the single branch of Social Sciences dealing primarily with non-western pre-industrialized societies, anthropology adds a unique dimension to liberal education. A background in anthropology is generally useful in a variety of fields, including law, philosophy, social work, history and medicine.

High school students planning to major in anthropology should take two years of high school mathematics, preferably algebra, and some work in a language, preferably, German, French or Spanish. A background in English is also critical.

Graduates with bachelor's degrees in anthropology can find employment in all pursuits normally open to other graduates in the various liberal arts, or as teachers of social studies in secondary schools. Anthropology provides a suitable background for positions with a variety of federal, state, and local agencies.

Students seeking work as professional anthropologists should plan for advanced degrees in anthropology. Graduates with master's degrees may find work in government, community colleges or museums. For university teaching and research careers, a Ph.D. is usually necessary.

Since program requirements differ between universities, the [official transfer guide \(www.aztransfer.com/transferguides\)](#) of the school which you plan to attend upon leaving EAC should be consulted in order to adjust this program to your personal needs.

Courses listed in Curriculum Requirements that qualify for General Education credit (see the General Education section of the catalog) may fulfill both General Education and Curriculum Requirements unless General Education Requirements are specified in the major.

Elective and Foreign Language Requirements

To obtain this degree you must demonstrate proficiency in a foreign language at the 202 course level. To do this select from the following options:

1. If you have no foreign language coursework completed, take the French or Spanish 101, 102, 201, 202 course sequence offered at EAC.
2. If you have completed two years of high school French or Spanish courses, take the 201, 202 course sequence at EAC. These two courses will fulfill your foreign language requirement.
3. If you have completed four years of high school foreign language courses or have obtained foreign language ability at the 202 course level in some other manner, testing options are available to demonstrate your proficiency. Contact the Records and Registration Office for more information.
4. Any foreign language at the 202 course level may be transferred from an accredited college or university.

Depending on which option you choose, select a sufficient number of elective credits to obtain the 64 credit hours required for this degree. Choose electives from the list of courses in the Arizona Higher Education Course Equivalency Guide (CEG) located at https://www.aztransfer.com/cgi-bin/WebObjects/Admin_CEG. Select the Eastern Arizona College Elective or Better report. If you plan to transfer, consult the catalog or an advisor from the school you will transfer to as you make your selections.

Total Elective and Foreign Language Requirements 16 to 17 credits

Total Minimum Degree Requirements 64 credits

In addition to completing each of the courses listed above with a grade of "C" or better, you must meet the following general graduation requirements to obtain this degree:

- Complete at least 16 degree credits at Eastern Arizona College.
- Attain a cumulative grade point average of 2.00 or higher.
- Demonstrate a reading competency at the twelfth grade level or above by one of the following methods:
 1. EAC COMPASS reading assessment test score of 76 or higher*
 2. EAC ASSET reading assessment test score of 40 or higher*
 3. ACT Assessment Reading score of 18 or higher*
 4. SAT verbal score of 530 or higher*
 5. Completion of ENG 113, College Reading, with a grade of "C" or better
 6. Grade equivalency score of 12 or higher as demonstrated by the Nelson Denny, TABE, or ABLE tests*

*Your EAC COMPASS reading assessment test score is available on Gila Hank Online or from your advisor. If you took the ASSET test or submitted an ACT, SAT, Nelson Denny, TABE, or ABLE score, a derived EAC COMPASS score has been placed in your record and is available on Gila Hank Online or from your advisor.

- File a Graduation Petition at least 60 calendar days prior to the end of the semester in which graduation is anticipated and pay the Graduation Fee of \$25.
- Remove any indebtedness to the College.

ART EDUCATION

Associate of Arts Degree AA-SR 60401

Advisor: [Kenny Rhodes](#)

This curriculum provides the first two years of a four-year program in art at a professional art school or at a college of fine arts at one of the state's public universities. Upon completion of one of these degrees at EAC, you will be able to transfer into a four-year college or university program. Since program requirements differ between universities, the [official transfer guide \(www.aztransfer.com/transferguides\)](#) of the school which you plan to attend upon leaving EAC should be consulted in order to adjust this program to your personal needs. If you plan to terminate formal education after attending EAC and seek employment immediately upon graduation, the EAC Advertising Design curriculum may be a better choice than these degrees. You are advised to take one or more art courses before making serious plans for a career in art.

CNC MACHINING

Certificate of Proficiency 30620

Advisor: [Tad Dryden](#)

The CNC Machining Certificate program prepares the student to work in the machine technology field in the area of CNC programming and CNC machining. Students will develop skills with machine shop math and learn to solve problems with machine shop set-ups on computer controlled machines.

Curriculum Requirements

MSP 101	Fundamentals of Machine Shop	2 credits
MSP 102	Materials of Industry	3 credits
MSP 104	Machine Shop	4 credits
MSP 201	Machine Tool Methods	3 credits
MSP 250	CNC Programming	4 credits
DRF 150	Dimensioning and Tolerancing	1 credit
DRF 154	Introduction to AutoCAD	2 to 3 credits
ELT 101	Fundamentals of Electricity and Electronics	3 credits
MAT 120	Intermediate Algebra	4 credits
TEC 102	Technical Math	4 credits
CMP 101	Introduction to Computers <u>OR</u>	
CMP 103	Introduction to Computer Based Systems	3 credits

Total Minimum Certificate Requirements **33 credits**

In order to obtain this certificate you must:

- Complete each required course above with a grade of "C" or better.
- File a petition for certificate with your advisor.

- Remove any indebtedness to the College.
- Complete at least 15 credits at Eastern Arizona College.

COMMUNICATION STUDIES

Associate of Arts Degree AA-GR 60206

Advisor: Gayle Houser

This degree prepares students to transfer to a college or university and pursue a bachelor's degree in Communication Studies or Organizational Communication. Emphasis is placed on becoming a Communication Generalist with classes offering a broad introduction to the field of Communication. Courses range from the theoretical bases and trends in research in the field to interpersonal, small group, intercultural, interviewing, and public speaking, and they reflect the core requirements of most universities. Classes are also appropriate for returning students desiring to brush up on communication skills or gain a better understanding of communication processes.

This major focuses on thoughtful construction and delivery of verbal messages and critical thinking, preparing students to be more successful participants in their community, employment, and interactions with others. The study of communication is relevant to all other academic fields and career interests.

Curriculum Requirements

COM 100	Introduction to Human Communication	3 credits

Associate of Applied Science Degree 2011

Advisors: [Gayrene Claridge](#), [Janice Lawhorn](#)

The Cosmetology program provides students an opportunity to apply Cosmetology practices and principles in a simulated salon environment. Upon successful completion of the program, students will be eligible to take the Arizona State Board of Cosmetology Examination. Classes meet approximately eight hours a day, five days a week for 10½ months in order to obtain the 1600 hours training necessary to qualify for the state exam. The Cosmetology program normally begins the last week of July and ends in mid-June the following year. A second cohort begins in January and ends in mid-December with a mid-summer break. The Cosmetology curriculum requirements can be completed in one academic year. Students can continue their education and complete an Associate of Applied Science degree by taking eighteen General Education credits and two elective credits.

In addition to general tuition, a fee of \$180.00 per credit hour is required for all Cosmetology courses. Cosmetology scholarships are available for those who qualify. Contact Eastern Arizona Academy of Cosmetology or EAC for more information. Entry into the Cosmetology program requires prior admission. For admission procedures to the Cosmetology program, contact Eastern Arizona Academy of Cosmetology, (928) 348-8878.

EARLY CHILDHOOD EDUCATION

Certificate of Proficiency 30814

Advisor: [JoAnn Morales](#)

The Early Childhood Education (ECE) program is designed for early childhood teacher training. Upon completion of the certificate of proficiency students may apply for the National Child Development Associate Certificate through a national CDA credentialing agency. If you wish to attain national certification, we recommend that you enroll in ECE 240, Child Development Portfolio and Assessment Preparation. This national certification demonstrates competencies in the following areas:

- Planning the program and setting for a center-based early childhood program for 10 to 25 children.
- Observing young children.
- Involving parents and families.
- Enhancing the intellectual and personality development of children.
- Conducting programs for the creative and physical development of children.
- Developing bilingual programs and crafts programs.
- Managing early childhood centers.

The Early Childhood Education Associate is a competent person who assumes primary responsibility for meeting the specific needs of a group of children in a child development setting by nurturing the child's physical, social, emotional and intellectual needs; setting up and maintaining the child care environment; and establishing a liaison relationship between parents and the child development center.

After completing requirements for the Early Childhood Education Certificate of Proficiency, you can earn a degree by completing the additional requirements for the Early Childhood Education Associate of Applied Science degree or Early Childhood Education Associate of Applied Science – BAS Track degree.

SECONDARY EDUCATION

Associate of Arts Degree TG-XR 60202

For Advising: Check for advisor contact information in the curriculum description corresponding to the discipline you plan to teach. For example, if you plan to teach mathematics, look up one of the mathematics curricula for the name of a faculty member advising math majors.

EAC offers many curricula that provide the first two years of a four-year program leading to a bachelor's degree and a secondary teaching certificate. Secondary education is by nature discipline specific. You should choose a university and a discipline you wish to teach as quickly as possible. Then obtain the catalog and/or transfer guide from that institution and follow their curriculum as closely as possible. Rather than this degree, you may wish to obtain the EAC Liberal Arts degree or discipline specific EAC degree if these allow you to more closely follow the curriculum at your chosen transfer institution. Since program requirements differ between universities, the [official transfer guide \(www.aztransfer.com/transferguides\)](http://www.aztransfer.com/transferguides) of the school which you plan to attend upon leaving EAC should be consulted in order to adjust this program to your personal needs.

Discipline areas which offer the program described above include:

- Art Education
- Business Education
- English
- Health and Physical Education
- Mathematics
- Political Science
- Biology
- Chemistry
- Geology
- History
- Music Education
- Technology Education

Arizona State University and the University of Arizona require that all applicants to their teacher programs pass the Pre-Professional Skills Test (PPST). Northern Arizona University no longer requires this test. You should check with your advisor at least two full semesters before transferring to determine when the PPST will be offered at EAC and how to register for the three parts of the test, which cover mathematics, reading and writing.

EMERGENCY MEDICAL TECHNICIAN - PARAMEDIC

Certificate of Proficiency 30702

Advisor: [Mark Kempton](#)

This program prepares you for employment as a paramedic who is qualified to give emergency care to patients. The program is approved by the Arizona Department of Health Services, Office of Emergency Medical Services and by the National Registry of Emergency Medical Services. After successfully completing the degree you are eligible to take the required State and National Registry of Emergency Medical Technicians examinations at the Paramedic level. Entry into the paramedic program requires prior admission. For specific admission procedures, contact the EAC EMS Department at (928) 428-8398. EMT 210, EMT 212, and EMT 214 must be taken contiguously and each course must be completed with a "C" or better to successfully complete the program or the student must restart the entire program.

Program size is limited to 20 students by Arizona State regulation.

The following are required for admission into the program:

- Completion of high school or GED
- Current American Heart Association, health care provider CPR certification (or successful completion of EMT 121)
- Current certification as an Arizona Basic EMT or above
- Reading competency at the tenth grade level or above on EAC-approved reading test
- Passage of written and oral entrance examinations
- Student must provide immunization records including proof of TB clearance within 6 months prior to beginning of the program (MMR and Hepatitis B immunization)
- Current Hazardous Materials First Responder level certification (or successful completion of FSC 106)

Curriculum Requirements

EMT 210	Paramedic I	12 credits
EMT 212	Paramedic II	12 credits
EMT 214	Paramedic III	12 credits
EMT 220	Advanced Cardiac Life Support	1 credit
EMT 221	Pediatric Advanced Life Support	1 credit
EMT 222	Trauma Patient Management	1 credit

ENGINEERING

Associate of Science Degree AS-SR 80706

Advisor: [Jack Bailey](#)

Today's professional engineer requires a minimum of four years of highly theoretical and specialized training. Very often this training requires more than four regular college years; that is, either attendance for several summer terms or an additional fifth year, before you may qualify for the bachelor's degree. Since program requirements differ between universities, the [official transfer guide \(www.aztransfer.com/transferguides\)](http://www.aztransfer.com/transferguides) of the school which you plan to attend upon leaving EAC should be consulted in order to adjust this program to your personal needs.

EAC offers you two years of training in the required background mathematics and sciences. In addition, EAC offers many of the General Education courses which are required as part of the overall education of an engineer.

Curriculum Requirements

CHM 151	General Chemistry I	4 credits
Select 4 additional credits from Lab Science list on pages 46-47.		4 credits
EGR 102	Introduction to Engineering	4 credits

Elective and Foreign Language Requirements

To obtain this degree you must demonstrate proficiency in a foreign language at the 202 course level. To do this select from the following options:

1. If you have no foreign language coursework completed, take the French or Spanish 101, 102, 201, 202 course sequence offered at EAC.
2. If you have completed two years of high school French or Spanish courses, take the 201, 202 course sequence at EAC. These two courses will fulfill your foreign language requirement.
3. If you have completed four years of high school foreign language courses or have obtained foreign language ability at the 202 course level in some other manner, testing options are available to

demonstrate your proficiency. Contact the Records and Registration Office for more information.

- Any foreign language at the 202 course level may be transferred from an accredited college or university.

Depending on which option you choose, select a sufficient number of elective credits to obtain the 64 credit hours required for this degree. Choose electives from the list of courses in the Arizona Higher Education Course Equivalency Guide (CEG) located at https://www.aztransfer.com/cgi-bin/WebObjects/Admin_CEG. Select the Eastern Arizona College Elective or Better report. If you plan to transfer, consult the catalog or an advisor from the school you will transfer to as you make your selections.

You are encouraged to take liberal arts courses as electives such as art, creative writing, history, music, philosophy or psychology.

GENERAL STUDIES

Associate of General Studies Degree 50000 (Available On Campus and Online)

Advisors: [Ida Nunley](#), [Ray Orr](#), [Gina Roebuck](#), [Kenny Smith](#)

The Associate of General Studies degree (AGS) is available for those students whose preferred degree program of study is not otherwise available at EAC. For example, the AGS degree may be the best choice for you if:

- You plan to transfer to one of Arizona's public universities and EAC does not offer a degree pathway that matches the first two years of study in the major you wish to pursue.
- You plan to transfer to a private Arizona college or university or an out-of-state institution and you wish to customize an EAC degree to match the required courses in your major at that school.
- You do not plan to transfer to another College or University and wish to obtain an associate degree that incorporates a General Education component and lets you select other courses according to your interests.

Other than the embedded AGECE, the AGS degree is not included in any transfer agreements and credits earned may be accepted or rejected by a receiving institution. If you plan to transfer upon completion of this degree and since program requirements differ between universities, the [official transfer guide \(www.aztransfer.com/transferguides\)](http://www.aztransfer.com/transferguides) of the school which you plan to attend upon leaving EAC should be consulted in order to adjust this program to your personal needs.

General Education Requirements

The General Education Requirement may be satisfied in two different ways. Select the option below that best meets your needs.

Option 1 - Arizona General Education Curriculum

If you plan to transfer to one of Arizona's public universities you will be best served by completing one of the three Arizona General Education Curriculums. They are the AGECE-A, AGECE-B and AGECE-S. If you know where you are transferring and what your major will be, find out which AGECE is appropriate and follow it as outlined below. If the major you select does not accept an AGECE or has a unique set of General Education requirements go to Option Two.

AGECE-A (Available On Campus and Online): This General Education Program is better suited for majors in the Liberal Arts.

To complete your General Education requirements, one of the courses taken to fulfill degree requirements must be designated as an Intensive Writing/Critical Inquiry course and another must be designated as a Global/International/Historical Awareness course.

Options

For this certificate, you must select two additional courses to complete the 39 credits required for the AGEC. Eligible courses include any of the Lab Science courses or any math courses MAT 230 or higher. If you plan to transfer, consult the catalog or an advisor from the school you will transfer to as you make your selections.

8 credits

Option 2 - Approved General Education Curriculum

File with your graduation petition a General Education curriculum of at least 35 credits approved by a regionally accredited college or university for which equivalent transferable courses are available at EAC or an Arizona public university transfer guide for the major you intend to complete. Completion of those courses will fulfill the AGS Degree General Education requirement.

Courses listed in Curriculum Requirements that qualify for General Education credit (see the General Education section of the catalog) may fulfill both General Education and Curriculum Requirements unless General Education Requirements are specified in the major.

Elective Requirements

Depending on which AGEC you choose, select 25-29 credits of elective courses numbered at the 100 level or above to complete the 64 credits required for the degree.

Total Elective Requirements

25 to 29 credits

Total Minimum Degree Requirements

64 credits

In addition to completing each of the courses listed above with a grade of "C" or better, you must meet the following general graduation requirements to obtain this degree:

- Complete at least 16 degree credits at Eastern Arizona College.
- Demonstrate a reading competency at the twelfth grade level or above by one of the following methods:
 1. EAC COMPASS reading assessment test score of 76 or higher*
 2. EAC ASSET reading assessment test score of 40 or higher*
 3. ACT Assessment Reading score of 18 or higher*
 4. SAT verbal score of 530 or higher*
 5. Completion of ENG 113, College Reading, with a grade of "C" or better
 6. Grade equivalency score of 12 or higher as demonstrated by the Nelson Denny, TABE, or ABLE tests*

*Your EAC COMPASS reading assessment test score is available on Gila Hank Online or from your advisor. If you took the ASSET test or submitted an ACT, SAT, Nelson Denny, TABE, or ABLE score, a derived EAC COMPASS score has been placed in your record and is available on Gila Hank Online or from your advisor.

- File a Graduation Petition at least 60 calendar days prior to the end of the semester in which graduation is anticipated and pay the Graduation Fee of \$25.
- Remove any indebtedness to the College.

GENERAL TECHNICAL STUDIES

Associate of Applied Science Degree 20613 (Available On Campus and Online)

Advisors: [Gayrene Claridge](#), [Dee Lauritzen](#), [Andy Shaver](#)

The General Technical Studies AAS degree provides an opportunity for all students to develop and upgrade a broad variety of technical skills which are applicable to many entry-level technical occupations. Students are given the latitude to focus on specific programs which address their personal interests and aptitudes. Through the General Education component, this program also provides instruction in literacy, communication, mathematical, and interpersonal skills necessary for long-term career success.

Curriculum Requirements

Students must complete at least one of the following Certificates of Proficiency:

- 30633 – Automotive Service Consultant
- 30605 – Automotive Technician
- 30104 – Bookkeeping
- 30620 – CNC Machining
- 30613 – Computer Assisted Design and Drafting Technology - Level II
- 30901 – Construction Technology (offered at ADC/FCI only)
- 30110 – Cosmetology
- 30105 – Database Support
- 30628 – Electrical and Instrumentation Technician
- 30702 – Emergency Medical Technician - Paramedic
- 30924 – General Business (offered at ADC/FCI only)
- 30128 – General Business Skills (offered at ADC/FCI only)
- 30920 – HVAC-R (offered at ADC/FCI only)
- 30635 – Fire Science Level - I
- 30625 – Fire Science Level - II
- 30925 – Food Crop Horticulture (offered at ADC/FCI only)
- 30119 – Information Technology Technician
- 30812 – Law Enforcement Office Assistant (offered on campus and online)
- 30710 – Licensed Practical Nurse
- 30619 – Machine Technology
- 30636 – Major Appliance Repair (offered at ADC/FCI only)
- 30914 – Masonry (offered at ADC/FCI only)
- 30401 – Media Communications
- 30704 – Medical Assistant
- 30712 – Medical Laboratory Assistant
- 30116 – Office Assistant (offered on campus and online)
- 30926 – Ornamental Horticulture and Landscape Technology (offered at ADC/FCI only)
- 30713 – Pharmacy Technician
- 30919 – Pre-Apprentice Carpentry (offered at ADC/FCI only)
- 30123 – Retail Management (offered on campus and online)
- 30118 – Small Business Proprietor
- 30501 – Sports Medicine and Rehabilitative Therapies
- 30122 – Web Design
- 30626 – Welding Technology

GEOLOGY

Associate of Science Degree AS-SR 80703

Advisor: [David Morris](#)

The following curriculum will meet the lower-division requirements of most four-year schools in Geology. Upon satisfactory completion of the course work outlined below and graduation with an AS degree from Eastern Arizona College, you may enter upper-division work in any one of several earth science related fields, including general geology, geochemistry, hydrology and geophysics. Since program requirements differ between universities, the [official transfer guide \(www.aztransfer.com/transferguides\)](http://www.aztransfer.com/transferguides) of the school which you plan to attend upon leaving EAC should be consulted in order to adjust this program to your personal needs.

You should have a firm background in mathematics (including algebra, geometry, and trigonometry) and chemistry. Physics is helpful. A deficiency in any of the above areas may necessitate refresher courses before pursuing a geology curriculum.

Curriculum Requirements

GLG 101	Physical Geology	4 credits
GLG 102	Historical Geology	4 credits

HISTORY

Associate of Arts Degree

AA-SR 60803

Advisor: [Patrick Lukens](#)

This degree prepares you to transfer to a four-year college or university and pursue a bachelor's degree in history. In addition to teaching, history provides excellent background for entering law school or for pursuing any type of social or government work. Also, some recent trends suggest history majors are being hired for business because of the need for people who are trained in reading primary source material, synthesizing what they read, and applying it in problem-solving situations. Since program requirements differ between universities, the [official transfer guide \(www.aztransfer.com/transferguides\)](http://www.aztransfer.com/transferguides) of the school which you plan to attend upon leaving EAC should be consulted in order to adjust this program to your personal needs.

PHARMACY TECHNICIAN

Certificate of Proficiency 30713

Advisors: [Robert Richman](#), [Mayuree Siripoon](#)

This program prepares you for an entry-level position into the healthcare professions as a pharmacy technician. Students will be trained in the technical aspects of handling medications and work primarily with the drug product. Typical pharmacy technician tasks may include: selecting, counting, and pouring prescription medications; updating patient profiles and preparing prescription labels; assisting with drug purchasing and inventory control; packaging medications in unit-dose or med-card form; mixing intravenous solutions and other specialized medications; and gathering data for pharmacists to use in monitoring drug therapy. On successful completion of this certificate program, you will be eligible to take the National Certification test and become a certified pharmacy technician (CPhT). Student must be at least 18 years of age, have a high school diploma or GED, and be a U.S. citizen to perform pharmacy technician duties in the actual pharmacy setting. A pharmacy technician trainee license is required prior to placement in pharmacies; instructor will assist student in applying for trainee license. PSYCHOLOGY

Associate of Arts Degree

AA-SR 60806

Advisor: [Laure Jones](#)

This degree specifies courses that satisfy the AGEC transfer pathway for an AA-SR degree. The Psychology courses identified in the Curriculum Requirements and the General Education Requirements also satisfy the preparatory major requirements for a baccalaureate degree in Psychology. Since program requirements differ between universities, the [official transfer guide \(www.aztransfer.com/transferguides\)](#) of the school which you plan to attend upon leaving EAC should be consulted in order to adjust this program to your personal needs. This degree also satisfies the needs of students - majors and non-majors - who are interested in psychology primarily as a part of a broad liberal education. In addition, the courses provide a background in psychological principles and techniques to enhance work in other Social Sciences and in such professional fields as education, business, law enforcement, and health-related fields.

Students often major in psychology to prepare for careers in related fields such as personnel relations, occupational and personal counseling, medicine and dentistry, social and case work, marketing, administration, the legal profession, or counseling and teaching in the public schools. Others plan on graduate work in psychology. Graduate training in psychology prepares you for a career as an academic psychologist (teaching and research), clinical psychologist (mental health centers, institutions, and private practice), industrial and organizational psychologist, and government psychologist (research, administration, testing).

High school preparation should include courses in Social Sciences as well as the natural sciences (such as biology and chemistry). Two years of high school foreign language study and a proficiency in algebra is highly desirable. In general, the broad liberal arts education that prepares you for college studies is appropriate for majoring in Psychology at Eastern.

course descriptions

EAC offers over a thousand courses in fifty-three subject areas. Our classes are taught by highly qualified instructors, not teaching assistants, and classes are small so you won't get lost in the crowd.

SAMPLE COURSE DESCRIPTION

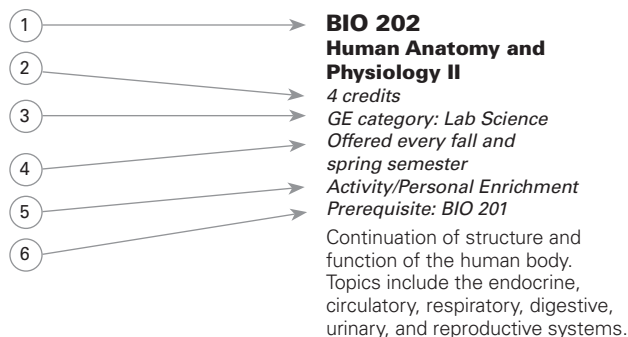

1. This is the course number. Courses numbered from 001 to 099 will not be counted as graduation credit. Those numbered 100-199 are normally first-year or freshman level, and those numbered 200-299 are normally for second-year or sophomore students.
2. The credit hour is the unit of credit at EAC, as at most colleges and universities. Each credit hour represents one 50-minute class per week per semester, plus two hours of outside preparation and/or lab work.
3. An entry here indicates that the course meets one of EAC's General Education requirements in the category shown.
4. The semester offered applies only to the Thatcher campus. Classes may also be offered in different semesters than specified depending on student demand. Requests for classes may be made to the Academic Deans on the Thatcher Campus. Other sites will offer and teach classes based on student demand at those sites. We reserve the right to cancel any class for which there is insufficient enrollment.
5. This designation indicates that the credits for this course do not count against you in an overload situation (18 or more credit hours).
6. An entry here indicates that in order to succeed in this course, you should have certain prerequisite experiences prior to taking it.

Prerequisites are checked by computer at the time of registration. If you wish to enroll prior to receiving a grade in the prerequisite course, enrollment is allowed but is contingent on the final grade. If you have met the prerequisite at another institution, an official transcript from that

institution must be on file and have been evaluated by the EAC Records and Registration Office prior to registration.

A waiver of prerequisites may be requested by petitioning the Admissions and Academic Standards Appeals Committee. The petition process must be completed prior to the end of registration for the course you wish to enroll in.

Students who enter or complete a course without meeting the prerequisites for that course may either be withdrawn from the course without a tuition refund, or receive no credit for the course.

The Shared Unique Number (SUN) System helps you identify courses that will directly transfer among Arizona's community colleges and three public universities. Using the SUN System, you can easily search for and enroll in courses that offer direct equivalency at other Arizona colleges and universities. SUN courses have their own unique course number and prefix listed alongside each college's course number. Look for the SUN icon in this catalog or on the EAC website or visit www.azsunsystem.com for more information.

ART 217**Illustration II***3 credits**Offered every fall semester**Prerequisite: ART 216*

Continuation of ART 216. Exploration of advanced techniques, styles, and media for illustration. Development of skills; emphasis on highly finished work.

ART 222**Intermediate Stained Glass I***1 to 3 credits**Offered every fall and spring semester**Activity/Personal Enrichment*

Continuation of ART 122-123. Precision glass cutting, copper foil, and lead came techniques are developed in the creation of stained glass for interior and architectural art objects.

ART 223**Intermediate Stained Glass II***1 to 3 credits**Offered every fall and spring semester**Activity/Personal Enrichment*

Continuation of ART 222.

ART 228**Intermediate Digital****Photography***3 credits**Offered every fall and spring semester**Prerequisite: ART 128*

Exploration of intermediate and advanced camera techniques, photographic styles, lighting, composition, digital photography, and digital photo editing.

ART 245**Intermediate Watercolor I***1 to 3 credits**Offered every fall and spring semester**Activity/Personal Enrichment*

Explore and use advanced techniques, styles, and methods for watercolor painting. Development of skills with an emphasis on highly finished work.

ART 246**Intermediate Watercolor II***1 to 3 credits**Offered every fall and spring semester**Activity/Personal Enrichment*

Explore and use advanced techniques, styles, and methods

for watercolor painting. Development of skills with an emphasis on highly finished work.

ART 247
Intermediate Oil Painting I
1 to 3 credits

Offered every fall and spring semester
Activity/Personal Enrichment
Introduction to oil painting materials and techniques.

ART 248
Intermediate Oil Painting II
1 to 3 credits

Offered every fall and spring semester
Activity/Personal Enrichment
Continuation of ART 247.

ART 251
Intermediate Sculpture I
1 to 3 credits

Offered upon request
Activity/Personal Enrichment
Continuation of ART 151-152. Develops techniques and skills in modeling, the creation of sculpture, and casting basic to composition.

ART 252
Intermediate Sculpture II
1 to 3 credits

Offered upon request
Activity/Personal Enrichment
Continuation of ART 251.

ART 253
Intermediate Scrapbooking I
1 to 2 credits

Offered every fall and spring semester
Activity/Personal Enrichment
Continuation of ART 154.

ART 254
Intermediate Scrapbooking II
1 to 2 credits

Offered every fall and spring semester
Activity/Personal Enrichment
Continuation of ART 253.

ART 257
Intermediate Woodcarving I
2 to 3 credits

Offered every fall and spring semester
Activity/Personal Enrichment
Continuation of ART 157-158. Develops methods of carving and composition. Studies in types of woods and how to use their natural qualities; how to use a variety of finishes for the woods.

ART 258
Intermediate Woodcarving II
2 to 3 credits

Offered every fall and spring semester
Activity/Personal Enrichment
Continuation of ART 257.

ART 261
Intermediate Ceramics I
2 to 3 credits

Offered upon request
Activity/Personal Enrichment
Continuation of ART 161-162. Problems in hand-forming, wheel work, design, glazes, decorative processes, clays, and firing are covered.

ART 262
Intermediate Ceramics II
2 to 3 credits

Offered upon request
Activity/Personal Enrichment
Continuation of ART 261.

ART 263
Firing Techniques I
2 credits

Offered upon request
Activity/Personal Enrichment
Methods of firing ranging from pit fire, sigillata, raku, and majolica, using low-fire clay bodies such as terra cotta and low-fire electric kiln cone 06 firing range. This hands-on course will consist of making ware, preparation of kiln, firing, unloading and cleaning up.

ART 264
Firing Techniques II
2 credits

Offered upon request
Activity/Personal Enrichment
Methods of firing salt fire. The use of fifteenth-century German firing techniques in which salt is thrown into the kiln upon maturing temperature. The salt rapidly vaporizes and combines with the silica in the clay to form an "orange peel" effect on its surface. This hands-on course will consist of making of ware, preparation of kiln, firing, unloading and cleaning up.

ART 268
Intermediate Ceramic Crafts I
1 to 3 credits

Offered upon request
Activity/Personal Enrichment
Continuation of ART 168-169. Painting techniques are developed in the use of stains and glazes for the decoration of mold-made ceramic objects. Small kiln firing skills are developed.

ART 269
Intermediate Ceramic Crafts II
1 to 3 credits

Offered upon request
Activity/Personal Enrichment
Continuation of ART 268.

ART 271
Intermediate Crafts I
1 to 3 credits

Offered upon request
Activity/Personal Enrichment
Design and execution of various crafts.

ART 271A
Intermediate Crafts I - Tole Painting
1 to 3 credits

Offered upon request
Activity/Personal Enrichment
Continuation of ART 172A.

ART 271B
Intermediate Crafts I - Nativity
1 to 3 credits

Offered upon request
Activity/Personal Enrichment
Continuation of ART 172B.

ART 271C
Intermediate Crafts I - Doll Making
1 to 3 credits

Offered upon request
Activity/Personal Enrichment
Continuation of ART 172C.

ART 271D
Intermediate Crafts I - Taxidermy
3 credits

Offered upon request
Activity/Personal Enrichment
Emphasizes mounting a large life-size bird and a big game animal. Includes the construction of habitats. Comprises proper measuring techniques, skin preparation, form selection, mounting procedures, and the restoring of color.

ART 272
Intermediate Crafts II
1 to 3 credits

Offered upon request
Activity/Personal Enrichment
Continuation of ART 271.

ART 272A
Intermediate Crafts II - Tole Painting
1 to 3 credits

Offered upon request
Activity/Personal Enrichment
Continuation of ART 271A.

ART 272B
Intermediate Crafts II - Nativity
1 to 3 credits

Offered upon request
Activity/Personal Enrichment
Continuation of ART 271B.

ART 272C
Intermediate Crafts II - Doll Making
1 to 3 credits

Offered upon request
Activity/Personal Enrichment
Continuation of ART 271C.

ART 273
Intermediate Jewelry I
2 to 3 credits

Offered every fall and spring semester
Activity/Personal Enrichment
Develops skills begun in Beginning Jewelry I and II, including sand casting, metal and wood inlays, overlays and marriage of metals.

ART 274
Intermediate Jewelry II
2 to 3 credits

Offered every fall and spring semester
Activity/Personal Enrichment
Advanced fabrication techniques including chain making and box construction. Emphasis is on the development of personal expression in the design of jewelry.

ART 276
Intermediate Gem Faceting I
2 to 3 credits

Offered every fall and spring semester
Activity/Personal Enrichment
Continuation of ART 176-177. Faceting machine is used to develop skills in gem stone faceting. A variety of cuts and styles are used depending on the natural qualities and shape of the stone.

ART 277
Intermediate Gem Faceting II
2 to 3 credits

Offered every fall and spring semester
Activity/Personal Enrichment
Continuation of ART 276.

ART 278
Intermediate Lapidary I
2 to 3 credits

Offered every fall and spring semester
Activity/Personal Enrichment
Continuation of ART 178-179. A more advanced study of lapidary arts, gem identification, material suitability, tools, and techniques, and may introduce the student to the faceting of precious gems and the art of intarsia.

ART 279
Intermediate Lapidary II
2 to 3 credits

Offered every fall and spring semester
Activity/Personal Enrichment
Continuation of ART 278.

ART 285**Printmaking***3 credits**Offered every fall and spring semester**Activity/Personal Enrichment*

Printmaking processes for synthesis into a form of personal expression. Emphasis on etching, intaglio, block printing, and silk-screen.

ART 287**Advanced Photoshop***3 credits**Offered every spring semester*

Maximizes the quality of graphic images; prepares color images for output; creates special graphic effects; modifying scanned images; and retouching images.

ART 289**Portfolio Development***1 credit**Offered every spring semester**Activity/Personal Enrichment*

In their final semester, Graphic Design majors will develop a portfolio to be used as a base for exploring employment (including self-employment) opportunities, further career development, renewed and/or continued education and training, and personal development. This class is for Graphic Design majors who are in their final semester.

ART 290**Intermediate Fibers I***1 to 3 credits**Offered upon request**Activity/Personal Enrichment*

Use of fibers through a variety of techniques. Includes introduction to off-loom weaving, on-loom weaving, machine knitting, basketry, and paper-making.

ART 291**Intermediate Fibers II***1 to 3 credits**Offered upon request**Activity/Personal Enrichment*

Continuation of ART 290.

ART 297**Workshop***1 to 6 credits**Offered upon request**Activity/Personal Enrichment*

Designed to meet a variety of needs for students in Art.

ART 298**Workshop***1 to 3 credits**Offered upon request**Activity/Personal Enrichment*

Designed to meet a variety of needs for students in Art.

ART 299**Independent Study***1 to 3 credits**Offered upon request**Activity/Personal Enrichment*

Design and execution of original projects under faculty supervision.

ASTRONOMY**AST 103****Introduction to Astronomy***4 credits**GE category: Lab Science**Offered every fall and spring semester*

Prerequisite: ENG 091 with a grade of "C" or higher or reading placement test score as established by District policy

A survey of modern astronomy introducing topics from our solar system and other planetary systems, galaxies, the evolution of stars, and the methods and technology used to explore planetary and stellar processes. Included with this course is a lab that introduces the student to astronomical observations with the use of a series of telescopes and lab exercises.

AUTOMOTIVE TECHNOLOGY**AUT 100****Automotive Fundamentals***2 credits**Offered upon request*

This course provides a basic study of key automotive vehicle systems. Course provides basic operational knowledge, care, and maintenance of engine, fuel, ignition, suspension, brakes, and drive train systems.

AUT 101**Introduction to Automotive Technology***2 to 4 credits**Offered upon request*

This course provides fundamental information on key automotive vehicle systems. Course teaches basic operational knowledge, care, and maintenance of engine, fuel, ignition, suspension, brakes, electrical, and drive train systems.

AUT 104**Small Engines***2 to 3 credits**Offered upon request*

Provides operational principles, diagnosis, service, and overhaul procedures of small two-stroke and four-stroke gasoline engines.

AUT 105**Automotive Electrical Fundamentals***2 credits**Offered every fall semester*

This course provides a study of automotive electrical and electronic fundamentals. Course has an emphasis on Ohm's Law and application of Ohm's Law in solving electrical system failures. This course provides an in-depth study on how to properly use wiring and current flow diagrams in electrical diagnosis and repair. Course includes using industry standard diagnostic equipment and techniques. Prepares the student to take the ASE certification test on electrical/electronic systems.

AUT 106**Internal Combustion Engines***4 credits**Offered upon request*

This course provides theory, diagnosis, and service common to all automotive internal combustion engines. Course includes engine rebuilding and performance testing. This course prepares students for the ASE certification test on engine repair.

AUT 107**Automotive Electrical Systems and Equipment***2 credits**Offered every fall semester*

This course provides a study of automotive starting, supplemental restraint (air bags), and charging electrical systems and components. An emphasis is placed on electrical system diagnosis and electrical repair. Course gives students the opportunity to use various industry standard diagnostic electrical equipment and testing techniques. Prepares the student to take the ASE certification test on electrical/electronic systems.

AUT 110**Fuel and Emission Systems***2 to 3 credits**Offered every fall semester*

Course provides theory, diagnosis, and service of automotive fuel and emission systems. Course includes an opportunity for students to analyze fuel and emission components and systems operation. This course has an emphasis on practical application of a vehicle's computer controlled fuel and emission systems. This class, together with AUT 260, prepares students for the ASE certification test on engine performance.

AUT 120**Manual Transmission and Drive Train***3 credits**Offered fall semester in even-numbered years*

This course provides instruction related to power train theory, diagnosis, and service of clutches, driveline, synchromesh transmissions, and final drives. Course covers standard transmission, transaxles, and 4-wheel drive operation. Prepares the student for the ASE certification test on manual drive train.

AUT 131**Steering and Suspension Systems***3 credits**Offered every spring semester*

Course provides theory, diagnosis and the repair of automotive steering and suspension systems. Course includes an in-depth study of tires and wheels, wheel balancing, two and four wheel alignment, and diagnostic and service techniques. Course prepares students for ASE certification test on steering and suspension systems.

AUT 132**Automotive Brake Systems***2 credits**Offered upon request*

This course provides instruction on theory, repair, and diagnosis of automotive brake systems. Course is an in-depth study of disc and drum brake systems. Course covers hydraulic operation, brake system service, diagnosis, and repair. Course also covers anti-lock brakes operation and diagnosis. This course prepares students for ASE certification test on brakes.

AUT 150**Automotive Painting and Refinishing***3 credits**Offered every spring semester**Activity/Personal Enrichment*

Students taking this course will study automotive painting, minor repair, and refinishing techniques. The course will provide instruction related to automotive paint types, painting and refinishing, and minor body repairs (forming, shaping and body filler use).

AUT 180 **Automotive Service Techniques**

2 credits

Offered upon request

Course provides individualized self-paced instruction in service and repair of automotive engines, electrical, transmissions, brakes, suspension, and A/C. Course includes an opportunity for the individual to service and repair vehicle systems and components using computer-based reference material. In this course's modular lab assignments, emphasis is placed on each student's ability to demonstrate practical application of learned skills. This course prepares students for all eight ASE certification tests.

AUT 220 **Automotive Electronics and Computerized Vehicle Controls**

2 credits

Offered every spring semester

Prerequisite: AUT 110 or instructor approval

This course provides a study of various vehicles' power train computerized systems. Course provides an in-depth study of electronic principles related to computerized vehicle controls. Course includes electronic engine/power train control operation, trouble shooting techniques, and proper repair of these systems. This course requires that each student have basic skills and knowledge in electrical/electronic fundamentals and prepares students to take the ASE tests which have electrical/electronic or automotive computer control system questions.

AUT 230 **Automatic Transmissions**

4 credits

Offered fall semester in odd-numbered years

This course teaches operating principles of modern automatic transmissions and transaxles. Course includes diagnosis, maintenance, testing, repair, and basic information on computerized power train control systems. This course prepares students for the ASE certification test on automatic transmissions/transaxle.

AUT 250 **Advanced Automotive Painting and Refinishing**

3 credits

Offered upon request

Activity/Personal Enrichment

Prerequisite: AUT 105 or instructor approval

Students taking this course will study automotive painting, minor

repair, and advanced painting techniques. The course will provide instruction related to automotive paint types, painting and refinishing, and minor body repairs (forming, shaping and body filler use).

AUT 260 **Vehicle Performance and Diagnosis**

3 credits

Offered every spring semester

Prerequisite: AUT 105

This course provides instruction in computerized power train system operation and diagnostic procedures. Course includes an in-depth study in modern ignition, fuel, and power train computer controlled systems. Course provides in-depth knowledge related to various onboard vehicle diagnostic processes. This course gives the student the opportunity to use industry standard testing equipment such as PC-based scopes and hand-held scanners. Course requires an understanding of automotive electrical and electronic fundamentals and together with AUT 110, prepares the student for ASE certification test on engine performance.

AUT 265 **Vehicle Emission Strategies and Testing**

2 credits

Offered upon request

Prerequisite: AUT 105 or instructor approval

This course provides instruction on diagnostic procedures for automotive emission failure concerns. Course includes an in-depth study in how modern fuel, ignition, and power train computer controlled systems relate to exhaust emission strategies. Course gives students an opportunity to use industry standard testing equipment such as, hand held scanners and infrared exhaust analyzers. This course requires the student to have basic skills and knowledge in electrical/electronic fundamentals and together AUT 110, prepares the student for ASE certification test on engine performance.

AUT 266 **Vehicle Heating and Air Conditioning**

3 credits

Offered every spring semester

This course provides instruction on basic operating principles, diagnosis, and service of modern automotive heating and air conditioning systems. Course includes an in-depth study of a/c system operation, diagnostic and service procedures, and environmental concerns. Prepares

students for ASE certification test on heating and air conditioning.

AUT 280 **Advanced Shop**

4 credits

Offered every spring semester

Prerequisite: AUT 180 or AUT 101 and AUT 105 or instructor approval

Course provides students with an opportunity to perform advanced automotive service work in preparation for entry into the automotive trade. Course includes an option for students to develop skills at an automotive worksite. This course addresses all service and repair on any vehicle system and provides the student exposure to shop management operations and strategies. This course is intended for the automotive major only and prepares the student to take all eight ASE automotive certification exams.

AUT 297 **Workshop**

1 to 6 credits

Offered upon request

Activity/Personal Enrichment

Designed to meet a variety of needs for students in Automotive Technology.

AUT 298 **Workshop**

1 to 3 credits

Offered upon request

Activity/Personal Enrichment

Designed to meet a variety of needs for students in Automotive Technology.

AUT 299 **Independent Study**

1 to 3 credits

Offered upon request

Activity/Personal Enrichment

Design and execution of original projects under faculty supervision.

BIOLOGICAL SCIENCE

BIO 100

Biology Concepts

4 credits

GE category: Lab Science

Offered every fall and spring semester

Prerequisite: ENG 091 with a grade of "C" or higher or reading placement test score as established by District policy

An integrated course dealing with both plants and animals, related to our environment from molecule to biosphere. A liberal studies course for non-science majors with an emphasis on contemporary issues.

BIO 101A **Desert Survival**

1 credit

Offered upon request

Activity/Personal Enrichment

Students will learn the conditions of a desert environment that make it so dangerous. They will become acquainted with techniques to survive in this harsh environment.

BIO 101B **Birds of the Gila Valley**

1 credit

Offered upon request

Activity/Personal Enrichment

Students will learn different aspects of the life and behavior of birds. Students will participate in viewing and identifying some common birds of the Gila Valley.

BIO 101C **Natural History of the Gila Valley**

1 credit

Offered upon request

Activity/Personal Enrichment

Students will see the geologic and climatic forces that have created the environment of the Gila Valley. Students will identify strategies that plants and animals use to survive in the desert environment.

BIO 101E **Careers in Environmental Biology**

1 credit

Offered upon request

This class will expose learners to the different career opportunities in the field of Environmental Biology. Learners will obtain information about career preparation to obtain jobs in this field.

BIO 105 **Environmental Biology**

4 credits

GE category: Lab Science

Offered every fall semester

Prerequisite: ENG 091 with a grade of "C" or higher or reading placement test score as established by District policy

Fundamentals of ecology and their relevance to human impact on natural ecosystems. A liberal studies course for non-science majors with an emphasis on contemporary issues.

BIO 130 **Ecology of the Gila River**

3 credits

Offered upon request

The course will meet the training requirements of the Arizona Master Watershed Steward Program in Graham and Greenlee counties. Students will study biotic and abiotic functions of a watershed, explore the benefits and uses of

natural resources, and discuss impacts of the socioeconomic concerns and activities of the community. Identical to AGR 240.

BIO 160 **Introduction to Human Anatomy and Physiology**

4 credits

GE category: Lab Science
Offered every fall and spring semester

Prerequisite: ENG 091 with a grade of "C" or higher or reading placement test score as established by District policy

Study of structure and dynamics of the human body. For students who desire one semester in anatomy and physiology.

BIO 181 **BIO 1181** **General Biology I**

4 credits

GE category: Lab Science
Offered every fall semester

Prerequisite: ENG 091 with a grade of "C" or higher or reading placement test score as established by District policy

Designed for Biology majors. Principles of structure and function of living things at molecular, cellular, and organismic levels of organization. One year of high school chemistry or one semester of college level chemistry recommended.

BIO 182 **BIO 1182** **General Biology II**

4 credits

GE category: Lab Science
Offered every spring semester
Prerequisite: BIO 181

Designed for Biology majors. Additional principles of structure and function of living things at molecular, cellular, and organismic and higher levels of organization.

BIO 187 **Introduction to Biological Research**

4 credits

Offered upon request

This course is designed to introduce students to the scientific research process at an interactive level. Basic tools and procedures of an environmental or ecological researcher will be discussed and reinforced in the lab setting. The culminating product will be an individualized written research proposal that may become the basis for further scientific investigation in BIO 295.

BIO 201 **BIO 2201** **Human Anatomy and Physiology I**

4 credits

GE category: Lab Science
Offered every fall and spring semester

Prerequisite: A grade of "C" or higher in one of the following courses: BIO 100, BIO 160, BIO 181, CHM 130, CHM 138 or CHM 151

Study of the structure and function of the human body. Topics include cells, tissues, integumentary system, skeletal system, muscular system, and nervous system.

BIO 202 **BIO 2202** **Human Anatomy and Physiology II**

4 credits

GE category: Lab Science
Offered every fall and spring semester

Prerequisite: BIO 201

Continuation of structure and function of the human body. Topics include the endocrine, circulatory, respiratory, digestive, urinary, and reproductive systems.

BIO 205 **BIO 2205** **Microbiology**

4 credits

GE category: Lab Science
Offered every fall and spring semester

Prerequisite: BIO 100 or BIO 160 or BIO 181 or BIO 201 or CHM 130 or CHM 138 or CHM 151

Study of microorganisms and their relationship to health, ecology, and related fields.

BIO 226 **Ecology**

4 credits

GE category: Lab Science
Offered every fall semester

Prerequisite: ENG 091 with a grade of "C" or higher or reading placement test score as established by District policy

Arizona contains a broad diversity of biotic and abiotic variables acting upon the plant and animal species that have adapted to life in a sometimes harsh, desert environment. These fragile ecosystems have been affected from both a positive and negative standpoint by an increasing human population. This course will provide students with a basic understanding of ecological principles, concepts of energy flow through an environment, and knowledge and hands-on experiences to better understand the characteristics, restoration strategies, interactions within, and stewardship for healthy ecosystems.

BIO 295 **Undergraduate Biological Research**

4 credits

Offered every spring semester

This course is a unique opportunity for students to apply and practice that which they have learned about the research process. Whether partnering with a mentor project or carrying out their personal research proposal, students discuss, analyze and critique their work through portfolio entries and team sessions coordinated by the instructor. Coursework culminates in a Poster Session of student research at the close of the semester.

BIO 298 **Workshop**

1 to 3 credits

Offered upon request
Activity/Personal Enrichment

Designed to meet a variety of needs for students in Biological Science.

BIO 299 **Independent Study**

1 to 3 credits

Offered upon request
Activity/Personal Enrichment

Design and execution of original projects under faculty supervision.

BUSINESS

(For more business courses, see Business Administration and Small Business Management)

BUS 101 **Fundamentals of Accounting**

3 credits

Offered every fall and spring semester

Concurrent enrollment in BUA 233 not permitted

An accounting and record keeping course of practical value to many people at home or in business. Covers theory of debits and credits of most common accounts, the trial balance, and financial reports. Students with special aptitude in bookkeeping who plan to continue in accounting should take BUA 233 and BUA 243 instead.

BUS 111 **Business Mathematical Calculations**

3 credits

GE category: AAS degree only
Offered every fall and spring semester

Instruction and practice in fundamental business operations. Begins with basic mathematical operations and then continues through payroll, banking, interest, income tax, and other areas of business mathematics.

BUS 143 **Real Estate Fundamentals**

6 credits

Offered upon request

To give the student an overview of Real Estate Fundamentals and prepare the student to pass the State of Arizona Real Estate test.

BUS 151 **FBLA/PBL – Business and Community Leadership I**

2 credits

Offered upon request
Activity/Personal Enrichment

Development of leadership qualities in business. Emphasis on character, self-confidence, scholarship, and establishment of career goals. Includes field trips and state, regional, and national conferences.

BUS 152 **FBLA/PBL – Business and Community Leadership II**

2 credits

Offered upon request
Activity/Personal Enrichment

Continuation of BUS 151.

BUS 153 **FBLA/PBL – Business and Community Leadership III**

2 credits

Offered upon request
Activity/Personal Enrichment

Continuation of BUS 152.

BUS 154 **FBLA/PBL – Business and Community Leadership IV**

2 credits

Offered upon request
Activity/Personal Enrichment

Continuation of BUS 153.

BUS 160 **Communication for the Occupations**

3 credits

GE category: AAS degree only
Offered every fall and spring semester

Prerequisite: ENG 100 or higher

The study of oral and written communication in the occupational setting.

BUS 171 **International Business**

3 credits

Offered upon request

Overview of international business to introduce students to international trade concepts. Focus of the course is on international business environment issues that influence global business practices, decisions, and applications.

BUS 181**Reception Management**

3 credits

Offered upon request

This course is a study of skills, attitude, and performance as they relate to front desk employees engaged in the hotel/motel industry.

BUS 205**Computerized Accounting with QuickBooks**

1 credit

*Offered every fall and spring semester**Activity/Personal Enrichment*

Prerequisites: BUS 101 or BUA 230 or BUA 250 or CMP 101 or CMP 103 or instructor approval

Designed to assist students and small business owners in performing accounting tasks by using a computer software package designed specifically for accounting purposes. Students will develop skills to operate a computer to implement the following functions: recording transactions, generating financial and management reports, setting up and maintaining a system, and developing business budgets. The course utilizes the QuickBooks accounting software.

BUS 211**Retail Management**

3 credits

Offered every spring semester

Principles and practices used in the management of retail stores. Includes site selection, layout, organization, staffing, positioning, customer service, promotional techniques, and all aspects of the buying function.

BUS 221**Human Resource Management**

3 credits

Offered every fall and spring semester

Human resource theory and practice, planning, recruitment, placement, employee development, evaluation, benefits and services, health and safety, and employee relations.

BUS 251**Human Relations**

3 credits

GE category: AAS degree only
Offered every fall and spring semester

Emphasizes application of basic psychological principles to the understanding and influencing of human behavior, particularly in personal and business relationships.

BUS 297**Workshop**

1 to 6 credits

*Offered upon request**Activity/Personal Enrichment*

Designed to meet a variety of needs for students in Business.

BUS 298**Workshop**

1 to 3 credits

*Offered upon request**Activity/Personal Enrichment*

Designed to meet a variety of needs for students in Business.

BUS 299**Independent Study**

1 to 3 credits

*Offered upon request**Activity/Personal Enrichment*

Design and execution of original projects under faculty supervision.

BUSINESS ADMINISTRATION

(For more business courses, see Business and Small Business Management)

BUA 101**Introduction to Business**

3 credits

Offered every fall and spring semester

Organization, functions, activities, and roles of business in the American economic system; orientation to business terminology, practices, problems, and career opportunities. Primarily for freshmen majoring in some area of business.

BUA 221 SUN ECN 2201**Principles of Macroeconomics**

3 credits

*GE category: Social Sciences**Offered every fall and spring semester*

Prerequisite: ENG 091 with a grade of "C" or higher or reading placement test score as established by District policy

Studies aggregates of the entire economy; concentrates on national income analysis, business cycles, the money and banking system, the global economy, and fiscal and monetary policy. Concurrent enrollment with BUA 223 not recommended.

BUA 223 SUN ECN 2202**Principles of Microeconomics**

3 credits

*GE category: Social Sciences**Offered every fall and spring semester*

Prerequisite: ENG 091 with a grade of "C" or higher or reading placement test score as established by District policy

Study of forces affecting individual productive units; includes analysis of price determinants through supply and demand, cost and equilibrium of firms under perfect and imperfect competition, distribution of income, and selected current problems. Concurrent enrollment with BUA 221 not recommended.

BUA 233 SUN ACC 2201**Uses of Accounting Information I**

4 credits

Offered every fall and spring semester

Introduction to the uses of financial information for internal and external purposes. Emphasizes using accounting information to meet the needs of financial decision makers, financial statement analysis, and understanding the business cycle.

BUA 243 SUN ACC 2202**Uses of Accounting Information II**

3 credits

*Offered every spring semester**Prerequisites: BUA 233*

Introduction to the uses of financial information for internal and external purposes. Emphasizes using accounting information to meet the needs of financial decision makers, focusing on analysis for use by management.

BUA 245**Legal Environment of Business**

3 credits

Offered every fall and spring semester

Introduces the sources and basic principles of the law as it relates to business, including the U.S. legal system, the Constitution, sources of the law, business ethics; and studies a variety of applications of the law in contracts, torts, agency, and government regulation of business.

BUA 259**Business Communications**

3 credits

*GE category: AAS degree only**Offered every fall and spring semester**Prerequisite: ENG 100 or higher with a grade of "C" or higher*

The study of oral and written communication in the occupational setting.

BUA 297**Workshop**

1 to 6 credits

*Offered upon request**Activity/Personal Enrichment*

Designed to meet a variety of needs for students in Business Administration.

BUA 298**Workshop**

1 to 3 credits

*Offered upon request**Activity/Personal Enrichment*

Designed to meet a variety of needs for students in Business Administration.

BUA 299**Independent Study**

1 to 3 credits

*Offered upon request**Activity/Personal Enrichment*

Design and execution of original projects under faculty supervision.

CHEMISTRY**CHM 130 SUN CHM 1130****Fundamental Chemistry**

4 credits

*GE category: Lab Science**Offered every fall and spring semester*

Prerequisite: ENG 091 with a grade of "C" or higher or reading placement test score as established by District policy

This course is designed to help students understand basic chemical principles and master problem-solving skills. Students will develop an understanding of how those concepts and skills are relevant to other courses and their daily lives. Chemical topics covered in the course include basic science concepts, measurements, atomic theory, bonding, stoichiometry, states of matter, solutions, acids and bases, and nuclear chemistry.

CHM 138 An Introduction to General, Organic, and Biological Chemistry

4 credits

GE category: Lab Science
Offered every fall and spring semester

Prerequisite: ENG 091 with a grade of "C" or higher or reading placement test score as established by District policy

For students with little or no background in chemistry. The first half of this one semester course includes an introduction to general principles of chemistry including measurements, atomic structure, chemical bonding, naming compounds, states of matter, solutions, and chemical reactions with applications in health care. The second half of the course covers aspects of organic and biological chemistry that directly affect health care. They include sections on hydrocarbons, organic functional groups, carbohydrates, lipids, proteins, enzymes, nucleic acids, and metabolic pathways that provide energy for life.

CHM 151 SUN☞ CHM 1151 General Chemistry I

4 credits

GE category: Lab Science
Offered every fall semester
Prerequisite: ENG 091 with a grade of "C" or higher or reading placement test score as established by District policy

Provides the student with knowledge of the fundamental principles of chemistry with an emphasis on matter and measurement, states of matter, atomic structure, chemical periodicity, chemical bonding, chemical reactions, stoichiometry, energy of reactions, aqueous solutions, and properties of gases. The student also applies critical thinking strategies in scenario and inquiry-based laboratory activities. Recommend completion of at least two years high school algebra and one year high school chemistry or college equivalent.

CHM 152 SUN☞ CHM 1152 General Chemistry II

4 credits

GE category: Lab Science
Offered every spring semester
Prerequisite: CHM 151

Provides the student with knowledge of the fundamental principles of chemistry with an emphasis on the control of chemical reactions and the chemistry of the elements. Chemical kinetics, equilibria, acids-base chemistry, entropy of reactions, electron transfer reactions, nuclear chemistry, and an introduction to organic

chemistry will be explored. The student will also apply critical thinking strategies in scenario and inquiry-based laboratory activities.

CHM 230 SUN☞ CHM 2230 Fundamental Organic Chemistry

4 credits

GE category: Lab Science
Offered upon request
Prerequisite: CHM 130 or CHM 138 or CHM 151

An introduction to carbon-containing compounds. Included is the study of hydrocarbons, alcohols, carbonyl compounds, amines, carbohydrates, lipids, proteins, enzymes, nucleic acids, and metabolic pathways.

CHM 235 SUN☞ CHM 2235 General Organic Chemistry I

4 credits

GE category: Lab Science
Offered every fall semester
Prerequisite: CHM 152

General principles of organic chemistry with emphasis on reactivity and synthesis. Topics include bonding, structure and properties of organic compounds, stereochemistry, kinetics and thermodynamics, substitution and elimination reactions, structure, synthesis, and reaction of alkenes, alkynes, alcohols, and IR and NMR spectroscopy.

CHM 236 SUN☞ CHM 2236 General Organic Chemistry II

4 credits

GE category: Lab Science, Intensive Writing
Offered every spring semester
Prerequisite: CHM 235 and ENG 101

Continuation of CHM 235. General principles of organic chemistry with continued emphasis on reactivity and synthesis. Topics include the study of alcohols, ethers, epoxides, sulfides, conjugated systems, aromatic compounds, ketones, aldehydes, amines, carboxylic acids and their derivatives, enols, carbohydrates, nucleic acids, amino acids, peptides, proteins, lipids, and polymers.

CHM 298 Workshop

1 to 3 credits

Offered upon request
Activity/Personal Enrichment

Designed to meet a variety of needs for students in Chemistry.

CHM 299 Independent Study

1 to 3 credits

Offered upon request
Activity/Personal Enrichment

Design and execution of original projects under faculty supervision.

COMMUNICATION STUDIES

COM 100

Introduction to Human
Communication

3 credits

Offered every fall and spring semester

A topics-oriented introduction to basic theories, dimensions, and concepts of human communicative interaction and behavior.

COM 115

Introduction to Interpersonal
Communication

3 credits

Offered every fall semester

This course will introduce students to the concepts and practices involved in interpersonal communication interactions. The course will cover the many dimensions of interpersonal communication including, but not exclusively, fundamental building blocks, perceptions and self-concepts as they relate to communication interactions, interpersonal relationships, nonverbal communications, interpersonal conflict, deception, and interpersonal skills and dynamics in personal and professional relationships.

COM 150

Oral Interpretation of
Literature

3 credits

Offered upon request
Prerequisite: ENG 101 with a grade of "C" or higher

Imaginative and skillful oral rendering of prose and poetry through study of literature and techniques of presentation.

COM 200

Basic Communication Theory

3 credits

Offered every fall semester
Prerequisite: ENG 101 with a grade of "C" or higher

This course will introduce students to the breadth of theoretical approaches in the field of communication. The course will survey the many dimensions of study including, but not exclusively, interpersonal communication, influence, media, rhetorical analysis, organizational, and gender communication focus areas.

COM 201

Public Speaking

3 credits

Offered every fall and spring semester

Prerequisite: ENG 101 with a grade of "C" or higher

Study and practice of effective, audience-centered public speaking. Includes methodology of written and spoken communication. Students generate a minimum of 2,500 words including revisions throughout the semester. Identical to SPC 201.

COM 205

Survey of Communication
Research

3 credits

Offered every spring semester
Prerequisite: ENG 101 with a grade of "C" or higher and COM 200 with a grade of "C" or higher

This course introduces students to the breadth of research approaches and application in the field of communication. The course surveys the many dimensions of research methodologies including, but not exclusively: ethnography, survey, factor analysis, rhetorical, historical, and narrative and auto-ethnographic analyses and research in media and popular culture.

COM 215

Interviewing Principles and
Practices

3 credits

Offered every fall semester
Prerequisite: ENG 101 with a grade of "C" or higher

This course will introduce students to the concepts and practices related to multiple interviewing approaches. The course will cover the multiple methodologies, interview settings and approaches, communication behaviors and principles, written and oral interviewing practices, and address the interviewing skills of both an interviewer and interviewee. This course covers structures of interviews, instrumentations, multiple formats including: informational, recruiting, survey, health, performance reviews, employment and persuasive interviews.

COM 260

Elements of Intercultural
Communication

3 credits

Offered every spring semester
Prerequisite: ENG 101 with a grade of "C" or higher

This course will introduce students to intercultural and cross-cultural concepts and practices in the field of communication. The course will cover globalization

of communication, historical understandings of intercultural interactions, cultural identity, intercultural relationships, nonverbal communication expectancies, cultural practices, and the communication behaviors embedded within intercultural interactions.

COM 271

Small Group Communication
3 credits
Offered every spring semester

This course will introduce students to the breadth of theoretical approaches and practices related to communication in small group settings. During the course students will have the opportunity to study communication interaction approaches and put into practice the skills identified as effective communication strategies in small groups.

COM 298

Workshop

1 to 3 credits
Offered upon request
Activity/Personal Enrichment

Designed to meet a variety of needs for students in the Communication Studies Program.

COM 299

Independent Study

1 to 3 credits
Offered upon request
Activity/Personal Enrichment

Designed to meet a variety of needs for students in the Communication Studies Program.

COMPUTERS

CMP 099

Computers for Beginners
2 credits

Developmental course - does not count for graduation credit
Offered upon request
Activity/Personal Enrichment

A first course for beginning computer users designed to introduce students who have never used a computer to the basic elements of running a computer in a comfortable, structured manner with significant instructor support in the lecture/demonstration mode.

CMP 100

Computer Careers
2 credits

Offered upon request
This course is designed to help students determine an appropriate computer field as a career. Students will be given time to conduct career research in the field to help them select a career path. Emphasis is placed on choosing an appropriate career path and

then creating a career plan to achieve their success. Students will also be given the opportunity to visit area businesses, conduct an informational interview with a business professional, and participate in a job shadowing program.

CMP 101

Introduction to Computers
3 credits
GE category: AAS degree only
Offered every fall and spring semester

A first course in computers designed to provide students with a hands-on experience of the personal computer and its uses in society. Basic operating system functions as well as application programs from the current Microsoft Office Suite will be taught including: Basic Web-based email, Word, Excel, and PowerPoint. True beginners may want to consider CMP 099 Computers for Beginners, before taking this course.

CMP 103

Introduction to Computer Based Systems

3 credits
GE category: GE Options, AAS degree only
Offered every fall and spring semester
Prerequisite: ENG 091 with a grade of "C" or higher or reading placement test score as established by District policy

Uses of computer hardware and software in business and society; computer terminology; program definition and flowcharting/ algorithms; introduction to programming using general purpose language and word processing, spreadsheet, database, graphics, multimedia, and Internet. Business applications focus on spreadsheet creation and formatting along with database creation and formatting.

CMP 108

Introduction to Keyboarding Technique

1 credit
Offered every fall and spring semester

This course is designed to teach the keyboard and proper keyboarding technique. Identical to AIS 108.

CMP 110

Current Applications
2 credits
Offered upon request

Provides individuals with the opportunity to develop personal projects in varieties of current software such as spreadsheet,

database, word processing, multimedia, Internet and other applications for microcomputers, which cannot take place in courses where time is given to learn a software package, but not to use it for personal project design and implementation. Not for computer majors, except as elective.

CMP 110J

Microsoft Excel
1/2 credit
Offered upon request
Activity/Personal Enrichment

Provides individuals with opportunity to specialize in Microsoft Excel software. Recommend completion of an introductory course.

CMP 110R

QuickBooks
1/2 to 2 credits
Offered upon request

Takes the students through the features of current QuickBooks to develop an introductory skill level for personal and vocational use.

CMP 110T

Multimedia
3 credits
Offered upon request

Provides individuals with the opportunity to specialize in specific current software applications such as Macromedia Flash, Macromedia Fireworks and/or other software emphasizing multimedia. Completion of an introductory computer course is recommended.

CMP 110X

Beginning Microsoft Excel
1/2 credit
Offered upon request

Students will become familiar with beginning level functions of Microsoft Excel, a spreadsheet program.

CMP 110Y

Intermediate Microsoft Excel
1/2 credit
Offered upon request

Students will become familiar with intermediate level functions of Microsoft Excel, a spreadsheet program.

CMP 110Z

Advanced Microsoft Excel
1/2 credit
Offered upon request

Students will become familiar with the advanced level functions of Microsoft Excel, a spreadsheet program.

CMP 110AA

Beginning Microsoft Access
1/2 credit
Offered upon request

Students will become familiar with beginning level functions of Microsoft Access, a database software package.

CMP 110AB

Intermediate Microsoft Access
1/2 credit
Offered upon request

Students will become familiar with intermediate level functions of Microsoft Access, a database software package.

CMP 110AC

Advanced Microsoft Access
1/2 credit
Offered upon request

Students will become familiar with advanced level functions of Microsoft Access, a database software package.

CMP 110AD

Beginning Microsoft PowerPoint
1/2 credit
Offered upon request

Students will become familiar with beginning level functions of Microsoft PowerPoint, a slide and video software package.

CMP 110AE

Intermediate Microsoft PowerPoint
1/2 credit
Offered upon request

Students will become familiar with intermediate level functions of Microsoft PowerPoint, a slide and video software package.

CMP 110AF

Advanced Microsoft PowerPoint
1/2 credit
Offered upon request

Students will become familiar with advanced level functions of Microsoft PowerPoint, a slide and video software package.

CMP 110AJ

Microsoft Outlook I
1/2 credit
Offered upon request

Students will become familiar with beginning to intermediate level functions of Microsoft Outlook, an integrated electronic mail, calendar, and task management software package.

CMP 110AK**Microsoft Outlook II***1/2 credit**Offered upon request*

Students will become familiar with advanced level functions of Microsoft Outlook, an integrated electronic mail, calendar, and task management software package.

CMP 110AM**PC Troubleshooting and Repair***1 credit**Offered upon request*

This course is designed to teach the basic principles of PC troubleshooting and repair, including providing a basic knowledge of PC components and their function and how to use Window built-in diagnostic tools. It provides a foundation in diagnosing common symptoms and catastrophic failures as well as proper hardware handling and removal and reinstallation of common components. It is recommended that students be familiar with basic Windows operating systems, navigation and menu and be able to use small hand tools.

CMP 110AN**Intermediate PC Troubleshooting and Repair***1 credit**Offered upon request*

This course is a follow-up to CMP 110AM, providing intermediate PC troubleshooting and repair. Includes diagnosing common Windows system failures, changing system configurations, BIOS, and registry; downloading peripheral device drivers, and removal of CPU and motherboard. Recommendation: Completion of CMP 110AM or equivalent.

CMP 110AP**Microsoft Publisher***1/2 credit**Offered upon request*

Students will become familiar with basic desktop publishing functions of Microsoft Publisher, including the creation of brochures, flyers, invitations, greeting cards, calendars, certificates, etc.

CMP 113**Windows Operating System I***3 credits**Offered upon request*

In this course the rationale behind the Windows operating system will be examined. Hands-on experience will be gained using the operating system, including desktop management, file and folder manipulation, the uses of the control panel, digital

media capabilities, Internet and networking rationale, and maintaining, monitoring and optimizing personal computers. It is recommended that one introductory course in computers be completed prior to enrolling in this course.

CMP 113B**Apple OS X***1/2 credit**Offered upon request*

Designed to provide experience using aspects of the Mac OS X including: Finder, Dock, Stacks, Searchlight, Spaces, Expose, Drive Mounting, Time Machine, Utilities, Settings, .mac, iPhoto, and iMove.

CMP 114**Internet***2 credits**Offered upon request*

Introductory course using the Internet covering electronic mail and the general access of information and special features of the Internet. Students develop hands-on experience in the use of all current Internet resources/features and build a web-site.

CMP 114A**Internet Workshop***1/2 credit**Offered upon request*

An introductory course covering basic features of the Internet. Students develop hands-on experience in the computer lab and are introduced to building a web page.

CMP 114B**Internet Security Basics***1/2 credit**Offered upon request*

Designed to provide experience setting up and using: virus scanners, Malware/Spyware/Adware scanners, content filters, spam filters, firewalls, while addressing the topic PC security and identity theft.

CMP 115A**Beginning Microsoft Windows***1/2 credit**Offered upon request*

Students will become familiar with beginning level functions of Microsoft Windows, an operating system used for organizing and maintaining computers.

CMP 115B**Intermediate Microsoft Windows***1/2 credit**Offered upon request*

Students will become familiar with intermediate level functions of

Microsoft Windows, an operating system used for organizing and maintaining computers.

CMP 115C**Advanced Microsoft Windows***1/2 credit**Offered upon request*

Students will become familiar with advanced level functions of Microsoft Windows, an operating system used for organizing and maintaining computers.

CMP 120**Introduction to Programming***1 credit**Offered upon request*

An introduction to software and programming concepts for students interested in visual or scripting languages. Topics include notations, data, operators, sequence, selection, repetition, and subprograms.

CMP 121**Visual Basic Programming I***3 credits**GE category: AAS degree only**Offered every fall semester*

A comprehensive introduction to event-driven, object oriented computer programming using the Visual Basic programming language. Students learn to write problem-solving programs and develop a wide variety of Windows applications in a graphical environment. The course uses Visual Basic to illustrate good programming practices, application development techniques, and overall visual design.

CMP 126**Java Programming I***3 credits**Offered upon request*

An introductory programming course for vocational computer majors and students transferring to universities in a business program. Course concentration includes object-oriented programming including data types, classes, objects, methods, decision and repetition structures, string and array manipulation, and Java applets. Computer majors are encouraged to take CMP 126 as their final programming language in their program of study. Students who have no previous computer programming experience should consider taking CMP 120 before taking CMP 126.

CMP 128**C# Programming I***3 credits**GE category: AAS degree only**Offered every spring semester*

C# Programming I is an introductory programming course for vocational computer majors and students transferring to universities in a business program. Course concentration includes the Visual Studios integrated development environment including user interfaces and controls, and object-oriented programming concepts including data types, classes, objects, methods, decision and repetition structures, and string and array manipulation. Computer literacy is assumed.

CMP 129**C# Programming II***3 credits**Offered upon request**Offered in Gila County only**Prerequisite: CMP 128 and CMP 273*

This course provides a thorough introduction to the ASP.NET technology as a web-based GUI interface and as an application server.

CMP 130**C Programming I***3 credits**GE category: AAS degree only**Offered upon request*

A comprehensive introduction to the C language; preparation and writing of programs using C, using current programming techniques. A prior programming language is helpful. For two-year Computer majors or students transferring in a Computer Information Systems degree (same as Management Information Systems.) Students are advised to take CMP 120, Introduction to Programming before CMP 130. Identical to EGR 130.

CMP 151**Information Technology Essentials***3 credits**Offered every fall semester*

Designed to provide experience with hardware and operating systems at the support technician level. Covering aspects of the PC, including: 1. Personal computer components, 2. Laptop and portable devices, 3. Operating systems, 4. Printers and scanners, 5. Networks, 6. Security, 7. Safety and environmental issues, 8. Communication and professionalism.

CMP 152 **Information Technology Technician**

3 credits

Offered every spring semester

Designed to provide in-depth experience with hardware and operating systems of the microcomputer, including: 1. Personal computer components, 2. Laptop and portable devices, 3. Operating systems, 4. Printers and scanners, 5. Networks, 6. Security, 7. Safety and environmental issues, 8. Communication and professionalism.

CMP 161 **Electronic Spreadsheet with Microsoft Excel**

3 credits

Offered every fall and spring semester

Comprehensive, practical applications and techniques using Microsoft Excel with hands-on experience in the computer laboratory. The beginning through advanced spreadsheet procedures taught will prepare the student to pass the Microsoft MOUS Expert Certification test. It is recommended that one introductory course in computers be completed prior to enrolling in this course.

CMP 170 **Database Management with Microsoft Access**

3 credits

Offered upon request

Prerequisite: CMP 101 or CMP 103

The student will participate in case-based approaches to the storing, modification, and extraction of information from a computerized database management system. The student will learn how to create and maintain database objects including tables, forms, queries, reports, pages, macros, and modules. Database design, security, and integration with other programs and the Internet is also covered. Student interested in Microsoft Office Specialist certification will find the course an excellent foundation for exam preparation.

CMP 201 **Systems and Procedures**

3 credits

Offered every fall semester

Prerequisite: CMP 101 or CMP 103

This course introduces the elements of information systems used in business organizations. Students will learn about systems development, e-business and e-commerce strategies, network and telecommunication issues, enterprise systems, ethics relating to information technology, and project and database management.

Concepts will be reinforced through group participation in the form of research, hands-on activities, projects, and presentations. Students will use Microsoft Office, Microsoft Project, and other software as needed to complete individual and group projects.

CMP 228 **C# Programming III**

3 credits

Offered upon request

Offered in Gila County only

Prerequisite: CMP 129 and CMP 280

This course focuses on AJAX, LINQ, ORM, and MVC to speed development and enhance usability. A thorough understanding of C# and web technologies is expected.

CMP 230 **Linux System Administration**

3 credits

Offered every fall semester

This course covers system architecture; Linux installation and package management; GNU and Unix commands; devices, Linux file systems, and the File System Hierarchy Standard; command line work, maintenance tasks.

CMP 235H **Beginning Microsoft Word**

1/2 credit

Offered upon request

Designed to provide the student with an opportunity to cover and practice basic features of word processing using Microsoft Word software. Identical to AIS 235H.

CMP 235I **Intermediate Microsoft Word**

1/2 credit

Offered upon request

This course is designed to provide intermediate word processing skills to students with prior experience using microcomputers and Microsoft Word. It is recommended that the student key at a minimum rate of 25 words per minute. Identical to AIS 235I.

CMP 235J **Advanced Microsoft Word**

1/2 credit

Offered upon request

This course is designed to provide advanced word processing skills to students with prior experience using microcomputers and Microsoft Word. It is recommended that the student have an intermediate knowledge of Microsoft Word and key at a minimum rate of 25 words per minute. Identical to AIS 235J.

CMP 239A **Multimedia/Electronic Task Management**

1 credit

Offered every spring semester

One of three multimedia modules designed to give students a higher level of office technology skills. Using a Personal Information Manager (PIM) program, students will learn how to manage e-mail, organize schedules, maintain contact lists and to-do lists, and keep a log of computer tasks. This module also includes integrating data to and from other applications. Identical to AIS 239A.

CMP 239B **Multimedia/Digital Imaging**

1 credit

Offered every spring semester

One of three multimedia modules designed to give students a higher level of office technology skills. This module provides students with hands-on experience with digital imaging technology including scanners, digital cameras, and photo software. Students must be familiar with basic desktop publishing techniques to complete projects. Identical to AIS 239B.

CMP 239C **Multimedia/Internet for Business**

1 credit

Offered every spring semester

One of three multimedia modules designed to give students a higher level of office technology skills. In this module, students learn and apply the tools, language, and culture of the Internet. Important ethical issues are addressed as individual and team Internet projects are completed. Projects will include web site design and research. Identical to AIS 239C.

CMP 240 **Desktop Publishing**

3 credits

Offered every fall and spring semester

Emphasizes basic to intermediate skills in desktop publishing through a variety of modern, real-life activities using current versions of Microsoft Publisher and Microsoft Word. Students will develop skills in making design and typography decisions, handling multi-column documents, inserting and editing graphics, and creating styles and charts. Students will create a portfolio of business documents to demonstrate mastery. Word processing skill is needed. Identical to AIS 240.

CMP 250 **Networking**

3 credits

Offered every spring semester

Advanced techniques in networking with emphasis on the installation, maintenance, and design of local area networks. CompTIA Network+ exam objectives are also covered in this course. Since its introduction in 1999, more than 235,000 people have become CompTIA Network+ certified. Microsoft includes CompTIA Network+ in their Microsoft Certified Systems Administrator (MCSA) program, and other corporations such as Novell, Cisco and HP also recognize CompTIA Network+ as part of their certification tracks.

CMP 255 **Server Administration**

3 credits

Offered every spring semester

CompTIA Server+ is an international, vendor-neutral certification for technical support professionals with 18 to 24 months of IT experience. CompTIA Server+ certifies the technical knowledge and skills required to build, maintain, troubleshoot, and support server hardware and software technologies. The exam covers virtualization, disaster recovery and security procedures.

CMP 256 **Web Server Administration**

3 credits

Offered upon request

Offered in Gila County only

This course is an introductory programming course for vocational computer majors and students transferring to universities in a business program. Course concentration includes the role of a web server, installation, and configuration of IIS, security, FTP services, authentication, encryption, logging, and troubleshooting. Students who have no previous programming experience are encouraged to take CMP 120, Introduction to Programming, prior to taking Web Server Administration. Computer literacy is assumed.

CMP 272 **Website Development I**

3 credits

Offered every fall and spring semester

This course prepares the student to develop basic websites for use in all areas of society. The student will develop an understanding of networking requirements for the Internet in regards to web development. Students will learn web site design, planning, and organizational skills. The student

will learn and use a wide variety of website development tools at introductory levels. Applications and skills taught will include beginning Dreamweaver, HTML, XHTML, all current standards in industry. Before enrolling in this course, it is suggested the student have a thorough knowledge of Internet terminology and be comfortable using common Internet features including uploading and downloading files. To be successful, intermediate skills in file management, i.e., saving, copying, moving, and creating files and folders, are needed. A beginning course in the Internet or Operating Systems would be helpful.

CMP 273
Website Development II
3 credits
Offered every spring semester
Prerequisite: CMP 272

This course prepares the student to develop advanced websites for use in all areas of society. The student will learn and use a wide variety of website development tools at advanced levels. Applications and skills taught will include, but not be limited to, Dreamweaver, HTML, XHTML, XML, Fireworks, and Flash, all current standards in industry.

CMP 280
Database Design and Development
3 credits
Offered upon request

This course is designed to provide individuals with a complete introduction to database concepts and the relational database model. Topics include QBE, SQL, normalization, design methodology, DBMS functions, database administration, and other database management approaches, such as client/server databases, object oriented databases, and data warehouses. At the completion of this course, students should be able to understand a user's database requirements and translate those requirements into a valid database design. Students should have already completed CMP 170 Database Management with Microsoft Access or possess equivalent knowledge.

CMP 281
Advanced Database Design and Development
3 credits
Offered upon request
Offered in Gila County only
Prerequisite: CMP 280

This course is an intermediate programming course for vocational computer majors and students

transferring to universities in a business program. Course concentration includes ADO.NET, DataSets, XML data sources, web-services, user-defined functions and .NET framework integration.

CMP 285
Network Security
3 credits
Offered every fall semester

This course takes an in-depth look at network security concepts and techniques. This course examines theoretical concepts that make the world of security unique. Also, this course will adopt a practical, hands-on approach when examining networking security techniques. Along with examining different network strategies, this course will explore the advancement of network implementation as well as timeless problem solving strategies.

CMP 291
CIS Practicum
5 credits
Offered every fall and spring semester
Prerequisite: CMP 100

A course to provide the computer major with an opportunity to gain work experience in the field of computers. The course makes use of all computer courses in the major and will be taken during the student's last semester of the degree or certificate course sequence.

CMP 297
Workshop
1 to 6 credits
Offered upon request
Activity/Personal Enrichment
Designed to meet a variety of needs for students in Computers.

CMP 298

Design and execution of original projects under faculty supervision.

COOPERATIVE EDUCATION

Eastern Arizona College offers a cooperative education program for students who have selected a career objective. Designed to give students the opportunity to learn through supervised work experiences, the program integrates students' educational activities with on-the-job learning opportunities.

The program is designed to serve students from all disciplines offered at EAC. Participants include full-time and part-time students who wish to experience supervised on-the-job training as part of their regular degree programs, and career employees who wish to improve their skills, upgrade their positions or move to new career areas through job-related experiences and goals described in a written training plan.

Credit is based on total hours completed in on-the-job learning during the semester as follows:
75 hours (5 hrs/week) - 1 credit
150 hours (10 hrs/week) - 2 credits
225 hours (15 hrs/week) - 3 credits
300 hours (20 hrs/week) - 4 credits

Before participating, you should:

- Select and begin pursuing a career objective.
- Complete or be currently enrolled in one or more courses related to your career objective.
- Be employed in, or be able to be placed in, a job that is related to your career objective, and with a supervisor (employer) who is willing to participate in the Cooperative Education experience. A student may enroll in Cooperative Education each semester until earning a maximum of eight credits.

COE 101
Job Seeking Strategies
1 to 2 credits
Offered upon request

This course is designed to help students develop the necessary paperwork to apply for jobs. Includes application, cover letter, resume, references, letters of recommendation, and thank you notes. Communication and interviewing skills are developed and live interviews are conducted.

COE 111
Cooperative Education I (Occupational)
1 to 4 credits
Offered every fall and spring semester
Activity/Personal Enrichment
Project plus 75 lab hours per credit.

COE 112
Cooperative Education II (Occupational)
1 to 4 credits
Offered every fall and spring semester
Activity/Personal Enrichment
Project plus 75 lab hours per credit.

COE 113
Cooperative Education III (Occupational)
1 to 4 credits
Offered every fall and spring semester
Activity/Personal Enrichment
Project plus 75 lab hours per credit.

COE 121
Cooperative Education I (Non-Occupational)

COSMETOLOGY

COS 101
Theory of Cosmetology I
2 credits
Offered upon request
Introduction to the basic manipulative skills in manicuring, professional image and conduct and personal hygiene. Includes basic sciences in bacteriology, sanitation and physiology pertaining to the head, face, hands and arms. Theory and use of electricity and light as applied to cosmetology. The course also includes Arizona laws and rules governing cosmetology.

COS 103**Theory of Cosmetology II**

2 credits

*Offered upon request**Prerequisite: COS 101 or concurrent enrollment in COS 101*

Continuation of Cosmetology Theory at an intermediate level. Basic manipulative skills in manicuring, professional image and conduct and personal hygiene. Includes basic sciences in bacteriology, sanitation and physiology pertaining to the head, face, hands and arms. Theory and use of electricity and light as applied to cosmetology. The course also includes ethics and shop management.

COS 105**Theory of Cosmetology III**

2 credits

*Offered upon request**Prerequisite: COS 103 or concurrent enrollment in COS 103*

Continuation of Cosmetology Theory at an advanced level. Basic manipulative skills in manicuring, shampooing, haircutting, curl construction, and hair treatments. Includes basic sciences in bacteriology, sanitation and physiology pertaining to the head, face, hands and arms. The course also includes ethics and shop management.

COS 111**Permanent Waving, Shampooing, and Hairstyling I**

4 credits

Offered upon request

Basic instruction in permanent waving, chemical straightening, curling, shampooing, and hairstyling. Students will be instructed in basic manipulative skills, knowledge and safety precautions when giving chemical wave or chemical relaxer. Designed to bring student up to an intermediate level.

COS 113**Permanent Waving, Shampooing, and Hairstyling II**

4 credits

*Offered upon request**Prerequisite: COS 111 or concurrent enrollment in COS 111*

Continuation of COS 111. Intermediate level of instruction in permanent waving, chemical straightening, curling, shampooing, and hairstyling. Students will be instructed in basic manipulative skills, knowledge and safety precautions when giving chemical wave or chemical relaxer. Designed to bring student up to an advanced level.

COS 115**Permanent Waving, Shampooing, and Hairstyling III**

3 credits

*Offered upon request**Prerequisite: COS 113 or concurrent enrollment in COS 113*

Continuation of COS 113. Advanced level of instruction in permanent waving, chemical straightening, curling, shampooing, and hairstyling. Students will be instructed in basic manipulative skills, knowledge and safety precautions when giving chemical wave or chemical relaxer. Designed to bring student up to a professional level.

COS 117**Permanent Waving, Shampooing, and Hairstyling IV**

2 credits

*Offered upon request**Prerequisite: COS 115 or concurrent enrollment in COS 115*

Continuation of COS 115. Professional level of instruction in permanent waving, chemical straightening, curling, shampooing, and hairstyling. Students will be instructed in basic manipulative skills, knowledge and safety precautions when giving chemical wave or chemical relaxer.

COS 121**Manicuring, Hand and Arm Massage I**

1 credit

Offered upon request

Includes care and beautification of the hands, arms, and nails; practice in giving plain/oil manicures and hand/arm massages. A study is made of proper use of instruments, equipment, personal hygiene, sanitation, common nail conditions, diseases, and State Board rules and regulations affecting the cosmetologist performing manicuring/hand and arm massages.

COS 123**Manicuring, Hand and Arm Massage II**

1 credit

*Offered upon request**Prerequisite: COS 121 or concurrent enrollment in COS 121*

Continuation of COS 121. Includes care and beautification of the hands, arms, and nails; practice in giving plain/oil manicures and hand/arm massages. A study is made of proper use of instruments, equipment, personal hygiene, sanitation, common nail conditions, diseases, and State Board rules and regulations affecting the cosmetologist

performing manicuring/hand and arm massages.

COS 125**Manicuring I**

4 credits

Offered upon request

First of four courses for students seeking a manicuring license. Includes care and beautification of the hands, nails, and arms. Emphasis is on theory, proper use of instruments, equipment, personal hygiene, common nail conditions and diseases, basic nail techniques, and State Board rules and regulations affecting manicurists.

COS 127**Manicuring II**

4 credits

*Offered upon request**Prerequisite: COS 125 or concurrent enrollment in COS 125*

Second course for students seeking a manicuring license. Emphasis is on additional skill building in areas covered in Manicuring I; bacteriology, sanitation, and disinfection; safety in the salon; and professional image.

COS 131**Haircutting, Scalp Treatment, Tinting, and Facial I**

5 credits

Offered upon request

Instruction in all basic haircutting techniques. Introductory corrective scalp treatment, massage, hair reconditioning, current methods of hair coloring, bleaching, special effects, and color corrections. Modern techniques for facials (electrical and manipulative), makeup, hair removal, and lash and brow tinting.

COS 133**Haircutting, Scalp Treatment, Tinting, and Facial II**

4 credits

*Offered upon request**Prerequisite: COS 131 or concurrent enrollment in COS 131*

Additional instruction in haircutting techniques. Professional corrective scalp treatment, massage, hair reconditioning, current methods of hair coloring, bleaching, special effects, and color corrections. Modern techniques for facials (electrical and manipulative), makeup, hair removal, and lash and brow tinting.

COS 135**Haircutting, Scalp Treatment, Tinting, and Facial III**

4 credits

*Offered upon request**Prerequisite: COS 133 or concurrent enrollment in COS 133*

Advanced instruction in haircutting techniques. Professional corrective scalp treatment, massage, hair reconditioning, current methods of hair coloring, bleaching, special effects, and color corrections. Modern techniques for facials (electrical and manipulative), makeup, hair removal, and lash and brow tinting.

COS 137**Haircutting, Scalp Treatment, Tinting, and Facial IV**

2 credits

*Offered upon request**Prerequisite: COS 135 or concurrent enrollment in COS 135*

Professional instruction in haircutting techniques. Professional corrective scalp treatment, massage, hair reconditioning, current methods of hair coloring, bleaching, special effects, and color corrections. Modern techniques for facials (electrical and manipulative), makeup, hair removal, and lash and brow tinting.

COS 150**Manicuring III**

4 credits

*Offered upon request**Prerequisite: COS 127 or concurrent enrollment in COS 127*

Third course for students seeking a manicuring license. Emphasis is on advanced skill building in areas covered in Manicuring I and II, product chemistry, anatomy and physiology, the nail and its disorders, the skin and its disorders, and client consultation.

COS 152**Manicuring IV**

4 credits

*Offered upon request**Prerequisite: COS 150 or concurrent enrollment in COS 150*

Final manicuring course for students seeking a manicuring license. Emphasis is on polishing all manicuring skills in preparation for a mock state board exam. Additional instruction in salon management and nail product/services sales.

COS 201 **Science for Cosmetology** **Instructors**

1 credit

Offered upon request

This course covers instructional techniques for teaching, demonstrations of the safe use of chemicals, safety precautions in the use of electricity and electrical equipment, and cosmetic chemistry. Theory and practical procedures are explained and demonstrated for each topic. Students must have a current cosmetology license and instructor permission.

COS 203 **Management for** **Cosmetology Instructors**

3 credits

Offered upon request

This course covers instructional techniques for teaching and mastering an introduction to personal improvement, Arizona laws and rules governing cosmetology business ethics, telephone techniques, receptionist techniques, and shop management. Student must have a current cosmetology license and instructor permission.

COS 205 **Instructing in** **Cosmetology I**

3 credits

Offered upon request

This course covers correct instructional procedures pertaining to manicuring, shampooing, finger waving, haircutting, and curl construction; enabling student instructors to stress all safety precautions and to demonstrate their manipulative skills to students clearly and confidently. Student must have a current cosmetology license and instructor permission.

COS 206 **Instructing in** **Cosmetology II**

3 credits

Offered upon request

Prerequisite: COS 205 or concurrent enrollment in COS 205

This course covers basic instructional methods and techniques for the effective observation and assistance to experienced instructors, in the performance of their duties, to perform skill demonstrations in chemical applications. Student must have a current cosmetology license and instructor permission.

COS 207 **Instructing in** **Cosmetology III**

3 credits

Offered upon request

Prerequisite: COS 206 or concurrent enrollment in COS 206

This course covers basic instructional methods and techniques for the effective instructing of students in the skills of haircutting with razor and scissors, observing and performing guidelines, roller placement, and the clear and enthusiastic demonstration of all skills needed. Student must have a current cosmetology license and instructor permission.

COS 208 **Instructing in** **Cosmetology IV**

3 credits

Offered upon request

Prerequisite: COS 207 or concurrent enrollment in COS 207

This course covers designing lesson plans, demonstration schedules, theory schedules, quizzes and examinations, and observing and absorbing human relations in dealing with students and patrons. Student must have a current cosmetology license and instructor permission.

COS 240 **Cosmetology Refresher I**

1 to 6 credits

Offered upon request

Professional level of instruction in permanent waving, curling, chemical straightening, curling, shampooing, and hairstyling. Advanced instruction in haircutting techniques, hair color, bleaching, special effects, and color correction. Students will be instructed in these advanced techniques to ensure salon readiness.

COS 241 **Cosmetology Refresher II**

2 to 6 credits

Offered upon request

Prerequisite: COS 240 or concurrent enrollment in COS 240

Professional level of instruction in advanced cosmetology techniques. Instructors will work individually with each student to help them achieve the cosmetology hours needed to better hone their practical skill in the industry. Students will be instructed in these advanced techniques to attain jobs in other states and to be thoroughly skilled in all aspects of the cosmetology curriculum.

DRAFTING TECHNOLOGY

DRF 104
Blueprint Reading
2 credits

Offered upon request
Interpreting technical drawings and accompanying specifications. Emphasizes technical terms and symbols, industrial standards and tolerances. Reading of working drawings and sketches, basic drafting fundamentals and techniques are covered. Designated for non-drafting technicians.

DRF 108
Technical Drafting
2 credits

Offered every fall and spring semester

Course is designed for students with little or no drafting background. Course content includes use of drafting equipment, drafting techniques, lettering, geometric construction, multi-view, isometric, section view, and auxiliary view drawings. All drawings will meet the ASME Y14.5M standard for dimensioning and drawing layout.

DRF 150
Dimensioning and Tolerancing
1 credit

Offered every spring semester

An intensive course covering basic and advanced dimensioning techniques. Emphasis is placed on the ANSI Y14.5M standard for geometric dimensioning and tolerancing.

DRF 154
Introduction to AutoCAD
2 to 3 credits

Offered every fall and spring semester

Students will gain hands-on experience using AutoCAD computer drafting software. Emphasis is placed on the integration of 3D solid modeling

and 2D drafting output. All drawings will meet the ASME Y14.5M standard.

DRF 160
Descriptive Geometry
3 credits

Offered every fall semester
Prerequisite: DRF 154 or concurrent enrollment in DRF 154

The study of lines, planes, successive auxiliary views, intersection of planes, angles between planes, developments, parallelism, perpendicularity, and the relationships between various geometric elements. All drawings will meet the ASME Y14.5M standard.

DRF 170
Residential Architecture
2 to 3 credits

Offered every spring semester
Prerequisite: DRF 154 or concurrent enrollment in DRF 154

Students will be instructed in residential architecture drafting techniques required to design and draft floor plans, exterior and interior details, and structural representations. The course will use architectural CAD software to develop a full set of residential house plans. All drawings will meet the American Architectural Graphic Standards, the International Building Code, the International Residence Code, ADA, and any additional local building and zoning requirements.

DRF 207
CADD Workshop
1 credit

Offered upon request

For high school and community college teachers, or other interested individuals, wishing to advance their knowledge and skills in the area of Computer Assisted Design and Drafting (CADD). This short-term course is geared to meet the various levels of CADD expertise from beginning to advanced. Attendees will be divided into skill level groups and areas of interest. Basic technique and commands will be covered for the beginning skill levels and advanced techniques will be covered for attendees with experience in the CADD field.

DRF 214
3D Animation
3 credits

Offered every fall semester
Prerequisite: DRF 154

Students become familiar with the different methods of developing 3D graphics and animation using leading industry software such as Autodesk Maya or 3D Studio.

DRF 220
Parametric Solid Modeling
3 credits

Offered upon request
Prerequisite: DRF 154 or concurrent enrollment in DRF 154

This course uses the latest in parametric modeling technology (Autodesk Inventor) in the study of mechanical drafting, threads and fasteners, detail and assembly drawings, section views, and basic dimensioning and tolerancing techniques. All drawings will meet the ASME Y14.5M standard.

DRF 230
Civil Drafting
3 credits

Offered every fall semester
Prerequisite: DRF 154

Studies basic elements of map drafting including symbols, plotting contour lines, grid maps, elevation and profiles, closed and open traverse, legal descriptions, grading, volumes, street construction, and basic use of GPS systems. All drawings will meet the AASHTO Green Book, American Architectural Graphic Standards, the International Building Code, the International Residential Code, ADA, and any additional local building and zoning requirements.

DRF 232
Structural Drafting
2 to 3 credits

Offered every spring semester
Prerequisite: DRF 154

A study of the basic elements of structural drafting including symbols, dimensioning, design, and detail drawing of steel and concrete structures. All drawings will meet the American Architectural Graphic Standards, the International Building Code, the International Residence Code, ADA, and any additional local building and zoning requirements.

DRF 235
Arc Geographic Information Systems I
2 credits

Offered upon request
Prerequisite: DRF 230 with a grade of "C" or higher or instructor approval

This course provides an introduction to Arc geographic information systems (GIS) concepts and GIS databases. Students will learn processes related to manipulating spatial and tabular data, querying a database, presenting data clearly, and effectively using maps, reports, and charts.

DRF 236 **Arc Geographic Information Systems II**

3 credits

Offered upon request

Prerequisite: DRF 235 with a grade of "C" or higher

This course utilizes advanced Arc Geographic Information Systems (GIS) concepts and GIS databases. Students will design and create a GIS project using geodatabase and validation rules while learning to edit topology and perform spatial analysis.

DRF 240 **Electronics Drafting**

3 credits

Offered upon request

This course covers the basic elements of electronic drafting. Students create block diagrams, electronic schematics, printed circuit board drawing packages, and electro-mechanical drawings of racks, panels, and chassis. Use of current industrial standards is emphasized.

DRF 262 **Commercial Architecture**

2 to 3 credits

Offered upon request

Prerequisite: DRF 154

Course will focus on the use of CAD in the area of commercial architectural facilities layout and design. Projects involve the creation of commercial floor plans, external elevations, and site plans. Emphasis is placed upon meeting the customer needs, local building codes, and industry standards. All drawings will meet the American Architectural Graphic Standards, the international Building Code, the international Residence Code, ADA, and any additional local building and zoning requirements.

DRF 263 **CAD for Industry**

2 to 3 credits

Offered upon request

Students will explore different Computer Aided Drafting systems or applications. Students will select one - two software applications from among AutoCAD LT, AutoDesk products, architectural or mechanical applications, etc., and produce working drawings, models, or other appropriate output to demonstrate the use of each product.

DRF 271 **Advanced AutoCAD**

2 to 3 credits

Offered every spring semester

Prerequisite: DRF 154

Course examines how to use advanced AutoCAD software capabilities. Students will focus

on system customization including menu development. Advanced drawing techniques, assembly part modeling, and drafting applications will also be included.

DRF 284 **Advanced Animation**

3 credits

Offered upon request

Prerequisite: DRF 214 or MDC 210

Students study advanced methods of developing and presenting animation. They become familiar with 3D object creation using available animation software, composing video segments, and the use of audio tracks in animation. Students develop story boards for all projects.

DRF 290 **Drafting Capstone Project**

2 credits

Offered every spring semester

Prerequisite: DRF 170 and DRF 230 with a grade of "C" or higher and prior or concurrent enrollment in DRF 220, or instructor approval

This is an end-of-program capstone project course to allow students the opportunity to create a complete drafting and design project from start to finish in one of the principal drafting related areas emphasized throughout the degree program: architectural, civil, or mechanical. Successful completion of this course will validate competencies from previous coursework. All architectural and civil drawings will meet the American Architectural Graphic Standards, the International Building Code, the International Residence Code, ADA, and any additional local building and zoning requirements. All mechanical drawings will meet the ASME Y14.5M standard.

DRF 297 **Workshop**

1 to 6 credits

Offered upon request

Activity/Personal Enrichment

Designed to meet a variety of needs for students in Drafting Technology.

DRF 298 **Workshop**

1 to 3 credits

Offered upon request

Activity/Personal Enrichment

Designed to meet a variety of needs for students in Drafting Technology.

DRF 299 **Independent Study**

1 to 3 credits

Offered upon request

Activity/Personal Enrichment

Design and execution of original projects under faculty supervision.

EARLY CHILDHOOD EDUCATION

ECE 100 **Introduction to Early Childhood Education**

3 credits

Offered every fall semester

Introduction to the field of Early Childhood Education including history, philosophy, and the application of child development techniques. Includes techniques for observing and recording behaviors, communication skills, guidance techniques, developmentally appropriate practices and the role of the teacher in early childhood settings. Students will also learn the importance of assessing, understanding, and enhancing the development of communication skills of young children to help guide and develop a child's self image. Students will learn how to translate information presented into related skills and procedures that support children's social development.

ECE 150 **Practicum: Direct Field Experience Birth to Preschool**

2 credits

Offered every fall and spring semester

Prerequisite: ECE 100, ECE 102, ECE 105, ECE 110, ECE 120, or instructor approval

Supervised experience in the education, guidance and care of young children birth through age eight. Course begins with four weeks of classroom instruction on developmentally appropriate curriculum, guidance techniques, and age appropriate activities. Students will complete first aid certification, and must show proof of fingerprint clearance before student is placed at a center for lab.

ECE 171 **Child Growth and Development**

3 credits

Offered every spring semester

Gives the student a broad, comprehensive view of the child at each stage of development from conception through middle childhood. Considers the biological, cognitive, personality, and social aspects of development. Identical to PSY 171.

ECE 210 **Home, School, and Community Relations**

3 credits

Offered every spring semester

This course will stress the

importance of family. The course objectives will include the specific attitudes, philosophies, and practical techniques that teachers in any setting can find useful in building relationships with families.

ECE 220

Introduction to Early Childhood Special Education

3 credits

Offered every fall semester

An introductory level course with an emphasis on current educational practices and related educational theories including identification, causes, and characteristics of exceptional learners birth through age eight. An overview of the history of special education, assessment, intervention and curriculum will be introduced. Observation and participation hours in a special education setting required.

ECE 240

Child Development Portfolio and Assessment Preparation

3 credits

Offered every fall and spring semester

Prerequisite: Instructor approval

Includes an in-depth review of the functional areas providing the basis for the Child Development Associate competency and gives step-by-step approach of activities necessary to complete the CDA Assessment process.

ECE 281

Children's Literature

3 credits

Offered every fall semester

Introduction to children's literature with a focus on how to effectively choose and use children's literature in educational contexts. Considers selection guidelines, storytelling, interpretation, and evaluation of children's books. Identical to EDU 281 and ENG 281.

ECE 295

CDA Renewal

1 credit

Offered every fall and spring semester

This course is provided specifically for those who need to renew their CDA credential. This course will review all aspects of early care and will also require each student to be in a work setting involving children. Child Development Credential (CDA) must be current.

EDUCATION

EDU 100

Substitute Teacher Role Preparation

3 credits

Offered upon request

The class is designed to prepare learners to enter a school setting and fill the role of the regular instructor in the classroom, on the playground and as a staff member. Learners will engage in a variety of activities that will enhance their awareness of challenges encountered by today's youth, enable them to recognize and develop appropriate learning activities, implement effective instructional and classroom management techniques, identify personal teaching/learning styles and student learning styles, address medical issues and adhere to district policies and procedures.

EDU 100A

Substitute Teacher Role Preparation I

1 credit

Offered upon request

One of four classes designed to prepare learners to enter a school setting as a substitute teacher and fill the role of the regular instructor in the classroom, on the playground and as a staff member. Learners will engage in a variety of activities that will enhance their awareness of challenges encountered by today's youth, enable them to recognize and develop appropriate learning activities and investigate the legal requirements for a substitute teaching certificate.

EDU 100B

Substitute Teacher Role Preparation II

1 credit

Offered upon request

One of four classes designed to prepare learners to enter a school setting as a substitute teacher and fill the role of the regular instructor in the classroom, on the playground and as a staff member. Learners will engage in a variety of activities that will enhance their awareness of challenges encountered by today's youth, enable them to recognize and develop appropriate learning activities and identify personal teaching/learning styles and student learning styles.

EDU 100C

Substitute Teacher Role Preparation III

1 credit

Offered upon request

One of four classes designed to prepare learners to enter a school setting as a substitute teacher. This class is an overview.

EDU 200

Introduction to Education

3 credits

Offered every fall and spring semester

An introduction to the educational system covering traditions, philosophies, responsibilities, and obligations of those in the teaching profession.

EDU 222

Introduction to Special Education

3 credits

Offered every spring semester

An introductory level course with an emphasis on the history of special education in society and the United States, legal influences on the provision of special education services to disabled students, and characteristics and instructional approaches to educating disabled children.

EDU 230

Cultural Diversity in Education

3 credits

Offered every fall semester

Examination of the relationship of cultural values to the formation of the child's self-concept and learning styles. Examination of the role of prejudice, stereotyping and cultural incompatibilities in education. Emphasis on preparing future teachers to offer an equal educational opportunity to children of all cultural groups.

EDU 233

ESL/SEI Methods I

3 credits

Offered upon request

This course provides the student with methods of planning, developing, and analyzing lesson plans in all content areas using English Language Learners (ELL) Standards. Emphasis is on components of curriculum content, teaching strategies, development/evaluation/adaptation of teaching materials, and the role of culture in learning. Student will examine the alignment of ELL Proficiency Standards to the state and national academic standards. This course also covers multiple assessment techniques, tracking of student progress using the AZELLA assessment, and use of assessment results for placement and accommodation.

EDU 234

ESL/SEI Methods II

3 credits

Offered upon request

The training provides the participant with methods of planning, developing, and analyzing lesson plans in all content areas using ELL Standards in order to teach children who are learning English as a second language. The emphasis is on ELL Proficiency Standards, assessment objectives, recent changes in SEI requirements, teaching strategies, development/evaluation/adaptation of teaching materials and the role of culture in learning. The course examines the alignment of ELL Proficiency Standards to the Arizona Language Arts Academic Standards. The course covers alternative methods of assessment, and analysis of the use of AZELLA assessment. This training prepares participants for ethnically diverse classrooms. This training covers 45 hours toward the ADE requirement for teaching certification renewal.

EDU 281

Children's Literature

3 credits

Offered every fall semester

Introduction to children's literature with a focus on how to effectively choose and use children's literature in educational contexts. Considers selection guidelines, storytelling, interpretation, and evaluation of children's books. Identical to ECE 281 and ENG 281.

**EDU 297
Workshop***1 to 6 credits**Offered upon request
Activity/Personal Enrichment*

A course designed to meet a variety of needs for students in Education.

**EDU 298
Workshop***1 to 3 credits**Offered upon request
Activity/Personal Enrichment*

A course intended to meet a variety of needs for Education students.

**EDU 299
Independent Study***1 to 3 credits**Offered upon request
Activity/Personal Enrichment*

Design and execution of original projects under faculty supervision.

**ELECTRONIC
TECHNOLOGY****ELT 101****Fundamentals of Electricity and Electronics***3 credits**Offered upon request*

This course is an introductory course into the basic principles of electricity and electronics theory with emphasis of electrical applications. The course will also introduce the student to the study of various blueprints, schematics, wiring diagrams and symbols as they are used in practical industrial applications.

ELT 110**Electricity and Electronics***3 credits**Offered every fall semester*

This course is an introductory course into the basic principles of electricity and electronics theory with a heavy emphasis on industrial applications. Students will be introduced to the study of various blueprints, schematics, wiring diagrams and symbols as they are used in practical industrial applications.

ELT 111**DC Electrical Systems***3 credits**Offered every fall semester*

This course is an introductory course of direct current theory and systems with a heavy emphasis on industrial applications and setting. Students will be introduced to batteries, DC circuits, electrical test and measuring equipment, various conductors, semiconductors,

insulators, as well as developing troubleshooting skills.

ELT 112**AC Electrical Systems***3 credits**Offered every fall semester*

This course is an introductory course of Alternating Current (AC) theory and systems with a heavy emphasis on industrial application and settings. The course will introduce the student to transformers, electrical measuring test equipment, single and polyphase motors, motor controls, AC generation, and troubleshooting skills.

ELT 115**Conduits and Raceways***2 credits**Offered every fall semester*

This course is an introductory course of conduit and raceway installation and bending with heavy emphasis on industrial applications and settings. Students will be introduced to various conduit types, sizes, tools and equipment used to cut, bend, thread and install electrical conduit. It provides hands-on application to wire pulling and termination methods.

ELT 161**Process Measurement Instrumentation I***3 credits**Offered every spring semester*

This course is an introductory course in industrial process measurement and instrumentation. This course will introduce the student to the various industrial processes of pressure, temperature, level, flow, weight, force position, and analytical measurements.

ELT 162**Process Measurement Instrumentation II***3 credits**Offered every spring semester
Prerequisite: ELT 161*

This course continues the study of industrial process measurement and instrumentation. This course will provide additional instruction in various industrial measurement processes, including pressure, temperature, level, flow, weight, force, position, and analytical measurements.

ELT 171**Process Control Instrumentation and Programmable Logic Controllers***3 credits**Offered every spring semester
Prerequisite: ELT 161*

This course is an introductory course into the basic principles of Process Control Instrumentation and Programmable Logic Controllers. This course delves into the various industrial processes and how to control them through the use of electrical, electronic and pneumatic automatic controllers. The course also involves the student into the different modes of control such as On/Off and proportional, integral and derivative modes as well as interfacing process measurement signals to controller inputs and connecting controller outputs to a final control element. The programmable logic controllers involve the student with various I/O such as discrete or analog inputs and outputs as well as implementing ladder logic programming to achieve functional process control.

ELT 181**Electronic Components***3 credits**Offered every fall semester
Prerequisite: ELT 112*

This course covers semiconductor components that are used in modern electronic devices. Course will cover semiconductor operational theory, manufacturing processes, and design of various semiconductors. Course also covers analog as well as digital types of electronic components. The various electronic components covered in this course include, but are not limited to, Silicon Controlled Rectifiers (SCR's), Bipolar Junction Transistors, Field Effect Transistors (FET's), Operational Amplifiers (OP AMPS's), Digital Logic Gates, Microprocessors, and Random Access Memory (RAM). Each student will be introduced to common circuits that employ electronic devices, such as, oscillators, amplifiers, flip-flops, multi-vibrators, shift registers, counters, frequency dividers, and microprocessor circuits.

ELT 191**Substation Maintenance***3 credits**Offered every fall semester
Prerequisite: ELT 110, ELT 111 and ELT 112*

This course will introduce the student to the various types of electrical power distribution substations employed by many industrial and utility companies.

This course also covers substation switching configurations, distribution substation configurations, substation components, switchgear maintenance, circuit breaker fundamentals, storage batteries maintenance, and testing of these sub-systems. The course will also provide background information and testing procedures related to protective relays, transformers, and transformer oil and gas.

ELT 271**Advanced Process Control Instrumentation and Programmable Logic Controllers***3 credits**Offered every spring semester
Prerequisite: ELT 171 or concurrent enrollment in ELT 171*

This course is an advanced course in the principles of Process Control Instrumentation and Programmable Logic Controllers (PLCs). This course emphasizes applications and implementation of PLCs as used in industrial control settings. It analyzes the interfacing of inputs, outputs, and development of ladder logic control programming.

ELT 272**Motors and Motor Controls***3 credits**Offered every fall semester
Prerequisite: ELT 112*

This course introduces the student to the various types of direct current and alternating current motors as well as single and polyphase motors. The course will also demonstrate various types of motor controls such as relay logic, use of sensors and variable speed control schemes. The student will learn to take voltage, current and resistance measurements to troubleshoot motors and control circuits. Students will learn to use and interpret schematics, blueprints, and diagrams to troubleshoot circuits and or design and construct motor control circuits.

ELT 297**Workshop***1 to 6 credits**Offered upon request
Activity/Personal Enrichment*

A course designed to meet a variety of needs for students in Electronics.

ELT 298**Workshop***1 to 3 credits**Offered upon request
Activity/Personal Enrichment*

A course designed to meet a variety of needs for students in Electronics.

ELT 299 Independent Study

1 to 3 credits

*Offered upon request
Activity/Personal Enrichment*

Design and execution of original projects under faculty supervision.

EMERGENCY MEDICAL TECHNOLOGY

EMT 103

Basic Emergency Medical Technician

9 credits

Offered upon request

Prerequisite: Must be at least 18 years of age at the start of the class; EAC COMPASS reading assessment test score of 60 or higher; Present current CPR card issued by the American Heart Association (Healthcare Provider) or American Red Cross (Professional Rescuer) or concurrent enrollment in EMT 121; Present proof of TB immunization or chest x-ray within past 6 months; Present proof of rubella and rubeola immunization. The prospective student will submit documentation of the prerequisites with the completed Proof of Prerequisites Form to the Records and Registration Office prior to registration.

Introductory course for the student who aspires to become an Emergency Medical Technician-Basic. Student learning will focus on human anatomy and physiology, disease process, initial assessment and patient stabilization, proper use of equipment such as automatic external defibrillators, blood glucose monitors, MAST trousers, airway adjuncts as well as legal issues, scope of practice, extrication, documentation, communication, and ambulance protocols. A total of 16 hours of clinical experience will be scheduled in the Emergency Department to provide direct hands-on experience with a variety of patients. In addition, 16 hours of vehicular experience will be required. This course is designed to meet all state and national requirements to prepare in testing for the EMT-Basic via the National Registry Exam.

EMT 120

Introduction to First Aid and Beginning CPR

1/2 credit

Offered every fall and spring semester

Presents an overview of Basic First Aid and Heartsaver CPR. This course offers basic certification

in First Aid and CPR through the American Heart Association and is ideal for daycare providers. Participants will not receive the HealthCare Provider BLS card required for the nursing program in this course. Individuals seeking Advanced First Aid or Healthcare Provider CPR should take EMT 122. This course prepares students to recognize the signs and symptoms of a heart attack. Prepares students to help someone who is choking. Prepares students to do the work of an unconscious person's heart and lungs until professional medical help arrives. Prepares students to keep an injured person safe from further injury and as comfortable as possible until medical help arrives.

EMT 121

Cardiopulmonary Resuscitation

1/2 credit

Offered every fall and spring semester

This course follows the American Heart Association guidelines for knowledge and skill in cardiopulmonary resuscitation and AED at the healthcare provider level. Learning focuses on the skills involved in helping an individual with airway obstruction, respiratory arrest, and/or cardiac arrest.

EMT 122

First Aid and CPR

2 credits

Offered every fall and spring semester

This course is focused on basic life support as performed by a health care provider. The content includes patient assessment, airway management, cardiopulmonary resuscitation, shock, bleeding and wounds, body area injuries, poisoning, burns, cold and heat-related emergencies, bone injuries, medical emergencies, emergency childbirth, and first aid skills. Identical to HPE 190 and HCE 101.

EMT 161

Emergency Medical Technician Refresher

2 credits

Offered upon request

Prerequisite: Current CPR card issued by American Heart Association (Health Care Provider) or American Red Cross (Professional Rescuer). Also, current EMT Certification from Arizona OR from another state or territory OR from National Registry; or Arizona EMT Certification which expired less than two years prior to start of class. The prospective student will submit documentation of the prerequisites with the completed Proof of Prerequisites Form to the Records and Registration Office prior to the start

of the class.

This course is designed to enable the Emergency Medical Technician to maintain proficiency and receive the latest information for handling the sick and injured. It may be repeated as many times as the person needs for recertification. Fulfills Department of Health Service requirements for EMT recertification every 2 years.

EMT 170

Vehicular Extrication and Trauma Care

1/2 credit

Offered upon request

This course provides a review, as well as some new insights into vehicular extrication and providing patient care to the trauma patient. This course is interactive and designed to challenge the participant in the areas of knowledge base, decision-making and application of skills.

EMT 172

IV Access for EMT-Basic

1 credit

Offered upon request

Provides a review of the anatomy of the circulatory system. Includes peripheral intravenous cannulation techniques, fluid resuscitation, obtaining venous blood samples for laboratory analysis, infection control techniques for the safety of self and victim, and complications of intravenous cannulation. EMT-Basic Certification strongly recommended.

EMT 210

Paramedic I

12 credits

Offered upon request

Prerequisite: Apply and be accepted into Paramedic Program. Current Arizona EMT certification, passing both the written and oral entrance exams and a current BLS/CPR healthcare provider card are required.

The successful completion of EMT 210, 212 and 214 as a continuous enrollment, chronological training program follows the U.S. Department of Transportation requirements for the educational portion of the Arizona Department of Health Services paramedic certification. Courses are designed to provide the Emergency Medical Technician with the knowledge and skills necessary to provide advanced care for patients in pre-hospital emergency care. In addition to didactic coursework, additional clinical and field experience is required. Total hours for the entire program are 500 hours didactic and 500 hours clinical/vehicular time required. Check the current catalog for all course fees.

EMT 212

Paramedic II

12 credits

Offered upon request

Prerequisite: EMT 210 with a grade of "C" or higher. Current Arizona EMT certification, passing both the written and oral entrance exams and a current BLS/CPR healthcare provider card are required.

Continuation of EMT 210. The successful completion of EMT 210, 212 and 214 as a continuous enrollment, chronological training program follows the U.S. Department of Transportation requirements for the educational portion of the Arizona Department of Health Services paramedic certification. These courses are designed to provide the Emergency Medical Technician with the knowledge and skills necessary to provide advanced care for patients in pre-hospital emergency care. In addition to didactic coursework, additional clinical and field experience is required. Total hours for entire program are 500 hours didactic and 500 hours clinical/vehicular time required. Check the current catalog for all course fees.

EMT 214

Paramedic III

12 credits

Offered upon request

Prerequisite: EMT 212 with a grade of "C" or higher. Current Arizona EMT certification, passing both the written and oral entrance exams and a current BLS/CPR healthcare provider card are required.

Continuation of EMT 212. The successful completion of EMT 210, 212 and 214 as a continuous enrollment, chronological training program follows the U.S. Department of Transportation requirements for the educational portion of the Arizona Department of Health Services paramedic certification. These courses are designed to provide the Emergency Medical Technician with the knowledge and skills necessary to provide advanced care for patients in pre-hospital emergency care. In addition to didactic coursework, additional clinical and field experience is required. Total hours for entire program are 500 hours didactic and 500 hours clinical/vehicular time required. Check the current catalog for all course fees.

EMT 220

Advanced Cardiac Life Support

1 credit

Offered upon request

This course is designed to provide core information necessary to prepare students for the American

Heart Association's ACLS Provider course. The content is focused on the key concepts of advanced cardiac life support including ethical considerations in cardiac resuscitation. The student should have EKG interpretation skills and a current BCLS CPR card.

EMT 220A **Advanced Cardiac Life Support Renewal**

1/2 credit
Offered upon request

This course is designed to provide core information necessary to renew students American Heart Association's ACLS Provider course. The content is focused on the key concepts of advanced cardiac life support including ethical considerations in cardiac resuscitation. Current ACLS is required in the EMT-Paramedic program.

EMT 221 **Pediatric Advanced Life Support**

1 credit
Offered upon request

This course is designed to provide guidance to prehospital care providers in the management of pediatric emergencies. The content is focused on advanced life support care for children in emergency situations and expedition of transfer to a facility that can offer definitive care.

EMT 221A **Pediatric Advanced Life Support Renewal**

1/2 credit
Offered upon request

This course is designed for renewal of Pediatric Advanced Life Support certification.

EMT 222 **Trauma Patient Management**

1 credit
Offered upon request

This course is designed to prepare students for basic and/or advanced management of the traumatized patient. The content is focused on emergency scene management, trauma patient assessment, triage, and standards of basic and advanced life support including emergency transportation criteria, communications and documentation. Mechanism of injury, trauma airway management, shock resuscitation, and other trauma patient considerations are included.

EMT 229 **Paramedic Refresher**

3 credits
Offered upon request

A review course for paramedic students prior to taking the National Registry of Emergency Medical Technicians (NREMT) certification examination. Students must present proof of Arizona Paramedic Certification at the first class meeting.

EMT 297 **Workshop**

1 to 6 credits
Offered upon request
Activity/Personal Enrichment
Designed to meet a variety of needs for students in Emergency Medical Technology.

EMT 298 **Workshop**

1 to 3 credits
Offered upon request
Activity/Personal Enrichment
Designed to meet a variety of needs for students in Emergency Medical Technology.

EMT 299 **Independent Study**

1 to 3 credits
Offered upon request
Activity/Personal Enrichment
Design and execution of original projects under faculty supervision.

ENGINEERING

EGR 102 **EGR 1102** **Introduction to Engineering**

4 credits
Offered every fall and spring semester
Prerequisite: MAT 120 or higher with a grade of "C" or higher or placement test score as established by District policy

Engineering design, effective team participation and career preparation. Students are expected to participate in hands-on design projects, develop education/career plans and initiate development of the personal and management skills necessary for life long learning.

EGR 130 **C Programming I**

3 credits
Offered upon request
A comprehensive introduction to the C language; preparation and writing of programs using C, using current programming techniques. A prior programming language is helpful. For engineering majors. Identical to CMP 130.

EGR 150 **Digital Logic Design**

3 credits
Offered upon request
Prerequisite: MAT 154 or MAT 187 with a grade of "C" or higher or placement test score as established by District policy or instructor approval

This course is designed to satisfy lower division requirements for electrical and computer engineering. Students will learn number systems, coding of information, Boolean algebra, combinatorial and sequential logic circuit design, and an introduction to logic design using Field Programmable Gate Arrays and VHDL.

EGR 200 **Introduction to Earth Engineering**

3 credits
Offered upon request
This course provides an overview of the skills, applications, and careers in mining and geological engineering. Skills introduced include mapping, air photo interpretation, geophysics, rock mechanics testing, scan line surveying, spreadsheet calculations, and mine planning. Applications introduced include mineral, energy, and water resource exploration and development, underground and surface construction, underground and surface mine development, operations, and environmental management. Course emphasizes development of teamwork, communication, and creative problem solving skills.

EGR 214 **Engineering Mechanics I - Statics**

3 credits
Offered upon request
Prerequisite: MAT 220 and PHY 211 with a grade of "C" or higher or concurrent enrollment in MAT 220 and PHY 211

Students will learn to construct and solve mathematical models which describe the effect of force and motion on a variety of structures and machines that are of concern to engineers.

EGR 215 **Engineering Mechanics II - Dynamics**

3 credits
Offered upon request
Prerequisite: EGR 214, EGR 102, MAT 220 and PHY 211 or concurrent enrollment in MAT 220 and PHY 211

Motions of particles and rigid bodies under external forces; influence of vibration on mechanical systems.

EGR 220 **Circuits I**

4 credits
Offered every spring semester
Prerequisite: MAT 260 with a grade of "C" or higher, or concurrent enrollment in MAT 260
This course covers the basic principles of both direct current and alternating current electric circuits. Topics include Kirchoff's Laws, simple resistive circuits, node and mesh equations, operational amplifiers, inductors and capacitors and the first and second order circuits involving them, phasors, and transformers.

EGR 233 **Mechanics of Materials**

3 credits
Offered upon request
Prerequisite: MAT 181 or higher and EGR 214 or higher with a grade of "C" or higher

Students will learn the fundamental concepts of stresses and strains, deformations and displacements, elasticity and inelasticity, strain energy, and load carrying capacity. Students will also analyze and design structural members subjected to tension, compression, torsion, and bending.

EGR 250 **Plane Surveying**

3 credits
Offered every spring semester
Prerequisite: MAT 181 or TEC 107 with a grade of "C" or higher or instructor approval

This course provides an introduction to plane surveying. Students learn principles and practices of general surveying, chaining, leveling, stadia, and extensive field work using a variety of industry-standard instruments and techniques.

EGR 255 **Thermodynamics**

3 credits
Offered upon request
Prerequisite: Prior or concurrent enrollment in MAT 220 required

Thermodynamics is a basic science that deals with energy and energy changes. This course covers the basic principles of Thermodynamics and presents real-world applications and problems so that students can gain an understanding of physical and chemical changes that are influenced by the energy of systems.

EGR 297 **Workshop**

1 to 6 credits
Offered upon request
Activity/Personal Enrichment
A course designed to meet a variety of needs for students in Engineering.

EGR 298**Workshop**

1 to 3 credits

*Offered upon request
Activity/Personal Enrichment*

A course designed to meet a variety of needs for students in Engineering.

EGR 299**Independent Study**

1 to 3 credits

*Offered upon request
Activity/Personal Enrichment*

Design and execution of original projects under faculty supervision.

ENGLISH**ENG 054****Basic Writing Skills Lab**

1 credit

*Developmental course - does not count for graduation credit
Offered every fall and spring semester**Activity/Personal Enrichment
Concurrent enrollment in ENG 055 required*

Practice in grammar, mechanics, and usage to develop clear and effective writing. Lab is self-paced, focusing on individual needs.

ENG 055**Basic Writing Skills**

3 credits

*Developmental course - does not count for graduation credit
Offered every fall and spring semester**Prerequisite: Placement testing or equivalent and concurrent enrollment in ENG 054 required*

Individual and group instruction in basic writing skills.

ENG 089**Reading Improvement Lab**

1 credit

*Developmental course - does not count for graduation credit
Offered every fall and spring semester**Prerequisite: Placement test score as established by District policy*

An open entry/open exit developmental course for students who wish to improve vocabulary, comprehension, and critical reading skills. Lab is self-paced, focusing on individual needs. Recommended for students at the tenth grade or higher reading level.

ENG 090**Reading Improvement I**

3 credits

*Developmental course - does not count for graduation credit
Offered every fall and spring semester*

Emphasizes improvement in comprehension and related reading and thinking skills.

ENG 091**Reading Improvement II**

3 credits

*Developmental course - does not count for graduation credit
Offered every fall and spring semester*

Emphasizes improvement in comprehension and related reading and thinking skills. Completion meets AAS graduation reading requirement.

ENG 095**Interactive English Lab**

1 to 3 credits

*Developmental course - does not count for graduation credit
Offered every fall and spring semester**Activity/Personal Enrichment*

An open entry/open exit course which emphasizes listening comprehension, sentence structure, vocabulary, and pronunciation through the use of the Rosetta Stone software.

ENG 098**Writing Lab**

1 credit

*Developmental course - does not count for graduation credit
Offered every fall and spring semester*

An open entry/open exit developmental course for students not concurrently enrolled in a composition course who wish to improve grammar, mechanics, and usage skills. Lab is self-paced, focusing on individual needs.

ENG 099**Writing Fundamentals Lab**

1 credit

*Developmental course - does not count for graduation credit
Offered every fall and spring semester**Activity/Personal Enrichment*

Practice in grammar, mechanics, and usage to develop clear and effective writing. Lab is self-paced, focusing on individual needs.

ENG 100**Writing Fundamentals**

3 credits

*GE category: AAS degree only
Offered every fall and spring semester**Prerequisite: ENG 055 with a grade of "C" or higher or placement test score as established by District policy and concurrent enrollment in ENG 099 required*

Practice in reading and writing sentences, paragraphs, and short essays; intensive review of basic grammar.

ENG 101 SUN  **ENG 1101****Written Communications I**

3 credits

*GE category: English
Offered every fall and spring semester**Prerequisite: ENG 100 with a grade of "C" or higher or placement test score as established by District policy*

Emphasizes clear and effective writing and critical reading. Students generate a minimum of 7,000 words including revisions throughout the semester. Students with borderline placement scores will benefit from taking the English lab (ENG 110 - Written Communications I Lab) that is designed to accompany ENG 101.

ENG 102 SUN  **ENG 1102****Written Communications II**

3 credits

*GE category: English
Offered every fall and spring semester**Prerequisite: ENG 101 with a grade of "C" or higher*

Continues development of skills and concepts taught in ENG 101. Emphasizes research and critical reading and writing. Students generate a minimum of 7,000 words including revisions throughout the semester.

ENG 110**Written Communications I Lab**

1 credit

Offered every fall and spring semester

A self-paced, open entry/open exit course. One-on-one support for students in ENG 101, emphasizing the processes and skills required for effective narrative, analytic, and source-based writing. In addition, practice in punctuation, grammar, and stylistic concerns as needed on an individual basis.

ENG 111**Written Communications II Lab**

1 credit

Offered every fall and spring semester

A self-paced, open entry/open exit course. One-on-one support for students in ENG 102, emphasizing the processes and skills required for effective literary analysis and source-based writing, including focus on MLA documentation and avoiding plagiarism. In addition, practice in punctuation, grammar, and stylistic concerns as needed on an individual basis.

ENG 113**College Reading**

3 credits

*Offered every fall and spring semester**Activity/Personal Enrichment
Prerequisite: ENG 091 with a grade of "C" or higher or placement test score as established by District policy*

Emphasizes mastery and application of critical reading strategies for college level texts. Completion meets AA, ABUS, AGS, and AS graduation reading requirements.

ENG 131**Introduction to Creative Writing**

3 credits

*Offered spring semester in odd-numbered years**Activity/Personal Enrichment*

Introduction to techniques in writing poetry and fiction; emphasizes elements of poetry such as imagery, meter, rhythm, and form, and elements of fiction such as dialogue, description, conflict, characterization, and point of view.

ENG 161**Power Vocabulary**

2 credits

*Offered upon request
Activity/Personal Enrichment*

Focuses on vocabulary and spelling with emphasis on etymology, word parts, and context clues.

ENG 189**Film as Literature I**

3 credits

Offered upon request

Investigation of film as literature, applying literary concepts to analysis and evaluation of cinematic works.

ENG 190**Film as Literature II**

3 credits

Offered upon request

Investigation of film as literature, applying literary concepts to analysis and evaluation of cinematic works. This course is a continuation of ENG 189.

ENG 191**Film as Literature III**

3 credits

Offered upon request

Investigation of film as literature, applying literary concepts to analysis and evaluation of cinematic works. This course is a continuation of ENG 190.

ENG 201**World Literature I**

3 credits

*GE category: Humanities, Intensive Writing**Offered every fall semester**Prerequisite: ENG 101 with a grade of "C" or higher*

Selected world literature from ancient times to the Renaissance. Students generate a minimum of 2,500 words including revisions throughout the semester.

ENG 202**World Literature II**

3 credits

*GE category: Humanities, Intensive Writing**Offered every spring semester**Prerequisite: ENG 101 with a grade of "C" or higher*

Selected world literature from the Renaissance to modern times. Students generate a minimum of 2,500 words including revisions throughout the semester.

ENG 217**Writing Reflective Essays**

3 credits

*GE category: Humanities, Intensive Writing**Offered upon request**Prerequisite: ENG 101 with a grade of "C" or higher*

Writing and analyzing personal, reflective essays; exploring the influence of discourse on our identity and world. Students generate a minimum of 2,500 words including revisions throughout the semester.

ENG 218**Writing About Literature**

3 credits

*GE category: Humanities, Intensive Writing**Offered every fall and spring semester**Prerequisite: ENG 102 with a grade of "C" or higher*

Critical reading and analytical

writing on poetry, fiction, and drama. Students generate a minimum of 2,500 words including revisions throughout the semester.

ENG 221**English Literature I**

3 credits

*GE category: Humanities, Intensive Writing**Offered every fall semester**Prerequisite: ENG 101 with a grade of "C" or higher*

Covers selected literature from the Middle Ages through the Restoration and Eighteenth Century. Students generate a minimum of 2,500 words including revisions throughout the semester.

ENG 222**English Literature II**

3 credits

*GE category: Humanities, Intensive Writing**Offered every spring semester**Prerequisite: ENG 101 with a grade of "C" or higher*

Covers selected literature from the Romantic Period through the present. Students generate a minimum of 2,500 words including revisions throughout the semester.

ENG 230**Publications I**

3 credits

*Offered every fall semester**Prerequisite: ENG 101 with a grade of "C" or higher or concurrent enrollment in ENG 101 or instructor approval*

Students are responsible for preparing significant portions of *Oasis*, the yearbook of Eastern Arizona College. They will also participate in the production of EAC's literary magazines. Students will gain experience with desktop publishing and digital imaging as prepress requirements for printing. The curriculum covers principles of journalism, elementary design, and basic photography, with work outside of the class, covering school activities and meeting production deadlines.

ENG 231**Publications II**

3 credits

*Offered every spring semester**Prerequisite: ENG 101 with a grade of "C" or higher or concurrent enrollment in ENG 101 or instructor approval*

ENG 232**Poetry Writing**

3 credits

Offered upon request

Analysis and discussion of student work. Readings develop familiarity with and critical insight into the genre.

ENG 233**Advanced Poetry Writing**

3 credits

*Offered spring semester in even-numbered years**Prerequisite: ENG 232*

Continuation of ENG 232.

ENG 234**Short Story Writing**

3 credits

Offered every fall semester Activity/Personal Enrichment

Discussion and critique of student work and readings of representative works.

ENG 235**Independent Writing: Poetry**

1 to 3 credits

*Offered upon request**Activity/Personal Enrichment Prerequisite: Instructor approval*

Directed poetry writing. Students confer with instructor throughout semester. To receive department elective credit at many universities, English majors should register for 3 credit hours.

ENG 236**Independent Writing: Fiction**

1 to 3 credits

*Offered upon request**Activity/Personal Enrichment Prerequisite: Instructor approval*

Two learning plans are available: Plan I – Writing Fiction and Plan II – Figures and Trends in Contemporary Fiction. Plan I (Writing Fiction): Students complete a finished short story or novel chapter (3,000 to 6,000 words) for each hour they are registered. Plan II (Figures and Trends in Contemporary Fiction): Students read short fiction selections and write a 3,000 to 6,000 word critical essay for each hour they are registered. With both plans, the instructor works with students individually, and the three-hour credit option is recommended in order to receive departmental elective credit at most universities.

ENG 237**Independent Writing: Nonfiction**

1 to 3 credits

*Offered upon request**Activity/Personal Enrichment Prerequisite: Instructor approval*

FSC 101**Fire Department Operations I***6 credits**Offered every fall semester*

This course is the introductory Fire Science course, primarily designed for new fire department recruits. The course covers all aspects of fire department operations, including equipment and personnel policies. Preparation for State Fire Marshall's Fire Fighter certification.

FSC 102**Fire Department Operations II***5 credits**Offered every spring semester**Prerequisite: Prior or concurrent enrollment in FSC 101 required*

This is the advanced firefighting course, primarily designed for new fire department recruits. Emphasis is on the chemistry of fire, building construction, administrative policies, and techniques of firefighting. Preparation for State Fire Marshall's Fire Fighter certification.

FSC 105**Firefighter Safety and Survival***2 credits**Offered upon request*

To improve firefighter safety on the fireground and emergency medical scenes.

FSC 106**Hazardous Materials First Responder***2 credits**Offered upon request*

The purpose of this course is to address the behavior and dangers of hazardous materials. Emphasis will be commonly encountered chemicals and factors which impact a responder's decisions at the scene.

FSC 110**Fire Hydraulics***2 credits**Offered upon request**Offered in Gila County only*

This course is intended to familiarize firefighters or persons who are interested in the field of fire protection with the complexities of pumping or moving water for firefighting activities.

FSC 115**Rescue Practices for Fire Service***3 credits**Offered upon request*

Introduction to skills necessary to assess, extricate, and care for victims in emergency situations. This course also includes an overview of fire service-based

rescue, rescue operations and incident management, and civilian versus firefighter rescue. Also includes an overview of technical rescues.

FSC 120 **Fire Apparatus and Equipment**

3 credits
Offered upon request
Offered in Gila County only

This course will familiarize the student with automotive apparatus (pumpers, aerial ladders, lift platforms, hose wagons, transports, and utility vehicles), water towers, heavy auxiliary mechanical equipment and appliances, generators, compressors, rescue and forcible entry tools, and cutting torches.

FSC 130 **Fundamentals of Fire Prevention**

3 credits
Offered upon request
Offered in Gila County only

Introduction to the principles of fire prevention. Includes authority, responsibility, and organization of fire prevention, inspection procedures and reports, fire hazard recognition, building construction, and occupancy classifications. Also includes site access and means of egress, water-based fire protection and water supply systems, portable extinguishers, special agent, extinguishing systems, and fire detection and alarm systems, plans review, hazardous materials and flammable and combustible liquids, and storage, handling, and use of other hazardous materials.

FSC 135 **Strength and Fitness for Fire Service**

2 credits
Offered upon request
Offered in Gila County only

The course offers the students the aspects of fitness for firefighting. Students will learn how to develop strength, cardiovascular endurance and flexibility in a participatory learning environment. Course sessions will address aerobic and strength training, proper lifting, warm-up and flexibility techniques, training principles and elements of wellness. Proper handling of fire service equipment will be introduced.

FSC 140 **Fire Protection Systems**

3 credits
Offered upon request
Offered in Gila County only

In this course the student will learn the principles of fire protection systems. Includes portable and

fixed fire extinguishing equipment, automatic sprinkler and deluge systems, rate of temperature rise and smoke detecting devices, and alarm systems.

FSC 155 **Advanced Wildland Firefighting**

3 credits
Offered upon request
Prerequisite: FSC 150

This course is designed to instruct prospective fireline supervisors in wildland fire behavior for effective and safe fire management operations. After completion of the course, students will be able to determine basic input data of terrain, fuels, and weather required for understanding fire behavior for various times of the day or night. They will also be able to describe the causes of extreme fire behavior conditions (spotting, crowning, fire whirl) due to weather, fuels, and/or topography.

FSC 160 **Enhanced Fitness Activities for Fire Science**

3 credits
Offered upon request

Progress in this course is assessed using baseline physical fitness measurements and comparing them to post-physical fitness measurements at the end of the semester. The same tests are used for baseline and post-physical fitness testing: 3-minute step test, sit-ups, push-ups and sit-and-reach flexibility test. Each student is required to show improvements in all physical fitness test performances after a semester of

regular aerobic, strength-training and flexibility workouts. There is no threshold level that students need to reach in order to "pass" their tests. Attendance is required for regularly scheduled workouts.

FSC 201 **Patient Stabilization**

2 credits

childbirth, and first aid skills. Identical to HPE 190 and EMT 122.

HCE 112 **Medical Terminology**

2 credits

Offered every fall and spring semester

This course is designed to give direction to the beginning allied health student who has very little experience in scientific or medical subjects. The content includes study of medical terms using a programmed learning, word-building system approach as well as the study of allied health professions, medical abbreviations and symbols, review of basic grammar as it relates to medical terminology, and introduction to basic body structures. Emphasis in the course will be determined by assessing individual and group needs and providing private consultation as well as group instruction to meet those needs.

HCE 114 **Math for Medications**

2 credits

Offered every fall and spring semester

This course is an introductory course for reading medication documents and accurate calculation of dosages and solutions. The content includes review of basic math, systems of measurement, introduction to medication administration, and dosage calculation.

HCE 115 **Pharmacy Calculations**

2 credits

Offered every fall semester
Prerequisite: HCE 114 or MAT 077 or higher with a grade of "C" or higher or placement test score as established by District policy

This course includes mathematical concepts for pharmaceutical calculations. Emphasis is on using ratios, percents, and proportions in dosage equations; applying metric measurements in ratios and proportions; preparing pharmaceutical solutions; using business math in the pharmacy; and understanding the apothecary system.

HCE 116 **Medical Dosage** **Calculations**

2 credits

Offered every fall and spring semester

This course involves reading medication documents and accurate calculation of medical dosages and solutions. The content includes math review, systems

of measurements, medication administrations, and dosage calculations.

HCE 130 **Medical Assisting:** **Administrative** **Competencies**

4 credits

Offered every spring semester

This course is focused on knowledge necessary to perform medical assistant's administrative duties. The content includes introduction to medical assisting and health profession, ethics, safety, and security in the medical office, integrated administrative procedures, health insurance, medical coding, and billing.

HCE 152 **Laboratory Assisting:** **Overview, Principles and** **Procedures**

4 credits

Offered every fall semester

Prerequisite: HCE 186 with a grade of "C" or higher or concurrent enrollment in HCE 186 or instructor approval

Designed to prepare individuals to enter the health profession as a laboratory assistant. Emphasis is on the role of a laboratory assistant, certification and regulatory agencies, process improvement, laboratory mathematics, documentation, legal implications, specimen integrity, principles and procedures for pre-analytical processing of laboratory specimens. Application of quality assurance, infection control, and laboratory safety. Performing specimen processing, pre-analytical processes, and point of care testing. Performing clerical and computer functions based on medico-legal guidelines for documentation.

HCE 156 **Science for Allied Health**

4 credits

Offered every fall and spring semester

Introduction to biology for the health professions. Includes principles of science, the chemistry of life, cell anatomy and physiology, cellular respiration, cellular reproduction, patterns of inheritance, embryonic development, and human tissues.

HCE 158 **Laboratory Assisting:** **Practicum I**

2 credits

Offered every fall semester

Prerequisite: HCE 152 with a grade of "C" or higher or concurrent enrollment in HCE 152

Practicum in laboratory assisting based in healthcare facilities. Adhering to quality assurance, quality control, infection control, and laboratory safety, students will perform clinical skills for pre-analytical processing of laboratory specimens, initial testing phases, and point-of-care testing using laboratory instrumentation, information systems, and supplies. Performing clerical and computer functions based on medico-legal guidelines for documentation. Student must provide proof of current TB skin test, or a clear chest X-ray, or a statement from a health care provider indicating student is free from symptoms of pulmonary tuberculosis. Student must provide proof of MMR (measles, mumps, & rubella) and Hepatitis B vaccinations.

HCE 159 **Clinical Laboratory** **Operations**

2 credits

Offered every spring semester

Prerequisite: HCE 152

Overview of laboratory services, laboratory professionals, and the role of a clinical laboratory technician. Understanding of health care reform, reimbursement, cost analysis, coding, credentialing, accreditation, and regulatory agencies. Emphasis on process improvement, laboratory mathematics, statistics, documentation, medico-legal implications, education, management and personnel, and specimen integrity. Application of pre-analytical, analytical, and post-analytical principles, infection control, and laboratory safety. Recognition of acceptable quality control and quality management principles, phlebotomy principles, and lab equipment, and water purification. Includes information systems and information management in laboratories. Importance of professional growth, ethical conduct, communicating with the patient and public.

HCE 160 **Medical Assisting: Clinical** **Competencies**

6 credits

Offered every fall semester

Prerequisite: HCE 100 or NUR 100 or concurrent enrollment in HCE 100 or NUR 100

This course is focused on knowledge necessary to perform clinical competencies as a medical assistant. The content includes emergency procedures and first aid, therapeutic approach, integrated clinical procedures, diagnostic procedures, and laboratory procedures.

HCE 170 **Medical Assisting:** **Externship**

4 credits

Offered every spring semester
Prerequisite: HCE 160

Designed to provide for student attainment of the entry-level competencies for medical assistant. Placement in an ambulatory health care setting is required for a minimum of 160 hours. In an actual work situation, students will perform both administrative and clinical competencies. Administrative competencies include perform clerical functions, perform bookkeeping procedures, and prepare special accounting entries. Clinical competencies include fundamental principles, specimen collection, diagnostic testing, and patient care. Transdisciplinary competencies will be integrated in both clinical and administrative areas. These include communication, legal concepts, patient instruction, and operational functions. Student must provide proof of current TB skin test, or a clear chest X-ray, or a statement from a health care provider indicating student is free from symptoms of pulmonary tuberculosis.

HCE 171 **Introduction to Medical** **Pharmacology**

3 credits

Offered every fall and spring semester

This course assists the pharmacy technician student in acquiring the drug knowledge and dispensing skills necessary to satisfy certification requirements and to secure employment as a pharmacy technician. Emphasis is placed on drug classes and the mechanisms of action so that students will understand why certain drugs are prescribed for particular disease states.

HCE 174 **Fundamentals of Pharmacy** **Practice**

2 credits

Offered every fall semester

This course introduces the basic concepts essential for pharmacy technicians. The concepts include: history of pharmacy practice; pharmacy laws and ethics; terminology and abbreviations; routes and dosage formulations; anatomy and physiology; top 20 drugs; community pharmacy operations; community pharmacy calculations; introduction to compounding; institutional pharmacy operations; institutional pharmacy calculations; and introduction to sterile products.

HCE 175 **Sterile Products and** **Compounding**

4 credits

Offered every spring semester

This course introduces the concepts of sterile products, pharmaceutical compounding, and comprehensive review for national certification. It is designed for pharmacy technician students. The content includes introduction to sterile products and compounding; compounding practices and considerations; facilities, garb and equipment; aseptic calculations; properties of sterile products; aseptic technique; sterile product preparations such as total parenteral nutrition (TPN) and chemotherapy; compounding such as capsules, tablets, lozenges, troches, sticks, solutions, suspensions, emulsions, ointments, creams, pastes, and gels; ophthalmic, otic, and nasal preparations; and quality control and assurance. This course also includes a review of content in preparation for the national certification exam.

HCE 176 **Pharmacy Practice for** **Technician**

2 credits

Offered every spring semester
Prerequisite: HCE 174 or concurrent enrollment in HCE 174

Designed to provide for student attainment of the entry-level competencies for Pharmacy Technician. Placement in various pharmacy settings is required. Students will practice a minimum of 60 hours in a pharmacy setting in addition to two hours per week in the lab setting. Students will perform professional pharmacy technician competencies, which may include selecting, counting, and pouring prescription medications; updating patient profiles and preparing prescription labels; assisting with drug purchasing and inventory control; packaging medications in unit-dose or med-card form; mixing intravenous solutions and other specialized medications; and gathering data for pharmacists to use in monitoring drug therapy. Student must be at least 18 years of age, have a high school diploma or GED, and be a U.S. citizen to perform pharmacy technician duties in the actual pharmacy setting. A pharmacy technician trainee license is required prior to placement in pharmacies; instructor will assist student in applying for trainee license. The Arizona State Board of Pharmacy may deny a trainee application if an applicant has had any convictions involving a misdemeanor, felony, or drug-related offense.

HCE 180 **Patient Care Technician**

4 credits

Offered every spring

Prerequisite: NUR 100

This course is focused on patient care services under supervision of an instructor. Students will learn knowledge and skills necessary to perform mid-level nursing care to complex patients and recognize changes in patient conditions. Contents include but are not limited to infection control, sterile technique, wound care, urinary catheterization, venipuncture, EKG application, neurological observation and skills in assisting with physical and occupational therapy. Students must have an active and valid certified nursing assistant certification.

HCE 186 **Phlebotomy and Clinical** **Laboratory**

2 credits

Offered every fall and spring semester

The study of accurate, up-to-date, practical information and instruction in phlebotomy procedures and techniques, along with a comprehensive background in phlebotomy theory and principles. Skill includes drawing blood, obtaining blood cultures, using Lancet or a Microlance for a micro-draw or an infant heel stick, and measuring bleeding time. This course requires successful invasive intravenous draws including ten (10) draws using vacutainer system, five (5) draws using butterfly system, and five (5) finger sticks. Student must provide proof of current TB skin test, or a clear chest X-ray, or a statement from a health care provider indicating student is free from symptoms of pulmonary tuberculosis. Student must provide proof of MMR (measles, mumps, & rubella) and Hepatitis B vaccinations.

HCE 188 **Electrocardiogram**

2 credits

Offered every fall semester

This course is focused on knowledge and skill necessary to perform electrocardiogram (EKG) monitoring duties. The content includes anatomy and physiology of the cardiac, pulmonary, and vascular systems. EKG interpretation technique, equipment, and supplies used in telemetry will be covered.

HCE 189 **Phlebotomy Certification** **Review**

2 credits

Offered every fall and spring semester

Prerequisite: HCE 186 or instructor approval

This course provides comprehensive review of current phlebotomy theory and study plan for phlebotomy licensing or national certification exams. Provides an opportunity for students to test their knowledge and application of current phlebotomy theory. Student must provide proof of current TB skin test, or a clear chest X-ray, or a statement from a health care provider indicating student is free from symptoms of pulmonary tuberculosis. Student must provide proof of MMR (measles, mumps, & rubella) and Hepatitis B vaccinations.

HCE 190 **Human Body in Health and** **Disease**

4 credits

Offered every fall and spring semester

This course encompasses the study of the basic concepts of human biology which includes anatomy, physiology, biochemistry, cytology, histology, pathology and related pharmacology. The contents include the structures and functions of the body, the chemistry of life, cells and tissues, organ systems of the body, mechanisms of disease in various systems of the body including related pharmacology, nutrition and metabolism, fluid and electrolyte balance, acid-base balance, and growth and development. Lab activities will be incorporated into the lectures. They will be designed to support or teach concept. This course is designed to meet the needs of students in a variety of health-related programs.

HCE 225 **Medical Transcription**

3 credits

Offered upon request

This course is designed to give the student a working knowledge of medical terminology and medical report formats used in transcription from taped medical dictation. Recommend keyboarding skills of 40 wpm. Identical to AIS 225.

HCE 240 **Human Pathophysiology**

4 credits

Offered every fall and spring semester

Prerequisite: BIO 202 or concurrent enrollment in BIO 202 or instructor approval

Chemical, biologic, biochemical,

and psychological processes as a foundation for the understanding of alterations in health. The contents include basic concepts of disease process, altered status/growth and development, and pathophysiology of the human body systems. These may provide awareness of possible implications of certain aspects of diseases, current scientific advances, and selected therapeutics.

HCE 241 **Nutrition**

3 credits
Offered every fall and spring semester

Scientific principles of human nutrition. Emphasis on health promotion and concepts for conveying accurate nutrition information in a professional setting. Addresses medical nutrition therapy principles for treatment of common health conditions. Includes exploration of food sources of nutrients, basic metabolism of nutrients in the human body, relationship between diet and other lifestyle factors, use of supplements, current recommendation for food selection throughout the life cycle and use of nutrition tools for planning food intake or assessment of nutritional status.

HCE 258 **Laboratory Assisting: Practicum II**

2 credits
Offered every spring semester
Prerequisite: HCE 158 with a grade of "C" or higher

Continuation of practicum in laboratory assisting. Students will perform with less supervision in clinical skills for pre-analytical processing of laboratory specimens, initial testing phases, adhering to quality assurance, quality control, infection control, and laboratory safety. Students will practice more independently on microbiology and point-of-care testing using laboratory instrumentation, information systems, and supplies. Student must provide proof of current TB skin test, or a clear chest X-ray, or a statement from a health care provider indicating student is free from symptoms of pulmonary tuberculosis. Student must provide proof of MMR (measles, mumps, & rubella) and Hepatitis B vaccinations.

HCE 297

INDUSTRIAL PLANT TECHNOLOGY

IPT 110

Industrial Shop Practices

3 credits

Offered every fall semester

Provides instruction in basic skills needed to work in industrial repair and maintenance shops, emphasizing safe and efficient use of hand and power tools, fine measurement, tool maintenance and sharpening.

IPT 120

Industrial Pump Maintenance and Repair

3 credits

Offered every fall semester

This course covers various types of pumps and their associated piping systems as applied in industrial settings.

IPT 130

Industrial Valve Maintenance and Repair

3 credits

Offered every fall semester

This course covers various types of valves and their associated piping systems as applied in industrial settings.

IPT 140

Bulk Materials Handling

3 credits

Offered every spring semester

This course covers the safe operation, maintenance, and repair of industrial materials handling machinery, including conveyors, feed and discharge devices, screens, and crushers.

IPT 150

Industrial Plant Hydraulics

2 credits

Offered every spring semester
Prerequisite: TEC 112 with a grade of "C" or higher

This course reviews fluid mechanics in an industrial setting, as applied to the operation, maintenance, and repair of specific industrial equipment.

IPT 160

Machinery Maintenance and Troubleshooting

3 credits

Offered every spring semester
Prerequisite: IPT 140 with a grade of "C" or higher or concurrent enrollment in IPT 140

This course teaches systematic methods of identifying causes of mechanical failure and using predictive methods to prevent mechanical failure.

IPT 260

Advanced Machinery Maintenance and Troubleshooting

4 credits

Offered every fall semester
Prerequisite: IPT 160

This course teaches systematic methods of identifying causes of mechanical failure. Course teaches predictive methods to prevent mechanical failure and skills needed to implement and perform preventative maintenance on industrial machinery. Course also covers electrical safety and theory which is geared to plant maintenance personnel.

MACHINE SHOP

MSP 101
Fundamentals of Machine Shop
 2 credits

Offered every fall and spring semester
 Activity/Personal Enrichment

This course teaches the principles of machining and metal cutting using modern machine tools, hand tools, and precision measuring tools. Students will learn to use all of the five basic machine tools, lathe, milling machine, drilling machines, shaper, and precision grinders.

MSP 102
Materials of Industry
 3 credits

Offered every fall semester
 This is a study of metals, ceramics, polymers and other commonly used industrial materials. This course explores the extraction, processing, refinement and utilization of a wide variety of industrial materials.

MSP 104
Machine Shop
 4 credits

Offered every fall semester
 This course directs the student in the use of five basic machine tools: drilling machines, lathe, milling machine, shaper, and precision grinders. Students will

learn to use precision measuring instruments and layout equipment and to machine projects to print dimensions.

MSP 108
Introduction to Oxyacetylene Welding and Metal Fabrication
 3 credits

Offered upon request
 A basic welding and metal fabrication course which stresses theory and application in welding methods including oxyacetylene welding, brazing, cutting, and soldering. Instruction is also given on sheet metal layout and construction. Identical to WLD 108.

MSP 110
Welding
 2 credits

Offered upon request
 This course teaches the principles of arc and oxyacetylene welding, flame cutting, and brazing with emphasis on mastering basic welding techniques.

MSP 115
Blacksmithing and Fabricating
 2 credits

Offered upon request
 Activity/Personal Enrichment
 This is a course in forging, casting, welding, brazing, hot metal forming, heat-treating and layout, and design of metal parts and projects. Students will learn how to perform the tasks required for metal fabricating for the production of completed metal projects.

MSP 123
Precision Measuring Tools
 3 credits

Offered upon request
 This course brings the student to an entry-level competency in measuring tools and includes an introduction to quality control with accuracy, precision, and reliability as main principles.

MSP 201
Machine Tool Methods
 3 credits

Offered spring semester in even-numbered years
 A study of industrial machine tool methods. Includes writing job sheets, estimating machining time, tool and cutter grinding, doing jig bore work, heat-treating, fabricating jigs and fixtures, use of all machines in the shop and final inspection.

MSP 210
Technical Welding
 2 credits

Offered every fall and spring semester
 Activity/Personal Enrichment
Prerequisite: MSP 110 or concurrent enrollment in MSP 110 or instructor approval

This course includes practice in advanced arc welding techniques in all positions. MIG, TIG, plasma arc, pattern burning, and flame cutting equipment are all used. Emphasis is placed on preparing the student to take the AWS welding certification test.

MSP 250
CNC Programming
 4 credits

Offered spring semester in even-numbered years
 A study of the methods of programming computerized numerical controlled machine tools, including continuous path contour planning, use of computer aided manufacturing, software, operating, editing programs and communicating with CNC machines. Using CNC machine tools to produce parts programmed from blueprint specifications.

MSP 260
Pattern Making and Foundry
 2 credits

Offered every spring semester
 This course covers the technology of sand casting for part production and the creation of artistic pieces. It includes industrial pattern making techniques and foundry methods.

MSP 270
Advanced Machine Shop
 5 credits

Offered spring semester in odd-numbered years
 This course promotes advanced skill development in the machine shop along with technical theory of machine tool operations. Computer numerical control machining and some of the more complex machine tool processes are practiced.

MSP 297
Workshop
 1 to 6 credits

Offered upon request
 Activity/Personal Enrichment
 Designed to meet a variety of needs for students in Machine Shop.

MSP 298**Workshop**

1 to 3 credits

Offered upon request
Activity/Personal Enrichment

Designed to meet a variety of needs for students in Machine Shop.

MSP 299**Independent Study**

1 to 4 credits

Offered upon request
Activity/Personal Enrichment

Research, design and execution of original projects under faculty supervision.

MATHEMATICS**MAT 055****Basic Math**

4 credits

Developmental course - does not count for graduation credit
Offered every fall and spring semester

A basic course in mathematics. Topics include arithmetic operations with whole numbers, rational numbers, integers, and decimal numbers; ratio proportion, and percents. Additional topics may include unit conversion, geometry, statistics, variables, simplification, and solving simple equations.

MAT 077**Elementary Algebra**

4 credits

Developmental course - does not count for graduation credit
Offered every fall and spring semester

Prerequisite: MAT 055 or BUS 111 with a grade of "C" or higher or placement test score as established by District policy

An introduction to Algebra. Topics include expressions, linear equations and inequalities with one and two variables, exponents, polynomials, factoring, and rational expressions.

MAT 120**Intermediate Algebra**

4 credits

GE category: AAS degree only
Offered every fall and spring semester

Prerequisite: MAT 077 with a grade of "C" or higher or placement test score as established by District policy

A continuation of Elementary Algebra. Topics include functions, systems of equations, inequalities, quadratics, radicals, and conic sections.

MAT 140**College Mathematics**

3 credits

GE category: Mathematics
Offered every fall and spring semester

Prerequisite: MAT 120 with a grade of "C" or higher or placement test score as established by District policy

Applications of mathematics to real life problems. Quantitative methods including probability, statistics, set theory, and algebra will be used to analyze concepts and applications from business, social sciences, and the physical sciences. Appropriate for students whose major does not require College Algebra or Precalculus.

MAT 154 SUN☼ MAT 1151**College Algebra**

4 credits

GE category: Mathematics
Offered every fall and spring semester

Prerequisite: MAT 120 with a grade of "C" or higher or placement test score as established by District policy

A first course to prepare students for calculus. Topics include functions, graphs, solving equations, zeros of polynomials, exponentials and logarithms, and systems of equations. Additional topics may include conic sections, partial fraction decomposition, matrices, sequence, and series.

MAT 156**Principles of Mathematics I**

3 credits

Offered every fall and spring semester

Prerequisite: MAT 140 or MAT 154 with a grade of "C" or higher or placement test score as established by District policy

Mathematical principles and processes underlying mathematics instruction in grades K-8; problem solving, number theory, systems of whole numbers, integers, rational numbers, real numbers, ratios, decimals, and percents.

MAT 157**Principles of Mathematics II**

3 credits

Offered every fall and spring semester

Prerequisite: MAT 140 or MAT 154 or higher with a grade of "C" or higher or placement test score as established by District policy

Mathematic principles and processes underlying current and evolving programs of mathematics instruction in elementary schools, grades K-8; real numbers, geometry and measurement, statistics and probability.

MAT 160**Introduction to Statistics**

3 credits

GE category: Mathematics
Offered every fall and spring semester

Prerequisite: MAT 140 or MAT 154 or higher with a grade of "C" or higher or placement test score as established by District policy

Introduces statistical methods as applied to collecting, tabulating, analyzing, presenting, and interpreting data. Topics covered include frequency distributions, measures of central tendency, measures of dispersion, elementary probability theory, estimation, hypothesis testing, regression and correlation. A basic course for students in business, behavioral and social sciences. Identical to PSY 220.

MAT 171**Finite Mathematics**

4 credits

GE category: Mathematics
Offered every spring semester
Prerequisite: MAT 154 or higher with a grade of "C" or higher or EAC Placement Test Score of 81 or higher or equivalent

Math for social, life, and management sciences. Topics covered will be applicable to certain business majors (please consult your advisor). Includes systems of equations, set theory, matrices, probability, logic, and other subjects.

MAT 181**Plane Trigonometry**

3 credits

GE category: Mathematics
Offered every fall and spring semester

Prerequisite: MAT 154 with a grade of "C" or higher or concurrent enrollment in MAT 154 or placement test score as established by District policy

Trigonometric functions, identities and equations; development and application of the various formulae for solving triangles, vectors, and complex numbers.

MAT 187**Precalculus**

5 credits

GE category: Mathematics
Offered every fall and spring semester

Prerequisite: MAT 120 with a grade of "B" or higher or placement test score as established by District policy

Topics from college algebra and trigonometry essential to the study of calculus. Includes linear, quadratic, polynomial, rational, exponential, trigonometric functions, conic sections, and

analytic trigonometry. Additional topics may include partial fraction decomposition, nonlinear systems of equations, matrices, DeMoivre's Theorem, vectors, and polar coordinates. May receive credit for only one of the following: MAT 154 or MAT 187.

MAT 210**Elements of Calculus**

4 credits

GE category: Mathematics
Offered every fall and spring semester

Prerequisite: MAT 154 with a grade of "C" or higher or placement test score as established by District policy

Differential and integral calculus of elementary functions with applications to business, economics, and the social sciences. Not open to students who have received a grade of "C" or higher in MAT 220.

MAT 220 SUN☼ MAT 2220**Calculus I**

5 credits

GE category: Mathematics
Offered every fall and spring semester

Prerequisite: MAT 181 with a grade of "C" or higher or MAT 187 with a grade of "C" or higher or placement test score as established by District policy

Real numbers, limits and continuity for functions of a single real variable. Differentiability and applications of the derivative. Introduction to integral calculus and applications of the integral.

MAT 230 SUN☼ MAT 2230**Calculus II**

4 credits

GE category: Mathematics
Offered every fall and spring semester

Prerequisite: MAT 220 with a grade of "C" or higher

Continuation of MAT 220. Transcendental functions, techniques of integration, indeterminate forms, improper integrals, numerical methods, infinite series, conics, and polar coordinates.

MAT 240 SUN☼ MAT 2241**Calculus III**

4 credits

GE category: Mathematics
Offered every fall semester
Prerequisite: MAT 230 with a grade of "C" or higher

Continuation of MAT 230. Vectors, geometry, differentiation, and integration in Euclidean n-space. Line and surface integrals. Theorems of Green, Gauss, and Stokes.

MAT 260 SUNB MAT 2262**Differential Equations**

3 credits

GE category: Mathematics

Offered every spring semester

Prerequisite: MAT 230 with a grade of "C" or higher

Basic concepts, ordinary differential equations of first order, higher order linear equations, variation of parameters, undetermined coefficients. Systems of equations, series solutions and Laplace transform methods.

MAT 298**Workshop**

1 to 3 credits

Offered upon request

Activity/Personal Enrichment

Designed to meet a variety of needs of students in Mathematics.

MAT 299**Independent Study**

1 to 3 credits

Offered upon request

Activity/Personal Enrichment

Design and execution of original projects under faculty supervision.

MEDIA COMMUNICATIONS**MDC 102****Introduction to Media Communications**

3 credits

GE Category: Social Sciences

Offered upon request

Survey of theory, nature, function, and impact of current communication technologies. Includes a review and evaluation of various media and auxiliary industries such as journalism, radio, television, film, recordings, advertising, and public relations. Covers laws and regulations, ethics, and politics related to media communications.

MDC 108**Video Editing for Family History**

2 credits

Offered upon request

An introductory course in video production for the individual who wants to document family history and other personal events. Participants capture home videos and scan photographs or slides to a computer so they can preserve and share these moments with their families. They create a DVD of their completed projects. This course is taught on the PC platform.

MDC 110**Writing and Editing for Media**

3 credits

Offered every spring semester

Writing for print, broadcast, internet and other media projects. Students will learn to write using appropriate grammar and diction for the intended audience.

MDC 112**Scriptwriting**

2 credits

Offered upon request

Writing scripts for teleproductions and other media projects. Students will explore dramatic writing and creating the story for the screen.

MDC 150**Video Production**

3 credits

Offered upon request

An overview of the principles and beginning techniques of video production.

MDC 155**Media Production for the Web**

3 credits

Offered upon request

Introduction digital media production including: reporting, script writing, interviewing, camera work, audio recording, lighting, editing, graphic design for video, video rendering and web video deployment.

MDC 160**Audio Production and Editing**

3 credits

Offered upon request

Course provides an introduction to many aspects of digital audio production. Course teaches basic sound system principles, live sound reinforcement techniques, digital audio recording and editing processes.

MDC 180**Video Editing I**

3 credits

Offered upon request

Course work covers current techniques in non-linear video editing. Students will become familiar with use of computer based editing concepts common to the video editing industry. Students will learn how to author and create a DVD of their completed projects. Students will do research comparisons on equipment and software available for video editing.

MDC 191**Media Practicum I**

1 to 4 credits

Offered every fall semester

Activity/Personal Enrichment

Designed to provide students with supervised work experience in media communications and to integrate students' classroom and practical learning opportunities.

MDC 192**Media Practicum II**

1 to 4 credits

Offered every spring semester

Activity/Personal Enrichment

Designed to provide students with supervised work experience in media communications and to integrate students' classroom and practical learning opportunities.

MDC 210**Introduction to Computer Animation**

2 credits

Offered upon request

Students are introduced to the world of computer animation. Students will learn how to create objects, texture, and animations using one of the industry leading animation programs (MAYA). Students will explore various types of special effects and particle emitters.

MDC 290**Media Communications Capstone Project**

2 credits

Offered every spring semester

Activity/Personal Enrichment

Prerequisite: MDC 112, MDC 150, and MDC 180, or instructor approval

This is an end-of-program capstone project course to allow students the opportunity to create a complete media communications project from start to finish in one of the principal media communications related areas emphasized throughout the degree program: script writing, video production, and/or editing.

MDC 291**Media Practicum III**

1 to 4 credits

Offered every fall semester

Activity/Personal Enrichment

Designed to provide students with supervised work experience in media communications and to integrate students' classroom and practical learning opportunities..

MDC 292**Media Practicum IV**

1 to 4 credits

Offered every spring semester

Activity/Personal Enrichment

Designed to provide students with supervised work experience in media communications and to integrate students' classroom and practical learning opportunities.

MDC 297**Workshop**

1 to 6 credits

Offered upon request

Activity/Personal Enrichment

Designed to meet a variety of needs for students in the Media Communications program.

MINING**MIN 121****Surface Mine Safety Training**

1 to 2 credits

Offered upon request

Offered in Gila County only

This course will meet U.S. Mine Safety and Health Administration requirements for new miner training for individuals, contractors, and mine employees, when used as part of an approved safety training program.

MIN 297**Workshop**

1 to 3 credits

Offered upon request

Offered in Gila County only

Activity/Personal Enrichment

Designed to meet a variety of needs of students in Mining and Industrial Technology.

MIN 299**Independent Study**

1 to 3 credits

Offered upon request

Offered in Gila County only

Activity/Personal Enrichment

Design and execution of original projects under faculty supervision.

MUSIC

General Information For All Private Instruction (Voice, Piano, Instruments)

All private instruction is given on levels of skill determined by the instructor. Course numbers for this instruction begin with the sub-collegiate level, 011 through 015, and range upward to four complete semesters of private college level study.

Length of private lesson is usually one-half hour with some variation by the instructor. There is a private lesson course fee required for private instruction in addition to college tuition.

MUS 011

Private Voice I for Non-Music Majors

1 credit

Developmental course - does not count for graduation credit Offered upon request Activity/Personal Enrichment

Private instruction in voice. A private lesson course fee is required.

MUS 012

Private Piano I for Non-Music Majors

1 credit

Developmental course - does not count for graduation credit Offered upon request Activity/Personal Enrichment

Private instruction in piano techniques. A private lesson course fee is required.

MUS 013

Private Instruments I for Non-Music Majors

1 credit

Developmental course - does not count for graduation credit Offered upon request Activity/Personal Enrichment

Private instruction in band and orchestral instruments: flute, oboe, clarinet, bassoon, horn, saxophone, trumpet, trombone, tuba, baritone, guitar and percussion. Instruction is given on levels of skill determined by the instructor. Numbers for this instruction begin with the sub-collegiate level, 013, and range upward for four complete semesters of private study. (One 30-minute lesson per week earns one hour credit). Participation in semester recital is required. A private lesson course fee is required.

MUS 014

Private Strings I for Non-Music Majors

1 credit

Developmental course - does not count for graduation credit Offered upon request Activity/Personal Enrichment

Private instruction in stringed instruments: violin, viola, violoncello, and contrabass. A private lesson course fee is required.

MUS 020

Elementary Theory

2 credits

Developmental course - does not count for graduation credit Offered every fall semester Activity/Personal Enrichment

A one-semester remedial music theory course designed specifically for music majors who need preparation for MUS 105 Theory I as determined by in-class placement tests.

MUS 040

Introduction to Chamber Ensemble

1 credit

Developmental course - does not count for graduation credit Offered upon request Offered in Gila County only Activity/Personal Enrichment

Study and performance of a wide variety of chamber music repertoire with weekly coaching sessions of string quartets and trios, with piano and in other combinations with other instruments.

MUS 053

Basic Guitar

1 to 3 credits

Developmental course - does not count for graduation credit Offered upon request Offered in Gila County only Activity/Personal Enrichment

This course covers the history, style, and development of playing skill on the guitar.

MUS 101

World of Music

3 credits

GE category: Humanities Offered every fall and spring semester

Prerequisite: ENG 091 with a grade of "C" or higher or reading placement test score as established by District policy

Increases all students' ability to appreciate and enjoy the masterpieces of music of all periods through the study of styles, forms, and composers; attending/discussing concerts, and listening to recordings. Non-technical.

MUS 102

Music Fundamentals

2 credits

Offered every spring semester Activity/Personal Enrichment

Provides the non-music major with a background in music symbols and notation sufficient to begin work in musical learning. May also introduce some music theory.

MUS 105

Music Theory I

3 credits

Offered every fall semester Prerequisite: Prior or concurrent enrollment in MUS 107 required

Basic theory needed for development of musicianship and musical understanding; scales, keys, rhythm, triads, part-writing, cadences, dominant sevenths, secondary dominants, and simple modulations.

MUS 106

Music Theory II

3 credits

Offered every spring semester Prerequisite: MUS 105 with a grade of "C" or higher and prior or concurrent enrollment in MUS 108 required

Continuation of MUS 105.

MUS 107

Aural Perception I

1 credit

Offered every fall semester Prerequisite: Prior or concurrent enrollment in MUS 105 required

Sight singing, ear training, and keyboard harmony.

MUS 108

Aural Perception II

1 credit

Offered every spring semester Prerequisite: Prior or concurrent enrollment in MUS 106 and MUS 107 required

Continuation of MUS 107.

MUS 111

Marching Band I

2 credits

Offered every fall semester Activity/Personal Enrichment

Teaches basic marching fundamentals. Performs for half-time shows at football games, parades, and reviews music and techniques appropriate to various marching styles. Provides pep band music for the basketball season.

MUS 111B

Marching Percussion I

1 credit

Offered every fall semester Activity/Personal Enrichment

Study and preparation of percussion music for the marching band. Class is separate from

marching band and is required for percussion students from the pit and the battery.

MUS 117

Class Instruction in Brass I

1 credit

Offered fall semester in odd-numbered years Activity/Personal Enrichment

Elementary group instruction required of instrumental music majors. Includes skills of teaching brass at the elementary level. Upper brass instruments with emphasis on trumpet and French horn.

MUS 118

Class Instruction in Brass II

1 credit

Offered fall semester in even-numbered years Activity/Personal Enrichment

Includes skills of teaching brass at the elementary level. Lower brass instruments with emphasis on trombone, baritone and tuba.

MUS 119

Class Instruction in Woodwinds I

1 credit

Offered spring semester in even-numbered years Activity/Personal Enrichment

Includes skills in teaching woodwinds at the elementary level. Single reed instruments with emphasis on flute, clarinet, and saxophone.

MUS 120

Class Instruction in Woodwinds II

1 credit

Offered spring semester in odd-numbered years Activity/Personal Enrichment

Includes skills of teaching woodwinds on the elementary level. Covers double reed instruments with emphasis on oboe and bassoon.

MUS 121

Class Instruction in Percussion I

1 credit

Offered every spring semester Activity/Personal Enrichment

Includes skills in teaching percussion at the elementary level. Percussion instruments with emphasis on standard percussion.

MUS 123

Class Instruction in Strings I

1 credit

Offered upon request Activity/Personal Enrichment

Includes skills of teaching strings on elementary level.

Upper stringed instruments with emphasis on violin and viola.

MUS 124
Class Instruction in Strings II

1 credit
Offered upon request
Activity/Personal Enrichment

Includes skills of teaching strings on elementary level. Lower stringed instruments with emphasis on cello and bass.

MUS 125
Jazz Ensemble I

1 credit
Offered every fall and spring semester
Activity/Personal Enrichment

Studies and performs a wide range of popular and jazz literature to develop musicianship. Auditions will be held.

MUS 126
Jazz Ensemble II

1 credit
Offered every fall and spring semester
Activity/Personal Enrichment
Continuation of MUS 125.
Auditions will be held.

MUS 127
Men's Chorus I

1 credit
Offered every fall and spring semester
Activity/Personal Enrichment

Accompanied and a cappella literature of all periods studied and performed. Focus on literature for Fall Sing, Christmas, and Spring Sing concerts. Opportunity for performance in men's choruses.

MUS 128
Men's Chorus II

1 credit
Offered every fall and spring semester
Activity/Personal Enrichment
Continuation of MUS 127.

MUS 129
Women's Chorale I

1 credit
Offered every fall and spring semester
Activity/Personal Enrichment

Accompanied and a cappella women's literature of all periods studied and performed. Focus on music department literature. Focus on literature for Fall Sing, Christmas Concert, Messiah, and Spring Sing concerts.

MUS 130
Women's Chorale II

1 credit
Offered every fall and spring semester
Activity/Personal Enrichment

Accompanied and a cappella women's literature of all periods studied and performed. Focus on music department literature. Focus on literature for Fall Sing, Christmas Concert, Messiah, and Spring Sing concerts.

MUS 133
Symphonic Choir I

1 credit
Offered upon request
Activity/Personal Enrichment

Accompanied and a cappella literature of all periods studied and performed. Focus on literature for Fall Sing, Christmas, and Spring Sing concerts. Opportunity for performance in men's, women's and mixed choruses.

MUS 134
Symphonic Choir II

1 credit
Offered upon request
Activity/Personal Enrichment
Continuation of MUS 133.

MUS 135
Vocal Show Ensemble I

1 credit
Offered every fall and spring semester
Activity/Personal Enrichment

Open to men and women. Study and performance of accompanied and a cappella vocal music, including contemporary pop and jazz songs for various sized groups and voice combinations with choreography as needed. Auditions will be held for EAC's vocal show ensemble, known as "Company."

MUS 136
A Cappella Choir I

2 credits
Offered every fall and spring semester
Activity/Personal Enrichment

Accompanied and a cappella literature of all periods studied and performed. Focus on music department literature. Intended to be the top large vocal ensemble, the touring choir. Focus on literature for Fall Sing, Christmas Concert, Messiah, Tour, and Spring Sing concerts. Auditions will be held.

MUS 137
A Cappella Choir II

2 credits
Offered every fall and spring semester
Activity/Personal Enrichment
Continuation of MUS 136.
Auditions will be held.

MUS 139
Vocal Show Ensemble II

1 credit
Offered every fall and spring semester
Activity/Personal Enrichment

Continuation of MUS 135. Study and performance of accompanied and a cappella vocal music, including contemporary pop and jazz songs for various sized groups and voice combinations with choreography as needed. Auditions will be held for EAC's vocal show ensemble, known as "Company."

MUS 140
Chamber Ensemble I

1 credit
Offered every fall and spring semester
Activity/Personal Enrichment

Study and performance of a wide variety of chamber music repertoire with weekly coaching sessions of string quartets and trios, with piano and in other combinations with other instruments. Auditions will be held.

MUS 141
Chamber Ensemble II

1 credit
Offered every fall and spring semester
Activity/Personal Enrichment
Continuation of MUS 140.
Auditions will be held.

MUS 142
Symphonic Band I

2 credits
Offered every spring semester
Activity/Personal Enrichment
Open for membership without audition to students from any major field of study as well as faculty and community members. This ensemble is also an outstanding forum for music majors to refine skills on primary or secondary instruments. Required for instrumental music majors.

MUS 143
Symphonic Band II

2 credits
Offered every spring semester
Activity/Personal Enrichment
Continuation of MUS 142.

MUS 145
Mallet Ensemble I

1 credit
Offered every fall and spring semester
Activity/Personal Enrichment

Study and performance of a wide variety of mallet music repertoire.

MUS 146
Mallet Ensemble II

1 credit
Offered every fall and spring semester
Activity/Personal Enrichment
Study and performance of a wide variety of mallet music repertoire.

MUS 151
Symphony Orchestra I

1 credit
Offered every fall and spring semester
Activity/Personal Enrichment
Studies and performs a wide selection of symphonic literature. Orchestra prepares concerts for public performances and provides accompaniment for music performances. Auditions will be held.

MUS 152
Symphony Orchestra II

1 credit
Offered every fall and spring semester
Activity/Personal Enrichment
Continuation of MUS 151. Auditions will be held.

MUS 153
Beginning Guitar

2 credits
Offered upon request
Activity/Personal Enrichment
Covers the history, style, and development of playing skill on the guitar.

MUS 155
Class Piano I for Music Majors

1 credit
Offered every fall and spring semester
Activity/Personal Enrichment
Fundamentals of piano for the music major. The course will encourage improvement of certain, defined piano skills to enhance performance and musicianship.

MUS 156
Class Piano II for Music Majors

1 credit
Offered every fall and spring semester
Activity/Personal Enrichment
Fundamentals of piano for the music major. The course will encourage improvement of certain, defined piano skills to enhance performance and musicianship.

MUS 157**Chamber Orchestra I**

1 credit

*Offered every fall and spring semester**Activity/Personal Enrichment*

This course is dedicated to providing musical and educational opportunity to study and perform a wide selection of chamber or small orchestra literature. This orchestra prepares concerts for public performances and provides accompaniment for musical theatre performances.

MUS 158**Chamber Orchestra II**

1 credit

*Offered every fall and spring semester**Activity/Personal Enrichment*

Continuation of MUS 157.

MUS 161**Private Voice II**

1 credit

*Offered upon request**Activity/Personal Enrichment*

Private instruction in proper singing techniques using art song literature. A private lesson course fee is required.

MUS 162**Private Voice III**

1 credit

*Offered upon request**Activity/Personal Enrichment*

Continuation of MUS 161. A private lesson course fee is required.

MUS 165**Class Piano for Non-Music Majors**

1 credit

*Offered every fall and spring semester**Activity/Personal Enrichment*

Class instruction of piano keyboard repertoire, technical skills, and keyboard theory commensurate with student's level of achievement. May be taken four times for credit.

MUS 171**Private Piano II**

1 credit

*Offered upon request**Activity/Personal Enrichment*

Private instruction on the piano. All private instruction is given on levels of skill determined by the instructor. Numbers for this instruction begin with the sub-collegiate level, 012, and range upward to four complete semesters of private study. (One lesson per week earns one hour credit.) Participation in semester recitals and/or juries is required. A private lesson course fee is required.

MUS 172**Private Piano III**

1 credit

*Offered upon request**Activity/Personal Enrichment*

Private instruction on the piano. All private instruction is given on levels of skill determined by the instructor. Numbers for this instruction begin with the sub-collegiate level, 012, and range upward to four complete semesters of private study. (One lesson per week earns one hour credit.) Participation in semester recitals and/or juries is required. A private lesson course fee is required.

MUS 181**Private Instruments II**

1 credit

*Offered upon request**Activity/Personal Enrichment*

Private instruction in band and orchestral instruments: flute, oboe, clarinet, bassoon, horn, saxophone, trumpet, trombone, tuba, baritone, guitar and percussion. A private lesson course fee is required.

MUS 182**Private Instruments III**

1 credit

*Offered upon request**Activity/Personal Enrichment*

Continuation of MUS 181. A private lesson course fee is required.

MUS 183**Private Strings II**

1 credit

*Offered upon request**Activity/Personal Enrichment*

Private instruction in stringed instruments: violin, viola, violoncello, and contrabass. All private instruction is given on levels of skill determined by the instructor. Numbers for this instruction begin with the sub-collegiate level, MUS 014 and range upward to four complete semesters of private study. (One lesson per week earns one hour credit.) Participation in semester recitals and/or juries required. A private lesson course fee is required.

MUS 184**Private Strings III**

1 credit

*Offered upon request**Activity/Personal Enrichment*

Continuation of MUS 183. Private instruction in stringed instruments: violin, viola, violoncello, and contrabass. All private instruction is given on levels of skill determined by the instructor. Numbers for this instruction begin with the sub-collegiate level, MUS 014 and range upward to four complete semesters of private

study. (One lesson per week earns one hour credit.) Participation in semester recitals and/or juries required. A private lesson course fee is required.

MUS 190**Vocal Jazz Ensemble I**

1 credit

*Offered every fall and spring semester**Activity/Personal Enrichment*

Designed to meet the need for a small vocal ensemble that can travel and present entertaining variety shows of a professional nature, in the local community and around the state. A variety of pop musical styles will be studied and performed. Auditions will be held.

MUS 191**Vocal Jazz Ensemble II**

1 credit

*Offered every fall and spring semester**Activity/Personal Enrichment*

Continuation of MUS 190. Auditions will be held.

MUS 203**Music Notation/Finale**

2 credits

*Offered upon request**Activity/Personal Enrichment*

This course covers the basic techniques of using Finale, a professional-level computer music notation program. Basic knowledge of music theory and computer literacy are recommended.

MUS 204**Elements of Conducting**

2 credits

Offered every spring

Fundamentals and essentials of conducting and rehearsal techniques used by both choral and instrumental conductors.

MUS 205**Music Theory III**

3 credits

Offered every fall semester

Prerequisites: MUS 106, MUS 108, and concurrent enrollment in MUS 212 required

Diatonic and chromatic harmony writing and analysis including 20th century techniques.

MUS 206**Music Theory IV**

3 credits

Offered every spring semester

Prerequisites: MUS 205, MUS 212 and concurrent enrollment in MUS 213 required

Continuation of MUS 205.

MUS 211**Marching Band II**

2 credits

*Offered every fall semester**Activity/Personal Enrichment**Prerequisite: MUS 111*

Teaches basic marching fundamentals. Performs for half-time shows at football games, parades, and reviews music and techniques appropriate to various marching styles. Provides pep band music for the basketball season.

NURSING

NUR 100 **Nursing Assistant**

6 credits
Offered every fall and spring semester

A course designed to prepare individuals for entry-level positions as nursing assistants in structured health care settings directly supervised by a registered or licensed practical nurse. Successful completion of the certification written and manual skills exams will lead to a certification as a Certified Nursing Assistant (CNA) through the Arizona State Board of Nursing. Students must take NUR 100G concurrently with this course. The Nurse Practice Act authorizes the Arizona Board of Nursing to deny licensure/certification based on felony conviction(s). Fingerprints are required in order for DPS/FBI to conduct background checks for criminal convictions. Student must provide proof of current TB skin test, or a clear chest X-ray, or a statement from a health care provider indicating student is free

from symptoms of pulmonary tuberculosis. Student must provide proof of MMR (measles, mumps, & rubella) and Hepatitis B vaccinations.

NUR 103 **Certified Medication Assistant**

5 credits
Offered upon request

Prerequisite: Must have worked as a CNA at least 6 months, have no outstanding complaints or restrictions on CNA certification; Must be at least 18 years of age at the start of the class; Must have passed a screening math and reading comprehension test. (COMPASS assessment test score of 60 or higher); Must have earned a high school diploma, GED, U.S. College or U.S. military credits, or 12 years of education in a foreign country; Must present proof of current DPS Fingerprint Clearance; Must present proof of TB immunization or chest x-ray; and Must present proof of rubella and rubeola immunization. The prospective student will submit documentation of the prerequisites with the completed Proof of Prerequisites Form to the Records and Registration Office prior to registration.

This course provides basic background information and routine procedures that are essential for the safe administration of select medications by experienced Certified Nursing Assistants (CNA) in a long-term care facility under the supervision of a licensed nurse. Content includes basic principles of medication administration, simple calculations, and categories of medications. Upon successful completion of this course, students are eligible to take the written and manual skills certification exams administered by the Arizona State Board of Nursing (AZBN). Passing of both written and manual skills exams will meet the qualifications to become a Certified Medication Assistant (CMA).

NUR 105 **Road Trip to Success in Nursing School**

TEC 171**Renewable Energy Technology****2 credits***Offered every fall semester*

This course provides an introduction to renewable and alternative energy technology. Students will learn the following aspects of renewable energy: history, conservation, climate change, passive and active solar systems, wood heat, wind energy, micro-hydro electricity, and bio-fuels.

TEC 172**Photovoltaic Design and Application****2 credits***Offered every fall semester*

This course provides an introduction into the science of active solar energy, converting sunlight into electricity. Students will learn the following aspects of photovoltaic energy: history, basic electricity, solar energy, conversion factors, wiring, site design, installation, and maintenance.

TEC 173**Passive Solar Design and Application****2 credits***Offered every spring semester*

This course provides an introduction into the technology and application of passive solar energy as a renewable and energy efficient form of construction. Students will learn the following aspects of passive solar energy providing heating and cooling: types of solar collectors, water system components, space heating systems, site and sizing criteria, installation procedures, operation and maintenance.

TEC 174**Wind Turbine Design and Application****2 credits***Offered every spring semester*

This course provides an introduction into the science of small wind turbine derived energy, converting wind into electricity. Students will learn the following aspects of small wind turbine energy: history, basic electricity, climate and weather energy, conversion factors, wiring, site analysis, site design, installation, and maintenance. Small wind turbines have <100kw generation capacity.

TEC 175**Introduction to Weatherization****1 credit***Offered upon request*

This course prepares students to assess and implement weatherization tactics in order to protect buildings or homes and its interior from the elements.

TEC 176**Building Energy Analyst Training****5 credits***Offered upon request*

This course prepares student to test for Building Performance Institute (BPI) Building Analyst Certification.

TEC 191**Industry Internship I****1 to 4 credits***Offered every fall semester
Activity/Personal Enrichment*

WELDING

WLD 101 **Welding**

2 to 3 credits
Offered every fall and spring semester
This course teaches principles of arc and oxyacetylene welding, flame cutting, and brazing with emphasis on mastering basic welding techniques.

WLD 108 **Oxyacetylene Welding and** **Metal Fabrication**

3 credits
Offered every fall semester
A basic welding and metal fabrication course which stresses theory and application in welding methods including oxyacetylene welding, brazing, cutting, and soldering. Instruction is also given on sheet metal layout and construction. Identical to MSP 108.

WLD 111 **Arc Welding**

3 credits
Offered upon request
Activity/Personal Enrichment
Arc welding machines, their use and care; flat, vertical, overhead welding will be covered using various types of electrodes. Welding safety and basic electrical principles will be covered.

WLD 114 **Advanced Arc Welding**

3 credits
Offered upon request
Activity/Personal Enrichment
Advanced welding techniques on the basic positions. Introduction to other electronic welding processes with destructive and nondestructive testing.

WLD 124 **MIG Welding**

3 credits
Offered every fall and spring semester
Activity/Personal Enrichment
The basic principles of inert gas welding using a MIG welder. Basic skills will be developed using a MIG welder on a variety of materials.

WLD 126 **TIG Welding**

3 credits
Offered every fall and spring semester
Activity/Personal Enrichment
The basic principles of inert gas welding using a TIG welder. Basic skills will be developed using a TIG welder on a variety of materials and all positions.

WLD 201 **Repair Welding and** **Fabrication**

3 credits
Offered spring semester in odd-numbered years
Prerequisite: WLD 101 with a grade of "C" or higher
This course covers the safe and efficient use of welding tools and techniques to repair and maintain industrial machinery. The course emphasizes the fabrication of guards and brackets, welding of dissimilar metals, structural welding, out-of-position welding, MIG welding, SMAW welding, air arc welding, various grinding and cutting tools, shears, breaks, and rollers.

WLD 211 **Pipe Welding**

3 credits
Offered spring semester in even-numbered years
Prerequisite: WLD 101 or WLD 108 or instructor permission
This course provides skill development in advanced arc welding techniques in all positions. In this course student will use TIG, GMAW, plasma and flame cutting equipment. This course places an emphasis on preparing the student to take the AWS welding certification test.

WLD 260 **Flux Cored Arc and Gas** **Metal Arc Welding**

3 credits
Offered every spring semester
Prerequisite: WLD 101 and WLD 108, or instructor approval
This course teaches flux cored arc welding (FCAW) and gas metal arc welding (GMAW) principles and techniques. Course includes metal preparation processes, equipment set-up, and welding techniques related to different metal types and welding positions. This course helps prepare students for American Welding Society (AWS) entry-level certifications.

WLD 270
Technical Welding

3 credits

Offered every spring semester
Prerequisite: WLD 101 or WLD 108
or instructor permission

This course teaches welding processes as used in modern industry. Course provides instruction in and experience with all major welding processes with emphasis on proper welding techniques to ensure students understand industry requirements. This course places an emphasis on preparing the student to take the AWS welding certification test.

WLD 290
Welding Certification

1/2 to 1 credit

Offered every fall and spring semester

Activity/Personal Enrichment

This course is the practical application of previously learned practices and theories, and is designed to prepare an individual for AWS and other certifications.

WLD 297
Workshop

1 to 6 credits

Offered upon request

Activity/Personal Enrichment

Designed to meet a variety of needs for students in Welding Technology.

WLD 298
Workshop

1 to 3 credits

Offered upon request

Activity/Personal Enrichment

Designed to meet a variety of needs for students in Welding Technology.

WLD 299
Independent Study

1 to 4 credits

ACCOMMODATION FOR STUDENTS WITH DISABILITIES

Eastern Arizona College will provide students with disabilities, who meet eligibility requirements, reasonable and appropriate accommodations to participate in the educational experiences offered by the College. Services may include tutorial assistance, readers, signers, note taking assistance, Braille or taped text, electronic formatted materials, accessibility provisions, modifications to classrooms and other facilities, modifications to testing procedures, and other accommodations determined to be appropriate.

Students seeking an accommodation should contact the Counseling Office at Eastern Arizona College, 615 North Stadium Avenue, Thatcher, Arizona 85552, telephone (928) 428-8425, to specify the nature of the accommodation requested. The college will respond to specific student requests for accommodation or auxiliary aids and services in a prompt and reasonable fashion. It is the responsibility of the student to inform the College at the address or by telephone specified above of his/her acceptance of an accommodation plan and to schedule a meeting with staff to begin implementation of a plan.

Reasonable accommodation shall not be construed as a guarantee of student success. Rather, reasonable accommodation provides the opportunity to participate. Reasonable accommodation is not in any way intended to devalue the end educational product.

ACADEMIC ADJUSTMENTS AND REASONABLE ACCOMMODATIONS FOR STUDENTS WITH COGNITIVE DEVELOPMENT DISORDERS

Students requesting an accommodation to address cognitive development disorders must:

1. Have been admitted to Eastern Arizona College,
2. Provide Eastern Arizona College with psycho-educational, psychological, psychiatric, or other appropriate diagnostic evaluation(s), as requested, to document the nature and extent of the disability. This documentation must:
 - a. Include a psychoeducational evaluation that has been accomplished within the parameters of the diagnostic criteria established by the Diagnostic and Statistical Manual of Mental Disorders-IV, hereinafter referred to as the DSM-IV, and
 - b. Include evidence that the evaluator has the appropriate qualifications and credentials for her/him to offer a diagnostic determination within the parameters of the diagnostic criteria for Cognitive Development Disorders established by the DSM-IV, and
 - c. Be on file in the student's permanent record before the student receives accommodation services.

ACADEMIC ADJUSTMENTS AND REASONABLE ACCOMMODATIONS FOR STUDENTS WITH OTHER DISABILITIES

Students requesting an accommodation to provide an academic adjustment or barrier free access must:

1. Have been admitted to Eastern Arizona College,
2. Provide Eastern Arizona College with an evaluation or medical information certifying the disability, and
3. Include evidence that the evaluator has the professional credentials and or specialized training, which qualifies her/him to offer a diagnostic determination.

COLLEGE FINANCIAL CONDITION

Students desiring information concerning Eastern Arizona College's financial condition may obtain this information from the Fiscal Control Office.

DISCLOSURE OF GRADUATION RATES

Students desiring information concerning Eastern Arizona College's graduation rates and transfer-out rates under the Student Right to Know Act, Public Law 101-542, may obtain this information from the Institutional Research Office.

EEO/AFFIRMATIVE ACTION

Graham County Community College District does not discriminate in admission or access to, or treatment or employment in, its programs and activities on the basis of race, creed, color or national origin, sex, disability or age. You may contact the District EEO/ADA Coordinator at (928) 428-8915, fax (928) 428-2578, mail – Eastern Arizona College, 615 North Stadium Avenue, Thatcher, Arizona 85552-0769; or at the Student Services Building, Office 221.

EQUITY IN ATHLETICS

Students desiring information concerning Eastern Arizona College's intercollegiate athletic programs under the Equity in Athletics Disclosure Act of 1994, Section 360B of Publication L. 103-382, may obtain this information from the Institutional Research Office.

FACILITIES

Eastern Arizona College takes pride in having clean, safe, and up-to-date classrooms, laboratories, and performance areas. Specific inquiries about facilities should be addressed to the Admissions Office.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Family Educational Rights and Privacy Act (FERPA) affords you certain rights with respect to your education records. They are:

1. The right to inspect and review your education records within 45 days of the day the College receives a request for access. Submit to the registrar, dean, head of the academic division or department, or other appropriate official, a written request that identifies the record(s) you wish to inspect. The College official will make arrangements for access and notify you of the time and place where the records may be inspected. If the records are not maintained by the College official to whom the request was submitted, that official shall advise you of the correct official to whom your request should be addressed.
2. The right to request the amendment of your education records that you believe are inaccurate or misleading. You may ask the College to amend a record that you believe is inaccurate or misleading. You should write the College official responsible for the record, clearly identifying the part of the record you want changed, and specify why it is inaccurate or misleading. If the College decides not to amend the record as you request, the College will notify you of the decision and advise you of your right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to you when you are notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in your education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure

to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel; a person or company with whom the College has contracted such as an attorney, auditor, or collection agent); a person serving on the Governing Board; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:
Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC, 20202-4605

The College hereby designates the following categories of student information as public or "Directory Information." Such information may be disclosed by the institution for any purpose, at its discretion.

- Category I: Name, address, telephone number, email address, dates of attendance, class, and picture.
- Category II: Previous institutions attended, major fields of study, awards, honors (includes Dean's List), degrees conferred (including dates).
- Category III: Past and present participation in officially recognized sports and activities, physical factors (height, weight of athletes), date and place of birth.

You may withhold disclosure of any category of information under the Family Educational Rights and Privacy Act of 1974, as amended. To withhold disclosure, written notification must be received in the Records and Registration Office prior to the last day of registration as stated in the College Catalog. Forms requesting the withholding of Directory Information are available in the Records and Registration Office. The College assumes that the failure of any student to specifically request the withholding of categories of "Directory Information" indicates individual approval for disclosure.

Parents or guardians may have access to the education records of a dependent student defined in the Internal Revenue Code of 1954, Section 152, as evidenced by a notarized affidavit stating that the student is a dependent for income tax purposes, or other documentation as may be separately approved by the registrar, on a case-by-case basis.

A Directory of Records which lists all education records maintained on students by the College is available at the Records and Registration Office. Questions concerning the Family Educational Rights and Privacy Act may be referred to that office.

NOTIFICATION OF OCCUPATIONAL OPPORTUNITIES

Graham County Community College District informs students, parents, employees and the general public that we provide an equal opportunity occupational education program. All courses, services and activities are offered without regard to race, creed, color or national origin, sex, disability, or age.

Limited English speaking skills will not be a barrier to admission or participation in occupational educational programs. Admissions to Graham County Community College District must meet the criteria as published in the College catalog.

POLICY FOR REPAYMENT OF TITLE IV FEDERAL STUDENT AID

Federal Regulations regarding repayment of federal financial aid have changed the formula for calculating the amount of aid a student and school may retain when a student withdraws. Students who withdraw from ALL classes prior to completing more than 60% of an enrollment

term will have their eligibility for federal aid recalculated based on the percentage of the term completed, which shall be calculated as follows:

$$\frac{\text{Number of Days Completed by Student}}{\text{Total Number of Days in Term}}$$

The total number of calendar days in a term excludes any scheduled breaks of more than five (5) days.

Unearned federal aid (the amount that must be returned to the appropriate program) will be returned in the following order: Federal Pell Grant, then Federal Supplemental Educational Opportunity Grant (FSEOG), and then Federal Academic Competitiveness Grant. Any wages earned under the Federal Work Study Program are exempt from this policy.

Please note that students are responsible for any balance owed to Eastern Arizona College as a result of the repayment of federal aid funds.

The student must repay or make satisfactory arrangements, with the Department of Education, to repay within 45 days of Eastern Arizona College's notification of overpayment of federal funds (or lose Title IV eligibility).

We recommend that you try to complete at least one class, if possible, to avoid any financial hardship imposed by this new regulation. However, if you do withdraw, it is important that you understand your obligations.

PROGRAM TO PREVENT ILLICIT USE OF DRUGS AND ABUSE OF ALCOHOL BY EMPLOYEES AND STUDENTS

I. Introduction and Purpose

The adoption by Congress of the Drug-Free Schools and Communities Act Amendments of 1989 (Public Law 101-226) requires federal contractors and grantees to certify that they will provide a drug-free school. As a recipient of federal grants, the District must adopt a program toward accomplishing this goal. While federal legislation has been the impetus for creation of the program, the District recognizes that substance abuse is a problem of national proportions that also affects Eastern Arizona College. Based upon that concern, it is intended that this program for prevention of alcohol and drug abuse on our campuses will go beyond the strict dictates of the law and will serve as a comprehensive educational and resource tool.

Arizona voters recently approved the Arizona Medical Marijuana Act (Proposition 203), which has legalized the use and possession of medical marijuana by certain individuals. The Act does not allow any person to use or possess marijuana in public. Additionally, it does not require employers to allow any employee to use or possess marijuana at work, nor to be under the influence of marijuana at work. Accordingly, the College will continue to prohibit the use and possession of all controlled substances (including marijuana) by students and employees on College property, and will continue to prohibit employees from working while under the influence of marijuana.

To this end the Graham County Community College District Governing Board has developed policies to:

- A. Ensure that the Eastern Arizona College working and learning environment for students, employees and the public is safe, orderly and free of illegal activity.
- B. Comply with the Drug Free School and Communities Act of 1989 (PL 101-26), the Drug Free Workplace Act of 1988 (PL 100-690, Title IV, Subtitle D) and other relevant substance abuse laws.
- C. Provide students with access to appropriate treatment and rehabilitation assistance for problems associated with substance use or abuse.

REF: GCCCD Policy #4710 and Regulation #4710.01 which specify for employees the standards of conduct and consequences of violation, and Regulation #5800.01 which specifies for students the standards of conduct and consequences of violation in relation to drug and alcohol use.

II. Standards of Conduct

The above referenced policies spelled out in detail in the Eastern Arizona College General Catalog, state clearly that:

- A. The manufacture, distribution, dispensing, possession or use of a controlled substance by any person on District property or as part of any

of the District's activities is prohibited.

- B. A "controlled substance" is defined as an illegal drug, a legal drug used in excess of recommended dosage, an alcoholic beverage and/or any other mind altering substance. Marijuana, even when employed for a medical use, is considered to be a "controlled substance" under this Section.
- C. Employees are prohibited from ingesting any controlled substance at work and from being at work while under the influence of any controlled substance. For the purpose of this Section, the College will not consider an employee who is a "registered qualifying patient" within the meaning of the Arizona Medical Marijuana Act to be under the influence of marijuana *solely* because of the presence of marijuana metabolites.

III. Sanctions for Violation of Standards of Conduct

Disciplinary actions include, but are not limited to:

- A. Termination of Enrollment/Employment within the District,
- B. Requirement to participate satisfactorily in a substance abuse assistance or rehabilitation program, or
- C. Other enrollment/employment restrictions or stipulations, or combination of enrollment/employment restrictions or stipulations.

IV. Legal Consequences of Alcohol Abuse & Illicit Drugs Use

A. Laws Governing Alcohol

The State of Arizona sets twenty-one as the "legal drinking age." An underage person who buys, receives, possesses or consumes alcoholic beverages is guilty of a misdemeanor and may be subject to a fine and imprisonment for up to six months. The Uniform Act Regulating Traffic on Highways prohibits driving while under the influence of intoxicating liquor or drugs (DUI). Drivers charged with DUI who refuse to be tested face suspension of their licenses or permits to drive for 12 months. A driver whose test results show a blood or breath alcohol concentration of 0.08 or more will have his/her license or permit to drive suspended or denied for not less than 90 consecutive days. The punishment for DUI ranges from not less than 10 days in jail and a fine of not less than \$250 for a first offense to a minimum of 90 days in jail and revocation of the driver's license for one year upon a second offense.

B. Laws Governing the Use of Drugs

Federal Laws: The Federal Comprehensive Drug Abuse Prevention and Control Act prohibits the possession, sale and trafficking of controlled substances. The Omnibus Drug Act of 1988 allows the following penalties for conviction of possession of illegal drugs: civil fines up to \$10,000; forfeiture of cars, boats, or planes conveying the substance; loss of public housing; the loss of all federal benefits including student loans and grants.

Arizona Laws:

- a. Title Thirteen, Chapter 34 of the Arizona Revised Statutes lists drug offenses and their penalties. Following is a list of drugs which are frequently misused with a description of the potential penalties attached to a conviction.
- Marijuana: First offense for possession or use of marijuana in an amount of less than one pound constitutes a Class 6 felony and carries a possible prison term of one and one-half years and a fine of not less than \$750. The sale of marijuana in an amount of less than one pound carries a prison sentence of four years and a fine of at least \$750.
 - LSD: Possession, use and sale of LSD are felonies carrying sentences from four to five years and fines of not less than \$1,000.
 - Heroin and Cocaine: Use and sale of heroin and cocaine are felonies carrying sentences from four to seven years and a fine of not less than \$2,000.
- b. Title 36, Chapters 28.1 of the Arizona Revised Statutes codifies the Arizona Medical Marijuana Act, which protects certain individuals from prosecution for the medical use of marijuana. Among other things, the Act:
- Does not authorize any person to smoke marijuana in any public place.
 - Does not require an employer to allow any employee to use, possess, or be under the influence of marijuana at

work or during work hours.

- Does not require any person or establishment in lawful possession of property to allow a guest, client, customer or other visitor to use marijuana on or in that property.
- Does not authorize any person to undertake any task under the influence of marijuana that would constitute negligence or professional malpractice.

V. Health Risks Associated with the Use of Illicit Drugs and the Abuse of Alcohol

A. Illicit Drug Use: Controlled substances subject to illicit use are divided into several broad categories:

- Narcotics (Morphine, Opium, Heroin) are highly addictive. The effects of their use generally leads to feelings of euphoria, drowsiness, respiratory depression, constricted pupils, and nausea. Overdose is characterized by slow and shallow breathing, clammy skin, convulsions, coma, and possible death.
- Depressants (Barbiturates, Chloral Hydrate, Quaalude) are moderately to highly addictive. Effects include slurred speech, disorientation, and drunken behavior without the odor of alcohol. Overdose results in shallow respiration, clammy skin, dilated pupils, weak and rapid pulse, coma, and possible death.
- Stimulants (Cocaine, Amphetamine) are not known to be physically addictive but create a high psychological dependence. Effects of use are increased alertness, excitation, euphoria, increased pulse rate and blood pressure, insomnia, and loss of appetite. An overdose can lead to agitation, increase in body temperature, hallucinations, convulsions, and possible death.
- Hallucinogens (LSD, Mescaline and Peyote, TCP) are not known to be addictive. The effects of use include illusions and hallucinations, and poor perception of time and distance. Overdose causes longer, more intense "trip episodes," psychosis, and possible death.
- Cannabis (Marijuana, Hashish) is moderately psychologically addictive. Effects include euphoria, relaxed inhibitions, increased appetite, and disoriented behavior. Overdose results in extreme fatigue, paranoia and possible psychosis.

B. Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition can also lead to permanent damage to vital organs such as the brain and the liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.

VI. Drug or Alcohol Counseling, Treatment, Rehabilitation or Re-entry Programs That are Available to Employees or Students

Eastern Arizona College does not provide direct drug or alcohol counseling, treatment or rehabilitation services. Students or employees with concerns related to the use/abuse of drugs or alcohol are encouraged to meet with a member of the Counseling staff on the Thatcher Campus for confidential consultation and referral. Counseling staff are located in the Student Services Building on Stadium Avenue on the Thatcher Campus. Appointments can be made by calling (928) 428-8253. Arizona State Prison inmates are encouraged to contact

the Program Supervisor at their institutions. Inmates at the Federal Correctional Institution (Swift Trail) should contact the FCI Psychology Department.

Direct contact with organizations or individuals providing drug or alcohol counseling, treatment or rehabilitation services can be made by students or employees depending on location:

- Graham County, Southeastern Arizona Behavioral Health Services (SEABHS), Safford: (928) 428-4550
- Greenlee County, Southeastern Arizona Behavioral Health Services (SEABHS), Clifton: (928) 865-4531

VII. Confidentiality

This Program is not intended to create obligations or restrictions that may interfere with the confidential nature of counseling, clinical or therapeutic relationships. Confidentiality will be maintained in accordance with state and federal laws, including the Arizonans with Disabilities Act and the Americans with Disabilities Act.

residency

For tuition purposes, your residence is determined according to statutory law (A.R.S. §15-1801 et.seq.) and regulations and precedents established previously by the State Community College Board (R7-1-304 and R7-1-305). These are subject to change by statute or State Board regulations.

Your residency status must be determined before you register and pay fees. It is your responsibility to register under the correct residency. Your residency status will not change automatically. Proper documentation must be filed with the Records and Registration Office for review and approval before your residency status will be changed. Requests for change in residency status must be made before registration. A change in residency classification will not take effect until the next registration following the change in status. Residency changes are not retroactive.

In determining your residency classification, we may consider all evidence, written or oral, presented by you and any other relevant information received from any other source. We may request a written sworn statement from you.

In addition to documentation for in-state residency status, Arizona residents must also provide evidence of citizenship or legal immigration status in order to be charged in-state tuition as per Proposition 300 which was passed by Arizona voters in 2006. You can find a list of appropriate documentation at www.eac.edu/prop300.

If we classify you as a non-resident for tuition purposes and you disagree, you may request a review by a Residency Review Committee. Your request must be written, signed by you, and accompanied by a sworn statement of all facts relative to the matter. You must file your request for review with the Registrar of the College within ten days of the time you receive notification from us of your classification as a non-resident. If you don't properly file a request within this ten-day period, you waive review for the current enrollment period. You will receive written notice of the date, time and place of the Residency Review Committee meeting and you have the right to appear and be represented by the advisor of your choice and at your expense. You or your advisor, but not both, may examine and cross-examine witnesses and summarize the evidence. The decision of the Residency Review Committee is final.

In accordance with state regulation we have published below Arizona Revised Statute §15-1802 and the definitions provided in A.R.S. §15-1801.

ARIZONA REVISED STATUTE §15-1801 DEFINITIONS

Armed forces of the United States means the army, the navy, the air force, the marine corps, the coast guard, the commissioned corps of the United States public health services, the national oceanographic and atmospheric administration, the national guard and any military reserve unit of any branch of the armed forces of the United States.

Continuous attendance means enrollment at an educational institution in this state as a full-time student, as such term is defined by the governing body of the educational institution, for a normal academic year since the beginning of the period for which continuous attendance is claimed. Such person need not attend summer sessions or any other intersession beyond the normal academic year in order to maintain continuous attendance.

Domicile means a person's true, fixed and permanent home and place of habitation. It is the place where he intends to remain and to which he expects to return when he leaves without intending to establish a new domicile elsewhere.

Emancipated person means a person who is neither under a legal duty of service to his parent nor entitled to the support of such parent under the laws of this state.

Parent means a person's father or mother, or if one parent has custody, that parent, or if there is no surviving parent or the whereabouts of the parents are unknown, then a guardian of an unemancipated person if there are not circumstances indicating that such guardianship was created primarily for the purpose of conferring the status of an in-state student on such unemancipated person.

ARIZONA REVISED STATUTE §15-1802 IN-STATE STUDENT STATUS

1. Except as otherwise provided in this article, no person having a domicile elsewhere than in this state is eligible for classification as an in-state student for tuition purposes.
2. A person is not entitled to classification as an in-state student until the person is domiciled in this state for one year, except that a person whose domicile is in this state is entitled to classification as an in-state student if the person meets one of the following requirements:
 - a. The person's parent's domicile is in this state and the parent is entitled to claim the person as an exemption for state and federal tax purposes.
 - b. The person is an employee of an employer that transferred the person to this state for employment purposes or the person is the spouse of such an employee.
 - c. The person is an employee of a school district in this state and is under contract to teach on a full-time basis, or is employed as a full-time noncertified classroom aide at a school within that school district. For purposes of this paragraph, the person is eligible for classification as an in-state student only for courses necessary to complete the requirements for certification by the state board of education to teach in a school district in this state. No member of the person's family is eligible for classification as an in-state student if the person is eligible for classification as an in-state student pursuant to this paragraph, unless the family member is otherwise eligible for classification as an in-state student pursuant to this section.
 - d. The person's spouse has established domicile in this state for at least one year and has demonstrated intent and financial independence and is entitled to claim the student as an exemption for state and federal tax purposes or the person's spouse was temporarily out of state for educational purposes, but maintained a domicile in this state. If the person is a noncitizen, the person must be in an eligible visa status pursuant to federal law to classify as an in-state student for tuition purposes.
3. The domicile of an unemancipated person is that of the person's parent.
4. Any unemancipated person who remains in this state when the person's parent, who had been domiciled in this state, removes from this state is entitled to classification as an in-state student until attainment of the degree for which currently enrolled, as long as the person maintains continuous attendance.
5. A person who is a member of the armed forces of the United States and who is stationed in this state pursuant to military orders or who is the spouse or a dependent child as defined in section 43-1001 of a person who is a member of the armed forces of the United States and who is stationed in this state pursuant to military orders is entitled to classification as an in-state student. A spouse or a dependent child does not lose in-state classification under this subsection if the spouse or dependent child qualifies for in-state tuition classification at the time the spouse or dependent child is accepted for admission to a community college under the jurisdiction of a community college district governing board or a university under the jurisdiction of the Arizona Board of Regents. The student, while in continuous attendance toward the degree for which currently enrolled, does not lose in-state student classification.
6. A person who is a member of the armed forces of the United States or the spouse or a dependent as defined in section 43-1001 of a member of the armed forces of the United States is entitled to classification as an in-state student if the member of the armed

forces has claimed this state as the person's state of legal residence for at least twelve consecutive months before the member of the armed forces, spouse or dependent enrolls in a university under the jurisdiction of the Arizona Board of Regents or a community college under the jurisdiction of a community college district governing board. For purposes of this subsection, the requirement that a person be domiciled in this state for one year before enrollment to qualify for in-state student classification does not apply.

7. A person who is honorably discharged from the armed forces of the United States shall be granted immediate classification as an in-state student on honorable discharge from the armed forces and, while in continuous attendance toward the degree for which currently enrolled, does not lose in-state student classification if the person has met all of the following requirements:
 - a. Declared Arizona as the person's legal residence with the person's branch of service at least one year prior to discharge from the armed forces.
 - b. Demonstrated objective evidence of intent to be a resident of Arizona which, for the purposes of this section, includes at least one of the following:
 - An Arizona driver license
 - Arizona motor vehicle registration
 - Employment history in Arizona
 - Arizona voter registration
 - Transfer of major banking services to Arizona
 - Change of permanent address on all pertinent records.
 - Other materials of whatever kind or source relevant to domicile or residency status
 - c. Filed an Arizona income tax return with the department of revenue during the previous tax year.
8. A person who is a member of an Indian tribe recognized by the United States department of the interior whose reservation land lies in this state and extends into another state and who is a resident of the reservation is entitled to classification as an in-state student.

PRESUMPTIONS RELATING TO STUDENT STATUS

Unless the contrary appears to the satisfaction of the Registrar, it shall be presumed that:

- No emancipated person has established a domicile in this state while attending any educational institution in this state as a full-time student, as such status is defined by the State Board of Directors for Community Colleges or the Arizona Board of Regents, in the absence of a clear demonstration to the contrary.
- Once established, a domicile is not lost by mere absence unaccompanied by intention to establish a new domicile.
- A person who has been domiciled in this state immediately prior to becoming a member of the armed forces of the United States shall not lose in-state status by reason of such person's presence in any other state or country while a member of the armed forces of the United States.

EVIDENCE OF DOMICILE

1. An affidavit signed by the student must be filed with the person responsible for verifying domicile (the Residency Clerk in our Records and Registration Office).
2. Any of the following may be used in determining a student's domicile in Arizona:
 - Income tax return
 - Voter registration
 - Automobile registration
 - Driver's license
 - Place of graduation from high school
 - Source of financial support
 - Dependency as indicated on Federal income tax return
 - Ownership of real property
 - Notarized statement of landlord or employer
 - Bank accounts
 - Other relevant information

ALIEN IN-STATE STUDENT STATUS

An alien is entitled to classification as an in-state refugee student if such person has been granted refugee status in accordance with all applicable laws of the United States and has met all other requirements for domicile.

EVIDENCE OF COUNTY RESIDENCY

Arizona residents from counties in which there is no established community college district (Apache, Greenlee, and Santa Cruz) may enroll in credit classes at Eastern Arizona College without payment of out-of-county charges, provided the student completes a properly executed Arizona Out-of-County Residence Affidavit at the time of registration. General tuition and fees are still payable. If you are registering for an EAC Course offered in your home county, a residence affidavit is not necessary.

An affidavit, signed by the student, must be filed with the person responsible for verifying domicile (the Residency Clerk in our Records and Registration Office) to prove continuous residency in a county for fifty (50) days.

Any of the following may be used to determine a student's county residency:

- Notarized statement of landlord or employer
- County voter registration
- Source of financial support
- Place of graduation from high school
- Ownership of real property
- Bank account
- Other relevant information

security and safety

THE PERSONAL SAFETY AND WELL-BEING of the students, faculty and staff at Eastern Arizona College are always an important concern of ours. You are encouraged to be responsible for your own security and the security of others.

Many people are involved in keeping the campus safe and secure. A truly safe campus, however, can only be achieved through the cooperation of all students, faculty and staff.

Anyone at any campus location who becomes aware of a crime (or is the victim of a crime) or any emergency should make an accurate and prompt report of the occurrence.

Medical or Police Emergency	911
Campus Police	(928) 428-8240

RESPONSIBILITY FOR SAFETY

Thatcher Campus Police and student security personnel are available from 8 a.m. to 2 a.m. The Campus Police Building is located at 620 North College Avenue, Thatcher, Arizona and their number is (928) 428-8240 or 1-800-337-7407 (Pager).

Campus Police officers are certified by the Arizona Law Enforcement Officers Advisory Council and have full law enforcement authority anywhere in the state. EAC's Campus Police are responsible for a full range of public safety services including all crime reports, investigations, medical and fire emergencies and traffic accidents. They are also responsible for the enforcement of laws regulating drinking, the use of controlled substances, weapons, and all other incidents requiring police assistance. Campus police monitor criminal activity of students in off campus locations of student organizations recognized by the College.

RESPONSIBILITY FOR KEEPING CAMPUS BUILDINGS AND GROUNDS SAFE

Eastern's Physical Resources (Maintenance) Department maintains the College buildings and grounds with a careful eye for safety and security. Physical Resources staff regularly inspects campus facilities and promptly makes repairs affecting safety and security. They respond to reports of potential safety and security hazards such as broken windows and locks.

Students and College staff members are encouraged to call the Physical Resources Department at (928) 428-8300 to report any actual or potential safety or security hazards. Individuals residing on campus are urged to keep their doors locked.

College classroom facilities are to remain locked when not in use. Individuals needing to use College facilities should submit a Facility Request form through the Student Life Office to obtain permission to use a particular room or College facility.

CHANGES IN SAFETY AND SECURITY PROCEDURES

Updated printed materials explaining changes in safety and security procedures (including timely reports regarding the occurrence of campus crimes) will be prepared and distributed to all students and employees.

Students in residence halls are further instructed in areas of crime prevention through meetings in which printed and video materials are reviewed and discussed. Future new students will be given the most current information.

In addition, EAC will release the latest crime statistics for the most recent year in our General Catalog and will provide full distribution to students and employees.

ILLEGAL DRUGS OR ALCOHOL NOT PERMITTED ON CAMPUS

Eastern Arizona College seeks to encourage and sustain an academic environment that both respects individual freedom and promotes the health, safety and welfare of all members of its community.

In keeping with these objectives, the College has established a policy and set up guidelines governing the possession and/or consumption of alcoholic beverages and illegal substances.

Alcohol is not permitted anywhere on the College campus at any time. Likewise, the College does not permit the use of marijuana, LSD, cocaine or any other illegal drug on the College campus. Individuals possessing, using or distributing such drugs are subject to disciplinary action (such as formal reprimands, community service, referral to counseling, suspension and expulsion) and possible arrest, imprisonment or fine, according to Arizona state law.

WHO CAN HELP IF I OR A FRIEND HAVE A PROBLEM WITH SUBSTANCE ABUSE?

Eastern's Counseling Department provides professional and confidential counseling and referrals to help students with substance abuse problems.

The Counseling Department is located in the Student Services Building at 615 North Stadium Avenue, Thatcher, Arizona or may be contacted by calling (928) 428-8253.

All students and employees will receive a copy of regulations 4710.1 and 5800.1 regarding the Drug Free Schools and Communities Act.

PERSONAL SAFETY AND PROTECTION AGAINST SEXUAL ASSAULT OR VIOLENT CRIME

Eastern Arizona College considers the personal physical safety of students, employees and visitors an essential element in the maintenance of a learning environment. Every member of the College community should be aware that the College is strongly opposed to sexual assault, violence and other threatening or endangering behavior. Such behavior is prohibited by law as well as the Student Code of Conduct.

DISSEMINATION OF INFORMATION CONCERNING SEXUAL ASSAULT AND VIOLENT CRIME

The College will annually provide information concerning sexual assault and violent crime including at least the following:

- The definition of sexual assault and violent crime
- A statement of the College's policy prohibiting sexual assault and violent crime
- The most accurate data available about the reported incidence of sexual assault and violent crime occurring on campus property
- Precautions which students should take to avoid becoming victims of sexual assault and violent crime
- Procedures for reporting sexual assault and violent crime
- Services which are available to both complainants and those accused of sexual assault and violent crime
- Statements of the rights of sexual assault and violent crime complainants and those accused of such actions in the College judicial process

DEFINITIONS

For the purpose of this policy, sexual assault is any sexual behavior between two or more people to which one person does not or cannot consent. The abuse of alcohol or other substances does not relieve individuals of their responsibilities to themselves or others.

Violent crime is one or more persons intentionally inflicting bodily harm on another person or persons.

REPORTING

The guiding principle in the report of a sexual assault or violent crime is to avoid re-victimizing the survivor by forcing the person into any plan of action. Assistance with the wellbeing of the survivor is the primary goal. Victims may contact any one of several College departments or community agencies for assistance. The following resources provide immediate aid or ongoing consultation:

In the event of a medical emergency, medical response personnel will be contacted. In the case of a sexual assault, emergency medical personnel are required to report the assault to the local law enforcement agency. However, the assault survivor who does not wish to see the police will be encouraged to seek a medical exam to treat physical problems and address the potential for injury, venereal disease, HIV, or pregnancy. The Rape Crisis Hotline can assist with these arrangements whether or not the survivor chooses to report the incident.

It is recognized that a sexual assault survivor may be undecided in reporting the assault to the police. A report to the police can empower the survivor in exercising legal rights and aid in the protection of others. If a report is to be made to the police, the survivor will be encouraged not to destroy evidence by cleaning up their person, clothing or bedding in any way. If the sexual assault survivor is undecided in reporting, the survivor will be encouraged to preserve evidence anyway in case it is decided to file a police report at a later date.

If the survivor has decided not to report the assault, the report recipient will maintain confidentiality. Other alternatives include:

- Make an anonymous report to police
- Make a report at a later date with the understanding that a report made after 72 hours may limit prosecution efforts.

Sexual assault survivors may seek counseling at any time from College counseling services or the Rape Crisis Hotline.

INTERVENTION

It is the intention of the College to take whatever action may be needed to prevent, correct, and if necessary, discipline acts of sexual assault or violence. Possible sanctions for students resulting from the College's judicial process range from formal reprimands, community service, referral to counseling, suspension and expulsion. Possible sanctions for employees range from reprimands, referral to counseling, to termination of employment. Possible sanctions for visitors range from reprimands to being barred from College property and activities. Both the accuser and the accused of sexual assault shall be informed of the outcome of the campus disciplinary process.

JUDICIAL PROCESS

A charge of sexual assault against a College student will be handled under the same procedure as bringing a Complaint of Sexual Harassment by the Provost/Chief Academic and Student Officer of the Thatcher Campus or Dean/Chief Officer for Greenlee County Eastern Arizona College site. When a complainant of sexual assault gives information to the Officer that a sexual assault has taken place and accuses a College student of the offense, the Officer will have the discretion to suspend the accused student pending a hearing. When any necessary investigation is complete, the Officer will formally notify the accused student of the charges and will set a hearing date within five (5) class days.

RIGHTS OF THE SEXUAL ASSAULT COMPLAINANTS AND ACCUSED

- A. The complainant and accused will have the right to be accompanied throughout the judicial process by an individual of their choice.
- B. The sexual reputation of the complainant and accused will neither be used as evidence nor discussed in the judicial procedure.
- C. The accused will have all the rights of due process, which are normally accorded to those under the College judicial process.
- D. The victim will be notified in writing of any sanction imposed.
- E. The victim will be notified of any appeals filed by the assailant and subsequent results.

SEXUAL HARASSMENT

Any employee or applicant for employment or student who believes that he or she has been discriminated against on the basis of sex, or has been sexually harassed, should report the matter to any Dean (Assistant, Associate, etc.), the Provost, or Executive Vice President of the College.

The College President or personnel designated by the College President shall investigate complaints of sexual harassment. Any College administrator who receives a report of alleged sexual harassment must report the allegations to the College President as soon as reasonably possible.

SOCIAL SECURITY NUMBER USE

EAC does not use the social security number of faculty, staff and students as that individual's EAC Identification Number. Faculty, staff and students are assigned a random EAC identification number at their first enrollment or employment with EAC. Students are requested, but not required, to provide their social security number to facilitate awarding of financial aid, for learning or tuition credits for income tax purposes, and for supplementary identification purposes when necessary. Neither the social security number nor the EAC identification number are shared to third parties without the written consent of the student.

VETERANS INFORMATION

Every Veteran claiming Veteran's Educational Benefits is responsible for notifying the Veteran's representative at Eastern Arizona College of any change in his/her schedule which causes an increase or decrease in credit hour load as soon as the change occurs. For questions, please contact the Veteran's Representative in the Records and Registration Office on the Thatcher Campus of Eastern Arizona College or phone (928) 428-8273, or 1-800-678-3808, Ext. 8273.

VOTER REGISTRATION FORMS

Mail in voter registration forms for Graham and Greenlee Counties are available for all enrolled students and the public. Forms can be obtained at the Records and Registration Office and the Alumni Library on the Thatcher Campus. Voter registration forms may also be requested from the following:

Arizona Residents: Call toll free 1-877-THE VOTE (1-877-843-8683) or Access the Vote Arizona web page at www.azsos.gov for election information, voter information, and registration form.
